Representations of Gender and Class in "The Great Gatsby": An Analysis of the Movie Adaptations of 1974 and 2013 Matthias Köbrich, 2016-12-12. Bachelor Thesis from the year 2014 in the subject Film Science, grade 1-3. Friedrich Alexander University Erlangen-Nuremberg. American Studies language: English. Abstract: A tendency in the realm of gender studies has been to mainly concern oneself with gender, whereas the same can be claimed in terms of class analysis, showing a tendency towards primarily and exclusively dealing with class. This study tries to combine both fields in an attempt to not only expose how present forms of masculinity are established but also how these forms interact with class. In addition to Crenshaw's intersectionality theory, Pyke's concept of interpersonal power and Connell's theory of hegemonic masculinity will be dealt with. The synergy between masculinity and class will be scrutinized by means of two movie adaptations of *The Great Gatsby*.

1974 2013 It will be shown that factors such as social and geographical mobility career and the need or ability to display class marked objects as well as the male body can be identified as producing and helping to maintain multiple forms of class based masculinity as well as shaping and changing these masculinities **Study Guide to The Great Gatsby by F.
