

A NOTE ON THE TEXT

In 1972 Hellman published a volume entitled *The Collected Plays*, which included a "Publisher's Note" stating: "For this edition Miss Hellman has made numerous small revisions and emendations in each of the plays; the text as given here are henceforth to be regarded as definitive." The text that follows is, accordingly, the 1972 version.

Although *The Little Foxes* underwent less revision than many of the other works in *The Collected Plays*, and many changes simply involve the alteration or deletion of stage directions, there are some modifications worth mentioning. As Cynthia Bailey Dealum observes in her dissertation on Hellman's revisions in *The Collected Plays*, most of the changes involve Alexandra and Addie. Hellman's main aim seems to have been to make Zan appear more mature and independent. To this end she cut some of Addie's dialogue that directly refers to her taking care of Zan, removed Addie from the certain parts of Act II, and slightly modified the final moments of the play, in which Addie had originally moved to the young woman's side. While these changes diminish Addie's role somewhat, they also tone down Addie's maternal devotion to her young White employee. The primary result of the revisions, as Dealum notes, is to strengthen Zan's role.

ACT ONE

SCENE: The living room of the Giddens home, in a small town in the deep South, the spring of 1900. Upstage is a staircase leading to the second story. Upstage, right, are double doors to the dining room. When these doors are open we see a portion of the dining room and the furniture. Upstage, left, is an entrance hall with a coatrack and umbrella stand. There are large lace-curtained windows on the left wall. The room is lit by a center gas chandelier and painted china oil lamps on the table. Against the wall is a large piano. Downstage, right, are a high couch, a large table, several chairs. Against the left back wall are a table and several chairs. Near the window there are a smaller couch and table. The room is good-looking, the furniture expensive, but it reflects no particular taste. Everything is of the best and that is all.

(The dining-room doors are opened and quickly closed by OSCAR HUBBARD. He is a man in his late forties.)

As the ADDIE, a tall, nice-looking Negro woman of about fifty-five, is closing the window. From behind the closed dining-room doors there is the sound of voices. After a moment, CAL, a middle-aged Negro, comes in from the entrance hall carrying a tray with glasses and a bottle of port. ADDIE crosses, takes the tray from him, puts it on a table, begins to arrange it.

ADDIE: (Pointing to the bottle) You gone stark out of your head?

CAL: No, smart lady, I ain't. Miss Regina told me to get out that bottle. (Points to bottle) That very bottle for that mighty honored guest. When Miss Regina changes orders like that you run her word down the way her master.

ADDIE: You look pretty this evening, Miss Birdie, and young.

BERNIE: (Laughing) No, young? (Turns back to CAL.) Maybe you better find Simon and tell him to do it himself. He's to look in my desk, the left drawer, and bring my music album right away. Mr. Marshall is very anxious to see it because of his father and the opera in Chicago. (To ADDIE) Mr. Marshall is such a polite man with his manners and very educated and cultured and I've told him all about how my mama and papa used to go to Europe for the music—(Laughs) Imagine going all the way to Europe just to listen to music. Wouldn't that be nice, Addie? Just to sit there and listen and—(Turns) Left drawer, Cal. Tell him that twice because he forgets. And tell him not to let any of the things drop out of the album and to bring it right in here when he comes back.

Moral Panics and the Copyright Wars William Patry, 2009-09-03. Metaphors: moral panics, folk devils. Jack Valenti, Joseph Schumpeter, John Maynard Keynes: predictable irrationality and free market fundamentalism are a few of the topics covered in this lively, unflinching examination of the Copyright Wars, the pitched battles over new technology, business models, and most of all, consumers. In *Moral Panics and the Copyright Wars*, William Patry lays bare how we got to where we are: a bloated punitive legal regime that has strayed far from its modest but important roots. Patry demonstrates how copyright is a utilitarian government program, not a property or moral right. As a government program, copyright must be regulated and held accountable to ensure it is serving its public purpose. Just as Wall Street must serve Main Street, neither can copyright be left to a Reaganite magic of the market. The way we have come to talk about copyright, metaphoric language demonizing everyone involved, has led to bad business and bad policy decisions. Unless we recognize that the debates over copyright are debates over business models, we will never be able to make the correct business and policy decisions. A centrist and believer in appropriately balanced copyright laws, Patry concludes that calls for strong copyright laws just like calls for weak copyright laws miss the point entirely: the only laws we need are effective laws, laws that further the purpose of encouraging the creation of new works and learning. Our current regime unfortunately creates too many bad incentives, leading to bad conduct. Just as President Obama has called for retooling and reimagining the auto industry, Patry calls for a remaking of our copyright laws so that they may once again be respected.
