The Future Of Faith Harvey Cox:

The Future of Faith Harvey Cox, 2010-10-05 The Rise and Fall of Belief and the Coming Age of the Spirit There is an essential change taking place in what it means to be religious today As religious people shift their focus to ethical guidelines and spiritual disciplines not doctrine we are seeing a universal trend away from hierarchical regional patriarchal and institutional religion Now legendary Harvard scholar Harvey Cox offers a new interpretation of the history and future of religion revealing how doctrines and dogma are giving way to new grassroots movements based in community social justice and spiritual experience The Future of Faith is a major statement and a hopeful vision from one of the most revered theologians today The Spirit of the Age J. V. Fesko, 2017-10-16 In 1903 the Presbyterian Church in the United States of America revised the Westminster Confession of Faith because they thought it was deficient regarding the Holy Spirit In The Spirit of the Age J V Fesko explores the differences between the pre Enlightenment theology that formed the original Westminster Confession and the post Enlightenment theology that called for its revision This study reveals that the pneumatology of the original Westminster Confession is marked by catholicity whereas the revisions of 1903 represent a doctrine of the Holy Spirit that departed from the common Christianity of the ages It also reveals that some of the underlying issues linked to the 1903 revisions are still alive today even among Presbyterian fellowships that refused to adopt the twentieth century revisions to the Westminster Confession

How to Read the Bible Harvey Gallagher Cox, 2015-04-14 For many people the Bible lies at the heart of their faith an ageless source of inspiration and guidance On the other side of the spectrum trained biblical scholars study the Bible using a variety of modern historical and literary approaches But there is a wide gap between these two groups of readers a gap that brings negative consequences for both Without an awareness of historical context ordinary readers easily slip into a literal interpretation while scholars sometimes overlook the deeply personal significance the Bible has for people in churches synagogues and Bible study groups In How to Read the Bible renowned Harvard Divinity School professor Harvey Cox shows how these different ways of approaching the Bible can be reconciled to the enrichment of all By discussing a range of biblical books from Genesis to Revelation he demonstrates how the historical analysis of the Bible rather than undercutting its spiritual significance can enhance and deepen it Drawing on some of the commonly used modes of biblical scholarship such as archaeology cultural studies and literary criticism Cox opens up a rich diverse and contemporary version of scripture one that wrestles with issues of feminism war homosexuality and race The result is a Bible that is a timeless but contemporary resource for all A New Heaven Harvey Cox, 2022 A survey of theological cultural and historical perspectives on heaven the afterlife and the kingdom of God From Blind Obedience to a Responsible Faith Donald F. Fausel, 2010-09-07 Author Donald F Fausel was raised in the pre Vatican II Catholic Church when prescribed beliefs were rarely questioned and blind obedience to authority trumped following ones conscience Through a process of developing an informed conscience and learning to think critically his journey led him to a

more responsible faith while remaining in his Catholic tradition This memoir recalls Fausels life experiences his reflections on those events and how they affected his spiritual journey from his birth in 1929 his formative years his life in the seminary and ordination in 1957 his nine years in the active ministry ending with a dispensation from the Vatican in 1972 and his continued journey as a married Catholic Fausel reflects on a range of faith related issues the differences between faith and beliefs abortion and artificial birth control the doctrine of infallibility the danger of relying solely on the magisterium the charism of celibacy and mandatory celibacy the place of women in the church and the ordination of women and the effect of the new cosmology on our image of God Not only does Fausels memoir frame the events that shaped his life but provides reflections to help others in their faith journey *Thinking God* Owen F. Cummings, Andrew C. Cummings, 2011-09-22 The last decade or so has seen many books from what might be called the new atheists One thinks for example of Richard Dawkins or Christopher Hitchens They have captured the interest of the general reading public and have sold well Often however they have loaded the dice against Christian belief in a most unfair fashion Arguments and issues have been summarily dismissed after the most cursory of treatments *Thinking God* written by a philosopher and a theologian father and son invites the reader to a more reflective consideration of the issues around God and the traditional fabric of Christian belief in a fair and openhanded fashion Issues both traditional and more contemporary have been engaged The result is an invitation to think of Christian faith seriously reflectively and critically Faith Speaking Understanding Kevin J. Vanhoozer, 2014-09-19 In this volume highly esteemed scholar Kevin Vanhoozer introduces readers to a way of thinking about Christian theology that takes the work he began in the groundbreaking 2005 book *The Drama of Doctrine* to its next level Vanhoozer argues that theology is not merely a set of cognitive beliefs but is also something we do that involves speech and action alike He uses a theatrical model to explain the ways in which doctrine shapes Christian understanding and forms disciples The church Vanhoozer posits is the preeminent theater where the gospel is performed with doctrine directing this performance Doctrines are not simply truths to be stored shelved and stacked but indications and directions to be followed practiced and enacted In performing doctrine Christians are shaped into active disciples of Jesus Christ He goes on to examine the state of the church in today s world and explores how disciples can do or perform doctrine Written in an accessible and engaging style *Faith Speaking Understanding* sets forth a compelling vision of what the church is and what it should be doing and demonstrates the importance of Christian doctrine for this mission Disciples who want to follow Christ in all situations need doctrinal direction as they walk onto the social stage in the great theater of the world The Christian faith is about acknowledging and participating in the great thing God is doing in our world making all things new in Christ through the Holy Spirit Doctrine ministers understanding of God of the drama of redemption of the church as a company of faithful players and of individual actors all of whom have important roles to play In an age where things fall apart and centers fail to hold doctrine centers us in Jesus Christ in whom all things hold together A New Kind of Christianity Brian D.

McLaren,2024-02-27 Some books provide us with information about the world but every once in a while a book appears that enables us to imagine new more wonderful worlds A New Kind of Christianity is one of these Peter Rollins Ikon A New Kind of Christianity is Brian D McLaren s much anticipated follow up to his breakthrough work of the emergent church movement A New Kind of Christian Named by Time magazine as one of America s top 25 evangelicals McLaren along with such contemporaries as N T Wright Jim Wallis and Rob Bell is one of the acknowledged leaders of a new generation of Christians who want to update their faith for current times while remaining true to the core message of Jesus In this controversial and thought provoking book McLaren explores the questions that will determine the shape of Christianity for the next 500 years

The Future of Faith Ronald Cottle,2021-08-23 In the past 50 years 2009 Christianity has entered into its most momentous transformation since its transition in the 4th century A D from what had begun as a tiny Jewish sect into the religious ideology of the Roman Empire Harvey Cox What does the future hold for faith in a transcendent God What will this mean for Christianity What will this mean for the religions of the world Dr Ron Cottle answers these questions and more in this continuing series of books called Ron Cottle Teaches The Masters Confronting Orientalism Sabrina D. Misir Hiralall,2017-11-13 The author aims to use Kuchipudi Indian classical Hindu dance to educate non Hindus about Hinduism with postcolonialism in mind This goal arises from her dance experiences and the historical era of imperialism Colonization occurs when those in power believe there is a need to dominate in a manner that subjugates people Colonizers created colonies as they moved into territory because they felt there was a need to civilize the so called savages of the land Postcolonialism is an intellectual discourse that confronts the legacy of colonialism and attempts to de colonize With the legacy of colonialism and a postcolonial lens in mind some research questions arise How does she as a Kuchipudi dancer use Hindu dance to educate non Hindus about the Eastern literature of Hinduism For non Hindus she feels the power of the exoticizing gaze when she dances which might very well block the educational intention of the dance This exoticizing gaze prevents the understanding of the traditional nature of the dance and the introduction to Hinduism as a world religion The author s problem is moving the exotic gaze of non Hindus to an educational gaze that seeks to learn about the ethics of Hinduism in a manner that takes into consideration the multiple perspectives of the complex society we live in today In short MisirHiralall s research highlights the role of contemplation and critical self reflection in creating opportunities for true intercultural relations that respect the epistemologies of traditionally marginalized and stigmatized non Western religions and cultures This is essential theoretical and practical research for a multicultural society that is grounded in first person lived experience Tyson E Lewis Ph D Associate Professor of Art Education University of North Texas Most impressive is that MisirHiralall is walking her talk through a thoughtful and lyrical self study that is situated in the in between between the mind and body the gaze of the Other and the self the Eastern and Western worlds and the fields of dance religion philosophy cultural studies and teacher education Monica Taylor Ph D Professor and Deputy Chair of the Department of Secondary and

Special Education Montclair State University In MisirHiralall s Confronting Orientalism the reader is gifted with a rare glimpse into a philosopher educator s wrestling with her teaching through the medium of Hindu dance All who think seriously about the context and impact of their teaching in connection with their core values can benefit from reading of this book Michael D Waggoner Ph D Professor of Postsecondary Education University of Northern Iowa Editor of Religion Education *The Publishers Weekly*,2009 **The Secular City** Harvey Cox,2013-09-08 Since its initial publication in 1965 The Secular City has been hailed as a classic for its nuanced exploration of the relationships among the rise of urban civilization the decline of hierarchical institutional religion and the place of the secular within society Now half a century later this international best seller remains as relevant as when it first appeared The book s arguments that secularity has a positive effect on institutions that the city can be a space where people of all faiths fulfill their potential and that God is present in both the secular and formal religious realms still resonate with readers of all backgrounds For this brand new edition Harvey Cox provides a substantial and updated introduction He reflects on the book s initial stunning success in an age of political and religious upheaval and makes the case for its enduring relevance at a time when the debates that The Secular City helped ignite have caught fire once again Faith and the Future Johann Baptist Metz,Jürgen Moltmann,1995 In complementary ways these authors have emphasized the eschatological character of Christianity in a way that does justice both to the transcendent and this worldly implications of the gospel This book brings their work into a unique dialogue drawing on their respective contributions to the international journal Concilium of which they are both editors Revolution and the Christian Faith Vernon C. Grounds,2007-05-01 In this stirring book Grounds has ably sketched the background against which the theology of revolution has emerged Grounds puts it this way I have sought to let the critics of the Establishment Christian and secular alike present in their own words the case for revolutionary change I have also sought to let the revolutionary theologians set forth their interpretation of Christianity in detail Quite literally I have allowed them to speak for themselves I have sought further to let Christian scholars who dissent from this new theology engage its proponents in debate Very heavily I have drawn upon the work of Jacques Ellul the towering French sociologist who is rapidly gaining in the United States the attention and respect which his rare fusion of professional distinction intellectual power and biblical commitment deserves I shall feel amply regarded if through these pages he wins a wider readership among American evangelicals An additional purpose has been to confront my own ecclesiastical tradition that of Protestant orthodoxy with the inexpressibly pressing need of permitting the anguish of our world to drive theological conservatism back to a New Testament discipleship which is nothing less than revolutionary *Newsweek* Raymond Moley,Samuel Thurston Williamson,Malcolm Muir,Rex Smith,Joseph Becker Phillips,2009 *The Future of Hope* Jürgen Moltmann,1970 **The Future Church** John L. Allen, Jr.,2012-01-24 One of the world s foremost religion journalists offers an unexpected and provocative look at where the Catholic Church is headed and what the changes will mean for all of us What will the Catholic

Church be like in 100 years Will there be a woman pope Will dioceses throughout the United States and the rest of the world go bankrupt from years of scandal In *THE FUTURE CHURCH* John L Allen puts forth the ten trends he believes will transform the Church into the twenty second century From the influence of Catholics in Africa Asia and Latin America on doctrine and practices to the impact of multinational organizations on local and ethical standards Allen delves into the impact of globalization on the Roman Catholic Church and argues that it must rethink fundamental issues policies and ways of doing business Allen shows that over the next century the Church will have to respond to changes within the institution itself and in the world as a whole whether it is contending with biotechnical advances including cloning and genetic enhancement the aging Catholic population or expanding the roles of the laity Like Thomas Friedman s *The World Is Flat* *THE FUTURE CHURCH* establishes a new framework for meeting the challenges of a changing world **First Things** ,2003 *The Once & Future Faith* Karen Armstrong,2001 Scientific knowledge has stripped Christianity of the mythical matrix in which the creeds were conceived The historical study of the Bible and the quest of the historical Jesus have raised the future of the faith to crisis level At its *Once Future Faith* conference in March 2001 four world class thinkers Don Cupitt Karen Armstrong John Shelby Spong and Lloyd Geering joined Robert Funk and the Fellows of the Jesus Seminar to sort through the issues and attempt to form an agenda for the reinvention of Christianity Their suggestions on questions such as life after death the meaning of God apocalypticism and the significance of Jesus death fill the pages of this book BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Christianity and Crisis* Reinhold Niebuhr,1983 A bi weekly journal of Christian opinion
