Plots and Plotters Aa. Vv., 2016-06-10T00:00:00+02:00 The aim of this collection of essays is to explore negative characters in the espionage narratives of some of the most esteemed English writers such as Conrad Maugham Ambler Greene Fleming McEwan among others The role of women is analysed in particular with the figure of Mata Hari so as to provide a gender perspective on women as villains and or double agents The relationship between literature and film studies is also considered in a comparative approach

The New Oxford Book of Literary Anecdotes John Gross, 2006-05-11 An unrivalled collection of literary gossip and intimate sidelights on the lives of the authors The dictionary defines an anecdote as a short account of an entertaining or interesting incident and the anecdotes in this collection more than live up to that description Many of them are funny often explosively so Others are touching outrageous sinister inspiring or downright weird They show writers in the English speaking world from Chaucer to the present acting both unpredictably and deeply in character The range is wide this is a book which finds room for Milton and Margaret Atwood George Eliot and P G Wodehouse Chinua Achebe and Ian Fleming Brendan Behan and Wittgenstein It is also a book in which you can find out which great historian's face was once mistaken for a baby's bottom which film star left a haunting account of Virginia Woolf not long before her death and what Agatha Christie really thought of Hercule Poirot a book not just for lovers of literature but for anyone with a taste for the curiosities of human nature

Lord Gnome's Literary Companion Francis Wheen, 1994 His review has got to be in by mid day tomorrow at about 9 pm his mind will grow relatively clear and until the small hours he will sit skipping expertly through one book after another and laying each one down with the comment God what tripe Then suddenly he will snap into it All the stale old phrases a book that no one should miss something memorable on every page jump into their places like iron filings obeying the magnet Thus did George Orwell writing forty years ago in *Confessions of a Book Reviewer* describe the labours of a typical literary hack Precious little has changed over the intervening decades the servility of the satirical magazine *Private Eye* Lord Gnome's *Literary Companion* assembles in

(Re)Visions of History in Language and Fiction Dorota Guttfield, Monika Linke, Agnieszka Sowińska, 2013-02-21 In imagining history one must inevitably rely on its textual representations whether fictitious or supposedly objective yet always subject to the constraints and conventions of textuality Still it is precisely by exploiting and consciously relying on the textual in the presentation of the past that contemporary authors including politicians and makers of history strive to provide it with current significance emotional impact and universal meaning The study of such attempts benefits from a variety of perspectives encompassing not only classical but also popular texts and media An interdisciplinary collection of papers devoted to the issues of retelling rewriting and representation of the past in fiction and various text types this volume juxtaposes modern and post modern understanding of collective versus personal history The contributors are scholars specializing in literary studies e g postcolonialism and popular fiction linguistics e g critical discourse analysis and cultural studies e g media studies bringing a wide spectrum of theoretical insights into the field The collection opens with papers on the general changes in viewing history that have occurred since the 19th century Further papers discuss postcolonial feminist and gender related perspectives on history reflected in postmodern fiction revealing the power struggle around the depiction of the past The next part of the volume is devoted to the presentation of historical breakthroughs in political and media discourse Finally the collection draws attention to some unorthodox visions of history involving alternative worlds and fantastic elements encountered in the genre of speculative fiction
