,2020-09-07 This volume explores the many paradoxes of neo Victorian biofiction a genre that yokes together the real and the imaginary biography and fiction and generates oxymoronic combinations like creative facts fictional truth or poetic truthfulness Contemporary biofictions recreating nineteenth century lives demonstrate the crucial but always ethically ambiguous revision and supplementation of the historical archive Due to the tension between ethical empathy and consumerist voyeurism between traumatic testimony and exploitative expos the epistemological response is per force one of hermeneutic suspicion and iconoclasm In the final account this volume highlights neo Victorianism s deconstruction of master narratives and the consequent democratic rehabilitation of over looked microhistories Far from the Madding Crowd Thomas Hardy,1992 Far from the Madding Crowd is perhaps the most pastoral of Hardy s Wessex novels It tells the

story of the young farmer Gabriel Oak and his love for and pursuit of the elusive Bathsheba Everdene whose wayward nature leads her to both tragedy and true love It tells of the dashing Sergeant Troy whose rakish philosophy of life was the past was yesterday never the day after And lastly of the introverted and reclusive gentleman farmer Mr Boldwood whose love fills him with a fearful sense of exposure when he first sets eyes on Bathsheba      **Ghost Stories** Rosemary Border, 1989 Oxford
