Victoria L. LaPoe, Benjamin Rex LaPoe, 2017-01-01 Storytelling has always been an important part of Native culture. Stories play a part in everyday Native life; they are often oral and rich in detail and language and serve as a form of recording history. Digital media now allow for the extension of this storytelling. This necessary text evaluates how digital media are changing the rich cultural act of storytelling within Native communities with a specific focus on Native newsroom norms and routines. The authors argue that the non-Native press often leaves consumers with a stereotypical view of American Indians and aim to give a more authentic representation to Native journalism. With interviews from more than forty Native journalists around the country, this book is essential to understanding how digital media possibly advances the distribution of storytelling within the American Indian community.

A Dragonfly's Purpose Sujata Sharma, 2019-09-12 Life was almost perfect for Sujata Sharma, a professor in AIIMS with every best-laid plan in place. She had been deeply involved with research and teaching, with an active family and social life pursuing physical fitness. In just seven days, she found herself away from home, checked into a hospital, facing an uncertain future with a rare autoimmune disease, Guillain Barre Syndrome, which rendered her almost paralyzed. The road back towards recovery was long and uphill. With the help of her doctors, family, and colleagues, she started her journey from the grip of the deadly disease, which ended spectacularly with her finally winning a trophy with her departmental team in the first ever AIIMS Got Talent. In her quest towards discovering inner strength, she found her life's purpose to be similar to a dragonfly's purpose, which is to live fully in the moment and perform to its best ability despite the limitations that are imposed by destiny.
