work is now the reigning business paradigm and affects even the world of higher education But what perspective can the knowledge of the humanities and arts contribute to a world of knowledge work whose primary mission is business And what is the role of information technology as both the servant of the knowledge economy and the medium of a new technological cool In *The Laws of Cool* Alan Liu reflects on these questions as he considers the emergence of new information technologies and their profound influence on the forms and practices of knowledge

Sport Marketing Bernard James Mullin, Stephen Hardy, William Anthony Sutton, 2007 This student text provides a foundation of theory and principles for those seeking sports management position It provides an overview of the reasons and foundations for sport marketing as well as theoretical and research issues and why market segmentation is important

Cool Capitalism Jim McGuigan, 2009-10-09 Thomas Frank coined the term the conquest of cool This book shows how this conquest is at the heart of the dynamics of contemporary capitalism Jim McGuigan argues that cool capitalism incorporates disaffection into capitalism itself absorbing rebellion and neutralising opposition to the present system of culture and society The book explores a huge variety of cultural examples from the sleek images of mainstream advertising to the fringes of artistic production offering a vigorous critique of our understanding of subversion resistance and counter culturalism Is there still any space left for rebellion against the seductive power of the free market economy

The New Yorker Harold Wallace Ross, Katharine Sergeant Angell White, 2000
