The Difference Between God And Larry Ellison Inside Oracle Corporation:

Difference Between God And Larry Ellison*, The *god Doesn't Think He's Larry E Mike Wilson,1998-11-04 A recent Forbes listed Ellison as the fifth richest man in the world and the second richest active player behind Gates in the technology world Oracle Corporation of which he is founder and CEO is the fastest growing software database company in the world and the darling of technology investors If you withdraw cash from an ATM make an airline reservation hook up your TV to the Internet then you re using Oracle All of this makes Ellison the man investors techies and people in the know want to know more about The ultimate self made man Ellison began Oracle with a 1 200 investment and doubled its sales in eleven of its first twelve years But he s a ruthless businessman who has used misdirection and half truths to create one of the great high tech success stories He is also a daredevil sportsman with a 78 foot yacht a number of fast jets and beautiful women on his arm If Gates is the nerd King of the Valley Ellison is its Warren Beatty Mike Wilson has interviewed more than a hundred of Ellison s friends and enemies as well as Ellison himself to create an entertaining and provocative portrait of this enigmatic and visionary businessman **The Difference Between God and Larry Ellison** Mike Wilson,1997

Nouveaux Riches (Les) Marc Abélès,2002-02 Silicon Valley temple des nouvelles technologies berceau d entreprises mythiques comme Hewlett Packard Intel ou encore Yahoo symbole du capital risque de l argent facile Surprise de tous jeunes millionnaires cr ent des fondations financent l action sociale et s adonnent au b n volat Dans la jungle du business loin des univers qui lui sont familiers l ethnologue retrouve l esprit du don mis au service d un capitalisme toujours en qu te de profit et de rentabilit O l on d couvre les voies inattendues que prend la charit au pays de la libre entreprise Directeur du Laboratoire d anthropologie des institutions et des organisations sociales du CNRS Marc Ab l s est notamment l auteur d Un ethnologue l Assembl e **Narcissism in the Workplace** Andrew J. DuBrin,2012-01-01 Possessing a positive self attitude being self confident and having high self esteem are worthwhile attributes in both work and personal life some take these positive attributes to the extreme and become self absorbed self adoring self centered and show little empathy for the problems and concerns of others In brief they are narcissists and they can be especially problematic in business settings This book presents information about narcissism in the workplace that is based both on empirical research and on opinion derived from systematic observation The author uses case studies and real life examples to shed new light on workplace narcissism The author describes both the positive and negative features of narcissism and presents strategies and tactics for dealing constructively with narcissistic traits and behaviors in oneself and in others Self tests and questionnaires found throughout the volume enable readers to reflect on their standing on a variety of behaviors and attitudes associated with narcissism Each chapter includes a section labeled Guidelines for Application and Practice that provides practical advice for applying the research and theories presented within Further each chapter concludes with a case history of narcissism accompanied by a brief analysis of the narcissistic aspects of the case s subject Narcissism in the Workplace serves as a manual for

capitalizing on the positive aspects of narcissism and minimizing its potential negative effects Intended for human resource professionals researchers and students and scholars of organizational behavior organizational psychology human relations and leadership this book will also appeal to a broad range of serious minded readers who wish to learn more about combat the difficulties of or employ the benefits of narcissism *The Capstone Encyclopaedia of Business* Capstone,2013-10-22 The business world has changed beyond all recognition in recent years New skills insights tools technologies and best practice have emerged The Capstone Encyclopaedia of Business brings all of this progress together distilling the facts and essential information into one single volume It represents the most up to date authoritative and accessible guide to the modern business world available providing a gateway to the state of the art in marketing finance strategy leadership people management and beyond The Capstone Encyclopaedia of Business is organized alphabetically into over 1 000 entries covering the whole spectrum of business and management including business terms concepts thinkers practitioners organizations brands companies Each entry provides a sharp incisive overview of the subject and crucially points to how the ideas can be put into practice The Capstone Encyclopaedia of Business makes sense of the new world of business embracing the best of the new and the most robust of the old The first one volume accessibly priced reference book for business in years Kicks off this exciting new series and will anchor Capstone as the one stop shop for busy professionals Key title in large promotion including web site and extract mailings Internationally recognized editorial board Annual updates will occur making this a classic key title to keep on the shelves *Mindful Leadership: Emotional Intelligence Collection (4 Books)* Harvard Business Review,Daniel Goleman,Richard E. Boyatzis,Annie McKee,Fran Johnston,2015-10-13 This digital collection curated by Harvard Business Review offers four books on the topic of emotional intelligence found by bestselling author Daniel Goleman to be twice as important as other competencies in determining outstanding leadership In *Primal Leadership* With a New Preface by the Authors the authors show that great leaders excel not just through skill and smarts but by connecting with others using emotional intelligence competencies like empathy and self awareness The best leaders are resonant leaders individuals who manage their own and others emotions in ways that drive success In *Resonant Leadership* Richard Boyatzis and Annie McKee provide an indispensable guide to overcoming the vicious cycle of stress sacrifice and dissonance that afflicts many leaders and offer a field tested framework for creating the resonance that fuels great leadership And in *Becoming a Resonant Leader* Annie McKee Richard Boyatzis and Frances Johnston share vivid real life stories illuminating how people can develop emotional intelligence build resonance and renew themselves Finally HBR s 10 Must Read on Emotional Intelligence presents 10 articles by experts in the field of emotional intelligence all of which will inspire you to monitor and channel your moods and emotions make smart empathetic people decisions manage conflict and regulate emotions within your team react to tough situations with resilience better understand your strengths weaknesses needs values and goals and develop emotional agility **The Americanization of Narcissism** Elizabeth

Lunbeck,2014-03-10 American social critics in the 1970s seized on narcissism as the sickness of the age But they missed the psychoanalytic breakthrough that championed it as the wellspring of ambition creativity and empathy Elizabeth Lunbeck s history opens a new view on the central questions faced by the self struggling amid the crosscurrents of modernity

Primal Leadership, With a New Preface by the Authors Daniel Goleman,Richard E. Boyatzis,Annie McKee,2016-11-01 This is the book that established emotional intelligence in the business lexicon and made it a necessary skill for leaders Managers and professionals across the globe have embraced Primal Leadership affirming the importance of emotionally intelligent leadership Its influence has also reached well beyond the business world the book and its ideas are now used routinely in universities business and medical schools and professional training programs and by a growing legion of professional coaches This refreshed edition with a new preface by the authors vividly illustrates the power and the necessity of leadership that is self aware empathic motivating and collaborative in a world that is ever more economically volatile and technologically complex It is even timelier now than when it was originally published From bestselling authors Daniel Goleman Richard Boyatzis and Annie McKee this groundbreaking book remains a must read for anyone who leads or aspires to lead Also available in ebook format wherever ebooks are sold *A History of Modern Computing, second edition*

Paul E. Ceruzzi,2003-04-08 From the first digital computer to the dot com crash a story of individuals institutions and the forces that led to a series of dramatic transformations This engaging history covers modern computing from the development of the first electronic digital computer through the dot com crash The author concentrates on five key moments of transition the transformation of the computer in the late 1940s from a specialized scientific instrument to a commercial product the emergence of small systems in the late 1960s the beginning of personal computing in the 1970s the spread of networking after 1985 and in a chapter written for this edition the period 1995 2001 The new material focuses on the Microsoft antitrust suit the rise and fall of the dot coms and the advent of open source software particularly Linux Within the chronological narrative the book traces several overlapping threads the evolution of the computer s internal design the effect of economic trends and the Cold War the long term role of IBM as a player and as a target for upstart entrepreneurs the growth of software from a hidden element to a major character in the story of computing and the recurring issue of the place of information and computing in a democratic society The focus is on the United States though Europe and Japan enter the story at crucial points on computing per se rather than on applications such as artificial intelligence and on systems that were sold commercially and installed in quantities *Billionaires and Stealth Politics* Benjamin I. Page,Jason

Seawright,Matthew J. Lacombe,2018-12-21 A look into the covert influence billionaires wield in American politics and the actions citizens can take to hold them more accountable In 2016 when millions of Americans voted for Donald Trump many believed his claims that personal wealth would free him from wealthy donors and allow him to drain the swamp But then Trump appointed several billionaires and multimillionaires to high level positions and pursued billionaire friendly policies

such as cutting corporate income taxes Why the change from his fiery campaign rhetoric and promises to the working class This should not be surprising argue Benjamin I Page Jason Seawright and Matthew J Lacombe As the gap between the wealthiest and the rest of us has widened the few who hold one billion dollars or more in net worth have begun to play a more and more active part in politics with serious consequences for democracy in the United States Page Seawright and Lacombe argue that while political contributions offer a window onto billionaires influence especially on economic policy they do not present a full picture of policy preferences and political actions That is because on some of the most important issues including taxation immigration and Social Security billionaires have chosen to engage in stealth politics They try hard to influence public policy making large contributions to political parties and policy focused causes leading policy advocacy organizations holding political fundraisers and bundling others contributions all while rarely talking about public policy to the media This means that their influence is not only unequal but also largely unaccountable to and unchallengeable by the American people Stealth politics makes it difficult for ordinary citizens to know what billionaires are doing or mobilize against it The book closes with remedies citizens can pursue if they wish to make wealthy Americans more politically accountable such as public financing of political campaigns and easier voting procedures and notes the broader types of reforms such as a more progressive income tax system that would be needed to increase political equality and reinvigorate majoritarian democracy in the United States Praise for Billionaires and Stealth Politics Incredibly important The authors provide for the first time a clear sense of the politics and political activity of the top one hundred billionaires in America matching what billionaires have said with what they ve done and showing the troubling transparency gap that is critical to the evolution of policy Billionaires and Stealth Politics is a key addition to understanding our current political reality focused on it most significant lever Lawrence Lessig author of America Compromised The wealth held by American billionaires exceeds the Gross Domestic Product of dozens of countries They exercise tremendous influence over society the economy and politics Yet their impact is not well understood Page Seawright and Lacombe have given us a compelling and original piece of work on an important topic Darrell M West Brookings Institution *Handbook of Methods in Leadership Research* Birgit Schyns, Rosalie J. Hall, Pedro Neves, 2017-12-29 This volume provides an overview of a variety of quantitative and qualitative methods for leadership research authored by scholars in the areas of leadership and research methodology Integrating insights from other research areas it provides novel approaches and multiple techniques for leadership research in a straightforward fashion Because the volume is designed to help leadership researchers get their first insights into specific methods and their potential application to leadership research it is appropriate for multiple audiences These include academics and practitioners wanting to try a new method as well as advanced undergraduate and graduate students wanting an overview of a variety of techniques It will also be helpful to readers and reviewers as they endeavour to better understand and assess the quality of existing leadership research *American Inventors, Entrepreneurs, and Business Visionaries,*

Revised Edition Charles Carey Jr.,2020-03-01 Praise for the previous edition This fun to read source will add spice for economics and business classes American Reference Books Annual worthy of inclusion in reference collections of public academic and high school libraries Its content is wide ranging and its entries provide interesting reading Booklist A concise introduction to American inventors and entrepreneurs recommended for academic and public libraries Choice American Inventors Entrepreneurs and Business Visionaries Revised Edition profiles more than 300 important Americans from colonial times to the present Featuring such inventors and entrepreneurs as Thomas Edison and Madame C J Walker this revised resource provides in depth information on robber barons and their counterparts as well as visionaries such as Bill Gates Coverage includes Jeffrey Bezos Michael Bloomberg Sergey Brin and Larry Page Michael Dell Steve Jobs Est e Lauder T Boone Pickens Russell Simmons Oprah Winfrey Mark Zuckerberg *Corporate Power, Oligopolies, and the Crisis of the State* Luis Suarez-Villa,2014-12-09 The largest wealthiest corporations have gained unprecedented power and influence in contemporary life From cradle to grave the decisions made by these entities have an enormous impact on how we live and work what we eat our physical and psychological health what we know or believe whom we elect and how we deal with one another and with the natural world around us At the same time government seems ever more subservient to the power of these oligopolies providing numerous forms of corporate welfare tax breaks subsidies guarantees and bailouts while neglecting the most basic needs of the population In *Corporate Power Oligopolies and the Crisis of the State* Luis Suarez Villa employs a multidisciplinary perspective to provide unprecedented documentation of a growing crisis of governance marked by a massive transfer of risk from the private sector to the state skyrocketing debt great inequality and economic insecurity along with an alignment of the interests of politicians and a new minuscule but immensely wealthy and influential corporate elite Thanks to this dysfunctional environment Suarez Villa argues stagnation and a vanishing public trust have become the hallmarks of our time **A to Z of Computer Scientists, Updated Edition** Harry Henderson,2020-01-01 Praise for the previous edition Entries are written with enough clarity and simplicity to appeal to general audiences The additional readings that end each profile give excellent pointers for more detailed information Recommended Choice This well written collection of biographies of the most important contributors to the computer world is a valuable resource for those interested in the men and women who were instrumental in making the world we live in today This is a recommended purchase for reference collections American Reference Books Annual this one is recommended for high school public and undergraduate libraries Booklist The significant role that the computer plays in the business world schools and homes speaks to the impact it has on our daily lives While many people are familiar with the Internet online shopping and basic computer technology the scientists who pioneered this digital age are generally less well known A to Z of Computer Scientists Updated Edition features 136 computer pioneers and shows the ways in which these individuals developed their ideas overcame technical and institutional challenges collaborated with colleagues and created products or institutions of lasting importance

The cutting edge contemporary entries explore a diverse group of inventors scientists entrepreneurs and visionaries in the computer science field People covered include Grace Hopper 1906 1992 Dennis Ritchie 1941 2011 Brian Kernighan 1942 present Howard Rheingold 1947 present Bjarne Stroustrup 1950 present Esther Dyson 1951 present Silvio Micali 1954 present Jeff Bezos 1964 present Pierre Omidyar 1967 present Jerry Yang 1968 present

Quarterly Essay 10 Bad Company Gideon Haigh,2003-06-01 In Bad Company Gideon Haigh scrutinises the way we have turned CEOs into tin gods Is moral outrage the appropriate response to the collapses of Enron or HIH or are we all implicated in a crazy system Haigh argues that the attempt to create great entrepreneurs of the new caste of CEOs by giving them shares is doomed to failure and inherently absurd In a tough minded vigorous demolition job on the culture that produced the cult of the CEO Haigh writes a mini history of business and shows how the classic traditions of capitalism are mocked by the managerialism of the present The making of the modern CEO has been a story of more more power more discretion more ownership more money more demands more expectations and above all more illusions More as so often has brought less Gideon Haigh Bad Company The world where the CEO is deemed to be a genius at least equal to a great actor or a great sportsman is a world in which Gideon Haigh refuses to believe Peter Craven Of all the extraordinary corporate stories of the 1990s none has been more powerful than what Gideon Haigh wants to call the cult of the CEO Sydney Morning Herald Haigh should be showered with blessings for producing a book which not only says boo to these geese but has the figures and the historical perspective to back itself up There s even some good business advise in there Nicholas Lezard the Guardian A cogent and elegant argument Business Review Weekly Gideon Haigh has worked as a journalist for the Bulletin the Guardian the Australian the Times and the Monthly As an author he has written books on business including Quarterly Essay 10 Bad Company The Cult of the CEO The Battle for BHP and One of a Kind The Story of Bankers Trust Australia 1969 1999 and on cricket Silent Revolutions Game for Anything The Green and Golden Age

Vault Guide to the Top Tech Employers Laurie Pasiuk,2006 Provides business profiles hiring and workplace culture information at more than 40 top employers including such businesses as Microsoft

Managing Business Ethics Mel Fugate,2024-05-31 Formerly published by Chicago Business Press now published by Sage Using an applied and practical approach Managing Business Ethics And Your Career focuses on the implications of business ethics on students careers and the organizations where they will work Author Mel Fugate s conversational tone makes his coverage of concise philosophical and historical foundations of ethics influential research and real world examples approachable for classroom discussion

The Limits of Strategy Ernest von Simson,2010-04-27 1992 was a killing year for the four computer companies most important to business buyers over the decade All four had been dominant suppliers of minicomputers for the past fifteen or twenty years But on July 16 the CEOs of both Digital Equipment and Hewlett Packard were pushed into retirement On August 8 Wang Laboratories declared bankruptcy In December IBM halved its dividend for the first time ever forcing the resignation of its CEO a month later How did this happen All four CEOs

were clever and experienced Two were founders of their companies the other two highly successful career executives in their respective companies All four were simply overwhelmed And while there was no single explanation for what happened there were definite common themes They recur again and again in the many stories of this book Are the deadliest changes unavoidable because strategy is too easily thwarted by cluster bombs like technological velocity cultural inertia obsolete business models executive conflict and investor expectations The year 1992 is the fulcrum of this book but the underlying theme is company transitions in the face of massive changes in markets technologies or business models or in other words the limits of strategy **Talking Book Topics** ,2000 Includes audio versions and annual title author index

Encyclopedia of History of American Management Morgen Witzel,2005-05-15 Containing more than 250 entries this unique and ambitious work traces the development of management thinking and major business culture in North America Entries range from 600 words to 2500 words and contain concise biographical detail a critical analysis of the thinkers doctrines and ideas and a bibliography including the subject s major works and a helpful listing of minor works
