The Legacy of Américo Paredes José R. López Morín, 2006-08-03 Américo Paredes (1915-99) is one of the seminal figures in Mexican American studies. With this first book-length biography of Paredes, author José R. López Morín offers fresh insight into the life and work of this influential scholar as well as the close relationship between his experience and his thought. Morín shows how Mexican literary traditions, particularly the performance contexts of oral literature, shaped Paredes's understanding of his people and his critique of Anglo scholars' portrayal of Mexican American history, character and cultural expressions. Although he surveys all of Paredes's work, Morín focuses most heavily on his masterpiece *With a Pistol in His Hand*. It is in this book that Morín sees Paredes's innovative interdisciplinary approach most effectively expressed. Dealing as he did with a people at the intersection of cultures, Paredes considered the intersection of disciplines a necessary locus for clear understanding. Morín traces the evolution of Paredes's thought and his battles to create a legitimate home for his approach at the University of Texas. A voice for Chicano consciousness in the late 1960s and thereafter, Paredes championed Mexican American studies and encouraged a generation of scholars to consider this culture a legitimate topic for research. Urging the application of context to the understanding of oral texts, he challenged then-current methods of folklore and anthropological study in general. Paredes's name will continue to resonate in Mexican American studies, American folklore and anthropology, and his work will continue to be studied.

Américo Paredes, *Folklorist of the Border*, makes a strong case for the lasting importance of Paredes's work, especially for a new generation of scholars.

Writing from the Borderlands Carmen Caliz-Montoro, 2000 This work looks at three borderlands literary responses: those of the Chicanos at the border between the southern United States and Mexico; the African Caribbean minority in Canada; and the Native North Americans. Carmen Caliz-Montoro shows how in these diverse yet similar cases, mythology and symbolism get transformed and recreated to respond to the burdens of history to produce new works of art.

The Tradition of Magical Realism and the Achievement of Four Major Latin American Writers Raphael Compton, 2008 Offers insights into the Latin American literary tradition by analyzing the diverse views of eminent and lesser-known writers. This study uses critical theory, psychoanalysis, phenomenology, Bakhtin, Marx, postmodernism and post-structuralism that enables scholars to link the study of world literature and contemporary trends in literary theory.

Understanding Octavio Paz Jose Quiroga, 1999 In this comprehensive examination of the work of Octavio Paz, winner of the 1990 Nobel Prize for Literature and Mexico's important literary and cultural figure, Jose Quiroga presents an analysis of Paz's writings in light of works by and about him. Combining broad erudition with scholarly attention to detail, Quiroga views Paz's work as an open narrative that explores the

relationships between the poet his readers and his time **A Luis Leal Reader** Luis Leal, 2007-09-11 Since his first publication in 1942 Luis Leal has likely done more than any other writer or scholar to foster a critical appreciation of Mexican Chicano and Latin American literature and culture This volume bringing together a representative selection of Leal s writings from the past sixty years is at once a wide ranging introduction to the most influential scholar of Latino literature and a critical history of the field as it emerged and developed through the twentieth century Instrumental in establishing Mexican literary studies in the United States Leal s writings on the topic are especially instructive ranging from essays on the significance of symbolism culture and history in early Chicano literature to studies of the more recent use of magical realism and of individual New Mexican Tejano and Mexican authors such as Juan Rulfo Carlos Fuentes Jos Montoya and Mariano Azuela Clearly and cogently written these writings bring to bear an encyclopedic knowledge a deep understanding of history and politics and an unparalleled command of the aesthetics of storytelling from folklore to theory This collection affords readers the opportunity to consider or reconsider Latino literature under the deft guidance of its greatest reader

Mexico City, Heart of the Eagle George F. Wright, 2004 A Selective Bibliography of Works on Chicano and Latin American Themes João Barretto, 1990 **The Early-modern World-system in Geographical Perspective** Hans-Jürgen Nitz, 1993 **The Publishers' Trade List Annual** , 1986 **The Nation** , 1992
