The Greatest Manifestation Principle in the World Carnelian Sage, 2007 The Greatest Manifestation Principle in the World corrects the inaccuracies points out hidden dangers and dispels the myths surrounding the Law of Attraction More importantly it sheds light on the most powerful manifestation principle that no one is talking about When you combine this principle with your practice of the Law of Attraction you enter the realm of miracles where your desires can and MUST necessarily manifest into existence This is the first book that removes the blindfold from the world's current understanding of the Law of Attraction and reveals the true power behind it so that people can finally experience spectacular and consistent results from it Now you can make the manifestation of your desires a certainty instead of something merely hoped for
Publisher's description

The Principles of Multimedia Journalism Richard Koci Hernandez, Jeremy Rue, 2015-06-26 In this much needed examination of the principles of multimedia journalism experienced journalists Richard Koci Hernandez and Jeremy Rue systemize and categorize the characteristics of the new often experimental story forms that appear on today's digital news platforms By identifying a classification of digital news packages and introducing a new vocabulary for how content is packaged and presented the authors give students and professionals alike a way to talk about and understand the importance of story design in an era of convergence storytelling Online all forms of media are on the table audio video images graphics and text are available to journalists at any type of media company as components with which to tell a story This book provides insider instruction on how to package and interweave the different media forms together into an effective narrative structure Featuring interviews with some of the most exceptional storytellers and innovators of our time including web and interactive producers at the New York Times NPR The Marshall Project The Guardian National Film Board of Canada and the Verge this exciting and timely new book analyzes examples of innovative stories that leverage technology in unexpected ways to create entirely new experiences online that both engage and inform *Best Holistic Life Magazine May 2024*

Leading a Worthy Life Leon R. Kass, 2017-12-19

Most American young people like their ancestors harbor desires for a worthy life a life of meaning a life that makes sense But they are increasingly confused about what such a life might look like and how they might in the present age be able to live one With a once confident culture no longer offering authoritative guidance the young are now at sea regarding work family religion and civic identity The true the good and the beautiful have few defenders and the higher cynicism mocks any innocent love of wisdom or love of country We are super competent regarding efficiency and convenience we are at a loss regarding what it's all for Yet because the old orthodoxies have crumbled our interesting time paradoxically offers genuine opportunities for renewal and growth The old Socratic question How to live suddenly commands serious attention Young Americans if liberated from the prevailing cynicism will readily embrace weighty questions and undertake serious quests for a flourishing life All they and we need is encouragement This book provides that necessary encouragement by illuminating crucial and still available aspects of a worthy life and by defending them against their enemies With chapters on love family and friendship human excellence and human dignity

teaching learning and truth and the great human aspirations of Western civilization it offers people who are looking on their own for meaning and as well as to people who are looking to deepen what they have been taught or to square it with the spirit of our time
