Dorm Room Dealers Drugs And The Privileges Of Race And Class:

Dorm Room Dealers A. Rafik Mohamed, Erik D. Fritsvold, 2010 The authors provide insight into the world of college drug dealers affluent upwardly mobile students who have everything to lose and little to gain and offer an important corrective to the traditional distorted view of the US drug trade as primarily involving poor minorities Drawing on six years of fieldwork at a predominately white private university their ethnography explores issues of deviance race and stratification in the US war on drugs

Privilege and Punishment Matthew Clair, 2022-06-21 How the attorney client relationship favors the privileged in criminal court and denies justice to the poor and to working class people of color The number of Americans arrested brought to court and incarcerated has skyrocketed in recent decades Criminal defendants come from all races and economic walks of life but they experience punishment in vastly different ways Privilege and Punishment examines how racial and class inequalities are embedded in the attorney client relationship providing a devastating portrait of inequality and injustice within and beyond the criminal courts Matthew Clair conducted extensive fieldwork in the Boston court system attending criminal hearings and interviewing defendants lawyers judges police officers and probation officers In this eye opening book he uncovers how privilege and inequality play out in criminal court interactions When disadvantaged defendants try to learn their legal rights and advocate for themselves lawyers and judges often silence coerce and punish them Privileged defendants who are more likely to trust their defense attorneys delegate authority to their lawyers defer to judges and are rewarded for their compliance Clair shows how attempts to exercise legal rights often backfire on the poor and on working class people of color and how effective legal representation alone is no guarantee of justice Superbly written and powerfully argued Privilege and Punishment draws needed attention to the injustices that are perpetuated by the attorney client relationship in today s criminal courts and describes the reforms needed to correct them

Understanding Drug Dealing and Illicit Drug Markets Tammy C. Ayres, Craig Ancrum, 2023-07-31 This book examines the drug dealer in contemporary society from an interdisciplinary perspective and considers the increasingly blurred demarcation between illegitimate and legitimate drug markets It explores the motives and drivers of those involved in drug supply and dispels common and stereotypical myths and misconceptions surrounding illegal drug markets and those who operate within them The drug dealer has become one of our foremost contemporary folk devils Those who trade in substances prohibited by law are the subject of array of inaccurate myths and urban legends Criminology has tended either to shoehorn drug dealers into neat typologies or portray them as victims of an uncaring predatory post modern society In reality we know relatively little about the complex and diverse world of drug markets and our concentration inevitably falls on low end retail dealers who operate in the most visible sectors of the illegal economy Bringing together an international group of experts this book considers perspectives from around the world including UK USA South America Spain India and Australia This book will be of interest to students and researchers across criminology law sociology criminal justice and public health and will be essential reading

for those taking courses on drugs drug markets and substance misuse Interrupting Class Inequality in Higher Education Laura M. Harrison, Monica Hatfield Price, 2017-02-24 Interrupting Class Inequality in Higher Education explores why socioeconomic inequality persists in higher education despite widespread knowledge of the problem Through a critical analysis of the current leadership practices and policy narratives that perpetuate socioeconomic inequality this book outlines the trends that negatively impact low and middle income students and offers effective tools for creating a more equitable future for higher education By taking a solution focused approach this book will help higher education students leaders and policy makers move from despair and inertia to hope and action **Writing with Sweet Clarity** John E. Eck, 2022-02-27 In this book criminologist and experienced educator John E Eck draws on decades of academic and professional writing experience to provide an analytical toolkit for clear professional writing This book focuses on the essential objective of clarity and addresses topics seldom addressed in other books such as ethics beyond plagiarism writing with co authors organizing complex ideas using analytics to improve writing crafting strong beginnings and endings using examples and metaphors and integrating tables charts and diagrams As universities continue to demand writing intensive courses in the social sciences this book is indispensable in university settings and throughout a professional career The reader will use the practical advice examples and exercises in this book to master a method for clear writing unimpaired by stereotypical academic jargon The book will help both new and seasoned researchers seeking to translate their work into a clear and accessible presentation for both professional and lay audiences Designed for and field tested with graduate and advanced undergraduate students this lively and easy to read book will work for courses taught in criminology sociology geography and other social sciences and will enable scholars to extend and broaden the impact of their research Deviance Leon Anderson, 2024-04-15 Deviance Social Constructions and Blurred Boundaries is designed for courses on social deviance that take a strong sociological perspective The book draws on up to date scholarship across a wide spectrum of deviance categories providing a symbolic interactionist analysis of the deviance process The book addresses positivistic theories of deviant behavior within a description of the deviance process that encompasses the work of deviance claims makers rule breakers and social control agents Students are introduced to the sociology of deviance and learn to analyze several kinds of criminal deviance that involve unwilling victims such as murder rape street level property crime and white collar crime Students also learn to examine several categories of lifestyle and status deviance and develop skills for critical analysis of criminal justice and social policies Overall students gain an understanding of the sociology of deviance through cross cultural comparisons historical overview of deviance in the U S and up close analysis of the lived experience of those who are labeled deviant as well as responses to them in the U S today *American Bee Journal* ,1881 Includes summarized reports of many bee keeper associations **The Beacon** ,1885 *Pipe Dream Blues* Clarence Lusane, Dennis Desmond, 1991 **Unequal under Law** Doris Marie Provine, 2008-09-15 Race is clearly a factor in government efforts to control dangerous drugs but the precise

ways that race affects drug laws remain difficult to pinpoint Illuminating this elusive relationship *Unequal under Law* lays out how decades of both manifest and latent racism helped shape a punitive U S drug policy whose onerous impact on racial minorities has been willfully ignored by Congress and the courts Doris Marie Provine s engaging analysis traces the history of race in anti drug efforts from the temperance movement of the early 1900s to the crack scare of the late twentieth century showing how campaigns to criminalize drug use have always conjured images of feared minorities Explaining how alarm over a threatening black drug trade fueled support in the 1980s for a mandatory minimum sentencing scheme of unprecedented severity Provine contends that while our drug laws may no longer be racist by design they remain racist in design Moreover their racial origins have long been ignored by every branch of government This dangerous denial threatens our constitutional guarantee of equal protection of law and mutes a much needed national discussion about institutionalized racism a discussion that *Unequal under Law* promises to initiate

Something's in the Air Katherine Tate,James Lance Taylor,Mark Q. Sawyer,2014 America s drug laws have always exerted an unequal and unfair toll on Blacks and Latinos who are arrested more often than Whites for the possession of illegal drugs and given harsher sentences In this volume contributors ask how would marijuana legalization affect communities of color Is legalization of marijuana necessary to safeguard minority families from a lifetime of hardship and inequality Who in minority communities favors legalization and why and do these minority opinions differ from the opinions held by White Americans This volume also includes analyses of the policy debate by a range of scholars addressing economic health and empowerment issues Comparative lessons from other countries are also analyzed Provided by publisher
