One for Sorrow, Two for Joy Marie-Claire Amuah, 2022-08-18 Winner of the Diverse Book Award 2023 I loved this book so much Intense and beautiful and heartbreaking Buki Papillon author of *An Ordinary Wonder* It's hard to plan your future when the ghosts of the past won't leave you alone Stella tries very hard to be good She tries not to be sassy to answer back to be noticed Because when Stella's father is angry it's like lightning and thunder and hailstones Years later Stella has left her troubled childhood behind and appears to have it all a degree a demanding job as a barrister and a group of friends who always have her back But underneath the surface she is haunted by her past It will take all her grace courage and love to heal her wounds and break free Set against a backdrop of London and Ghana Marie Claire Amuah's remarkable debut is an unforgettable exploration of intergenerational trauma Brimming with compassion *One for Sorrow Two for Joy* offers both a sensitive portrayal of the ripple effects of domestic violence and a defiant story of friendship resilience and hope **Stigma**

Imogen Tyler, 2020-04-15 *Stigma* is a corrosive social force by which individuals and communities throughout history have been systematically dehumanised scapegoated and oppressed From the literal stigmatizing tattooing of criminals in ancient Greece to modern day discrimination against Muslims refugees and the undeserving poor stigma has long been a means of securing the interests of powerful elites In this radical reconceptualisation Tyler precisely and passionately outlines the political function of stigma as an instrument of state coercion Through an original social and economic reframing of the history of stigma Tyler reveals stigma as a political practice illuminating previously forgotten histories of resistance against stigmatization boldly arguing that these histories provide invaluable insights for understanding the rise of authoritarian forms of government today *Your Dimension Or Mine?* Cynthia Kimball, 2014-05-16

When Ari Reynolds signed up for an online dating service she only did it to get her sister off her back about her dateless life She never expected to be contacted by men from other dimensions or have a demon claim ownership of her through a magical DNA contract Now that her eyes are open she is catapulted to Dimension Zeta There a powerful Fae named Mayir trains her to defend herself against the mysterious Orion Even more confusing she finds herself falling for Terrian a man from an entirely different dimension Terrian promises to help defend her but when Orion steals something of great importance to her she must stand alone against him Can a mere human fight off the magical control of an immortal being who wants her more than anything
