Austin Flannery, 1996-05-01 The sixteen official documents constitutions decrees and declarations of the Second Vatican Council are now available from Liturgical Press in the most popular and widely used inclusive language edition translated by Irish Dominican Austin Flannery October 21 2008 As the worldwide Church continues to celebrate the fiftieth anniversary of the Council 1962-65 there is a great need in college classrooms and parish faith formation groups as well as for individuals to again have access to these documents in contemporary English As Flannery wrote in his introduction to the 1996 edition The translation of the texts of the Vatican documents in the present volume differs from that in the previous publication in two respects It has been very considerably revised and in place corrected It is also to a very large extent in inclusive language I say to a very large extent because we have used inclusive language in passages about men and women but not however in passages about God except where the use of the masculine pronoun was easily avoidable **Vatican Council II** Austin

Flannery, 1982 Spine title Vatican II Companion volume to The conciliar and post conciliar documents Vatican Council II Includes bibliographical references and index **Vatican II** Matthew L Lamb, Matthew Levering, 2008-04-30 In Vatican II Renewal Within Tradition an international team of theologians challenges the standard view of the Council as causing a rupture with earlier Catholic teaching Examining each document issued they argue that The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II's documents are a development from an established antecedent in the Roman Catholic Church Each chapter contextualizes Vatican II teachings within that rich tradition **Vatican II** Norman Tanner, 2012-09-04 By

Introductory Essay by Pope Benedict XVI This collection includes the four constitutions of the Second Vatican Council the most popular and key documents for understanding the Council itself its decrees and its declarations Few events in the history of the modern Catholic Church have been as far reaching as the Second Vatican Council 1962-1965 And few have been as controversial No one denies great changes have come about since the close of the Council Have the changes been all good all bad or a mixture of both To what extent were the changes for good or ill the result of the Council itself Some have criticized the Council for not going far enough though they maintain that the spirit of Vatican II supports their rejection of many firmly established Catholic beliefs and practices Others claim the Council went too far and abandoned certain fundamental Catholic tenets in the name of updating the Church The popes of the Council John XXIII and Paul VI and their successors who also participated in the Council John Paul I John Paul II and Benedict XVI have insisted that the Council itself was the work of the Holy Spirit They have aggressively criticized misinterpretations and distortions of it They insist that the Council be understood in fundamental continuity with the Church's Tradition even while deepening the Church's self understanding and calling for authentic reforms and renewal of Catholic life Readers can learn for themselves what the Second Vatican Council taught using this highly accessible collection of its basic texts This book uses the Catholic Truth Society translation and features The Constitution on the Sacred Liturgy *Sacrosanctum Concilium* introduced by Cardinal Francis Arinze The Dogmatic Constitution on the Church *Lumen Gentium* introduced by Cardinal Paul Poupard The Dogmatic Constitution on Divine Revelation *Dei Verbum* introduced by Archbishop Charles J. Chaput OFM Cap The Pastoral Constitution on the Church in the Modern World *Gaudium et Spes* introduced by Cardinal Angelo Scola Four major aspects of the Church's life the Sacred Liturgy the mystery of the Church herself the Word of God and the Church in the world as it is today are explored No twenty-first century Catholic should be without these four foundational texts in this superb translation The collection also includes a general introduction by Archbishop Salvatore Cordileone of San Francisco as well as an address given by Pope Emeritus Benedict XVI in 2005 explaining how best to understand the Second Vatican Council in the history of the Church
