The Meaning Of Life Terry Eagleton:

The Meaning of Life Terry Eagleton, 2008-04-24 We have all wondered about the meaning of life But is there an answer And do we even really know what we re asking Terry Eagleton takes a stimulating and quirky look at this most compelling of questions at the answers explored in philosophy and literature at the crisis of meaning in modern times and suggests his own solution to how we might rediscover meaning in our lives

The Purpose of Life Stewart Goetz, 2012-07-12 What does philosophy have to say on the question of the meaning of life This is one of the founding questions of philosophy and has remained a central problem for philosophers from antiquity through to the Middle Ages and modern period It may surprise some readers that there has in fact been a good deal of agreement on the answer to this question the meaning of life is happiness *The Purpose of Life* is a serious but engaging exploration and defense of this answer The central idea that shapes *The Purpose of Life* is Augustine s assertion that It is the decided opinion of all who use their brains that all men desire to be happy In working through the ramifications of this answer Stewart Goetz provides a survey of the debates surrounding life s meaning from both theists and atheists alike

What is this thing called The Meaning of Life? Stewart Goetz, Joshua W. Seachris, 2020-04-06 What are we asking when we ask What is the meaning of life Can there be meaning without God Is a happy life a meaningful life Can an immoral life be meaningful Does our suffering have meaning Does death threaten meaning What is this thing called The Meaning of Life provides an engaging and stimulating introduction to philosophical thinking about life s meaning Goetz and Seachris provide the reader with accessible examples before looking at the main theoretical approaches to meaning and key philosophers associated with them Topics covered include What does the question What is the meaning of life even mean Does life have a purpose What is valuable Do we matter Does life or my life make any sense Is there any meaning in suffering Does death threaten meaning Would immortality be good or bad news for us With boxed summaries of key concepts and noteworthy examples discussion questions and suggestions for further reading included within each chapter this book is the ideal introduction to life s meaning for philosophy students coming to the subject for the first time

Deleuze and the Meaning of Life Claire Colebrook, 2010-03-21 A new and original monograph from a leading Deleuzian scholar exploring the central issues of life science language and art in Deleuze s work

Pagans and Christians in the City Steven D. Smith, 2018-11-15 Traditionalist Christians who oppose same sex marriage and other cultural developments in the United States wonder why they are being forced to bracket their beliefs in order to participate in public life This situation is not new says Steven D Smith Christians two thousand years ago faced very similar challenges Picking up poet T S Eliot s World War II era thesis that the future of the West would be determined by a contest between Christianity and modern paganism Smith argues in this book that today s culture wars can be seen as a reprise of the basic antagonism that pitted pagans against Christians in the Roman Empire Smith s *Pagans and Christians in the City* looks at that historical conflict and explores how the same competing ideas continue to clash today All of us Smith shows have much

to learn by observing how patterns from ancient history are reemerging in today's most controversial issues *Jesus and Philosophy* Paul K. Moser, 2008-10-13 What if anything does Jesus of Nazareth have to do with philosophy This question motivates this collection of essays from leading theologians philosophers and biblical scholars Part I portrays Jesus in his first century intellectual and historical context attending to intellectual influences and contributions and contemporaneous similar patterns of thought Part II examines how Jesus influenced two of the most prominent medieval philosophers It considers the seeming conceptual shift from Hebraic categories of thought to distinctively Greco Roman ones in later Christian philosophers Part III considers the significance of Jesus for some prominent contemporary philosophical topics including epistemology and the meaning of life The focus is not so much on how Christianity figures in such topics as on how Jesus makes distinctive contributions to them

An Organon of Life Knowledge Michael Basseler, 2019-01-23 Can fiction teach us how to live This study offers a fresh take on the North American short story exploring how the genre has engaged in the construction and circulation of life knowledge Echoing the resurgence of short story scholarship in recent years it thus contributes a genre focused perspective to the growing field of literature and knowledge studies Drawing on stories from the late 19th century to the present by authors such as Henry James F Scott Fitzgerald Eudora Welty Junot Diaz and Alice Munro Michael Basseler examines how knowledge about life and how to live it is generically constituted and vice versa how literary genres such as the short story are embedded in broader cultural frameworks of knowledge production

The God Debaters Adrian Rosenfeldt, 2022-05-04 This book examines the post 9 11 God debate in the West Through a close study of prominent English God debaters Richard Dawkins Karen Armstrong Christopher Hitchens and Terry Eagleton Adrian Rosenfeldt demonstrates that New Atheist and religious apologist ideas and arguments about God science and identity are driven by mythic autobiographical narratives and Protestant or Catholic cultural heritage This study is informed by criticism of the New Atheist polemic as being positivistic and the religious apologists as propagating sophisticated theology In both cases the God debaters are perceived as disassociating themselves from human lived experience It is through reconnecting the God debaters intellectual ideas to their cultural and social background that the God debate can be grounded in a recognisable human reality that eludes reductive distinctions and disembodied abstractions
