Evidence of Destiny Gregg Braden, 2012-01-26 **Fractal Time** Gregg Braden, 2009-03-15 In this compelling exploration of life Gregg Braden merges the modern discoveries of nature s patterns fractals with the ancient view of a cyclic universe The result is a powerful model of time fractal time and a realistic window into what we can expect for the mysterious year 2012 and beyond Applying fractal time to the history of the world and life he proposes that everything from the war and peace between nations to the patterns of human relationships mirror the returning cycles of our past As each cycle repeats it carries a more powerful amplified version of itself The key If you know where to look in the past you know what to expect when the same conditions return in the present and future For the first time in print the Time Code Calculator gives you the tool to do just that Through easy to

understand science and step by step instructions discover for yourself How the conditions for 2012 have occurred in the past and what we can expect when they repeat The hot dates that hold the greatest threats of war and greatest opportunities for peace as well as economic cycles such as the stockmarket collapse of 2008 How Earth s location in space triggers cycles of spiritual growth for humans Your personal Time Codes for the key events of business relationships and change in your life How each cycle carries a window of opportunity a choice point that allows us to select a new outcome for the returning pattern What the 1999 ice cores from Antarctica reveal about past cycles of climate global warming Earth s protective magnetic fields and what these things mean for us today *The Divine Matrix* Gregg Braden,2010 THE DIVINE MATRIX Are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits Could the spontaneous healing of disease an instant connection with everyone and everything and even time travel be our true heritage in the universe There is a place where all things begin the place of pure energy that simply is In this quantum incubator for reality everything is possible In 1944 Max Planck the father of quantum theory shocked the world by saying that this matrix is where the birth of stars the DNA of life and everything between originates Recent discoveries reveal dramatic evidence that Planck s matrix The Divine Matrix is real It is this missing link in our understanding that provides the container for the universe the bridge between our imagination and our reality and the mirror in our world for what we create in our beliefs To unleash the power of this matrix in our lives we must understand how it works and speak the language that it recognizes For more than 20 years Gregg Braden a former senior aerospace computer systems designer has searched for the understanding to do just that From the remote monasteries of Egypt Peru and Tibet to the forgotten texts that were edited by the early Christian church the secret of the Divine Matrix was left in the coded language of our most cherished traditions It is verified in today s science In this paradigm shattering book Gregg shares what he s found Through 20 keys of conscious creation we re shown how to translate the miracles of our imagination into what is real in our lives With easy to understand science and real life stories Gregg shows us that we re limited only by our beliefs and what we once believed is about to change *Pure Human* Gregg Braden,2025-01-28 In an age where technologies such as AI threaten to supplant human intelligence an award winning scientist offers a radical new view of our innate human technology and what we re truly capable of There are rare moments in time when we make choices that irreversibly change the world and our lives forever Today is one of those moments Scientists engineers and philosophers alike warn us that without a radical shift in our thinking we are on track to be the last generation of pure humans that the world will know Within a single generation we will devolve into a hybrid species of synthetic bodies Artificial Intelligence AI and computer chips that limit our ability to think to love and to adapt to the conditions of the emerging world in a healthy way In doing so we will also lose our capacity for emotion empathy intimacy and forgiveness the very qualities that we value and cherish in our humanness The question that we face is simple Do we love ourselves enough to preserve the gift of our humanness Our answer is based upon the way we

ve been taught to think of ourselves This book is a compelling journey of self discovery that will catapult you beyond conventional thinking when it comes to your origins your limits and most importantly the abilities that have been hidden from you for centuries and the extraordinary potential that awaits as you embrace them **Conspirituality** Derek Beres,Matthew Remski,Julian Walker,2023-06-13 Conspirituality takes a deep dive into the troubling phenomenon of influencers who have curdled New Age spirituality and wellness with the politics of paranoia peddling vaccine misinformation tales of child trafficking and wild conspiracy theories In the early days of the COVID 19 pandemic a disturbing social media trend emerged a large number of yoga instructors and alt health influencers were posting stories about a secretive global cabal bent on controlling the world s population with a genocidal vaccine Instagram feeds that had been serving up green smoothie recipes and Mary Oliver poems became firehoses of Fox News links memes from 4chan and prophecies of global transformation Since May 2020 Derek Beres Matthew Remski and Julian Walker have used their Conspirituality podcast to expose countless facets of the intersection of alt health practitioners with far right conspiracy trolls Now this expansive and revelatory book unpacks the follies frauds cons and cults that dominate the New Age and wellness spheres and betray the trust of people who seek genuine relief in this uncertain age With analytical rigor and irreverent humor Conspirituality offers an antidote to our times helping readers recognize wellness grifts engage with loved ones who ve fallen under the influence and counter lies and distortions with insight and empathy *Turning Point* Gregg Braden,2014-01-28 The New York Times bestselling author of The Wisdom Codes bridges science with wisdom traditions around the globe to reveal how we can thrive in our rapidly changing world We solve our problems based upon the way we think of ourselves and the world From peak energy and peak debt to failing economies and the realities of climate change everyday life is showing us where we ve outgrown the thinking of the past It s also showing us where big changes in the world mean big changes in our lives Through dramatic shifts in our jobs our relationship to money our health and even our homes it s clear that our lives are changing in ways we ve never seen to a degree that we re not prepared for and at speeds that we ve never experienced It s also clear that the thinking of the past is no longer enough to meet our needs today A new healthy and sustainable world is emerging and our ability to accept what it offers begins with our willingness to Honestly acknowledge the facts of what we re up against Embrace the new discoveries that reveal the role of cooperation in nature and human communities Create resilience in our lives families and communities based upon five proven and sustainable principles Through easy to understand science and the wisdom traditions of the past The Turning Point identifies the extremes in the world that are reshaping our lives the keys to thrive in the midst of the transformation and the strategies to get us there Dragons — Guardians of Creative Powers Jaap van Etten,2019-04-22 Do you feel that you often do not get what you desire The key to changing what no longer satisfies you is to change what no longer works for you Every thought is an intention that sets a process of energies into motion That s when the creative process starts Understanding that we create continuously on small and large levels is the first step in

prayers had measurable effects As modern science continues to validate a relationship between our outer and inner worlds it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience Each time we engage ourselves our loved ones and our communities with Isaiah s life affirming message of hope we secure nothing less than our future and the future of the only home we know
