Voice Studies Konstantinos Thomaidis, Ben Macpherson, 2015-05-22 Voice Studies brings together leading international scholars and practitioners to re-examine what voice is what voice does and what we mean by voice studies in the process and experience of performance This dynamic and interdisciplinary publication draws on a broad range of approaches from composing and voice teaching through to psychoanalysis and philosophy including voice training from the Alexander Technique to practice as research operatic and extended voices in early baroque and contemporary underwater singing voices across cultures from site specific choral performance in Kentish mines and Australian sound art to the laments of Kraho Indians Korean pansori and Javanese wayang voice embodiment and gender in Robertson's 1798 production of Phantasmagoria Cathy Berberian radio show and Romeo Castellucci's theatre perceiving voice as a composer listener or as eavesdropper voice technology and mobile apps With contributions spanning six continents the volume considers the processes of teaching or writing for voice the performance of voice in theatre live art music and on recordings and the experience of voice in acoustic perception and research It concludes with a multifaceted series of short provocations that simply revisit the core question of the whole volume what is voice studies

So You Want to Sing with Awareness Matthew Hoch, 2020-04-10 Yoga Alexander Technique Feldenkrais Method Pilates Body Mapping These techniques all promote optimum vocal performance through mind body awareness but where should a singer begin So You Want to Sing

with Awareness welcomes singers into all of these methods allowing them to explore each option's history and application to singing and determine which methods may best meet their needs as performers. With this unique volume in the So You Want to Sing series, editor Matthew Hoch brings together renowned expert practitioners to explore mind/body awareness systems and introduce cutting edge research in cognitive neuroscience and motor learning. Carefully curated for singers' unique needs, the book also includes essential discussions of anatomy and physiology and vocal health. The So You Want to Sing series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, So You Want to Sing with Awareness features online supplemental material on the NATS website. Please visit www.nats.org to access style-specific exercises, audio and video files, and additional resources.

One Voice Joan Melton, Kenneth Tom, 2022-01-19 Too often performers are conditioned to think they have a speaking voice and a singing voice. Yet in fact, the voice we use to speak, laugh, cry, yawn, scream, and call out is the same voice we use to sing. Joan Melton brings together the contrasting worlds of singing and acting training in an approach that is physically energizing, vocally freeing, and infinitely practical. Kenneth Tom contributes a chapter on vocal anatomy and physiology, offering clear and accessible material on how the voice works along with practical advice on its care. This groundbreaking book outlines a course of study that effectively integrates techniques from theatre and music across a range of performance trainings. The physicality of Melton's approach addresses the concerns of professional voice users in any field, and her detailed work on phrasing and the use of language applies equally to speaking and singing.

Class Voice Brenda Smith, Ronald Burrichter, 2022-02-11 Class Voice: Fundamental Skills for Lifelong Singing is a unique undergraduate textbook which can be adapted to the needs of any potential voice user, including music education students, voice students who are not majoring in music, and adult learners. By explaining the basics of singing using practical skills and examples, this text is accessible to students with a wide range of talents, interests, and expertise levels. With chapters devoted to skills for singing solo and in groups, instructors can tailor the included materials to encourage students to become thoroughly familiar with their own voices and to identify and appreciate the gifts of others. Learning to sing is a process of trial and error. The warm-ups and other in-class performance opportunities contained in this textbook can raise student confidence and minimize anxiety. The chapters about age and size, appropriate repertoire, and issues of vocal health provide vital information about preserving the vocal instrument for a lifetime of singing.

Key Features: Warm-up and cool-down exercise routines including strategies for relaxing and breath management. Repertoire topics divided by language and genre, and suggestions about how to use the repertoire to develop specific skills. Issues of diversity, gender, and inclusivity covered in Chapter 9, entitled The Singing Life. Suggestions for comparative listening and questions for discussion to encourage deeper learning. Adaptable materials which can be tailored to fit interests in choral music, musical theater, folksong, as well as Classical vocal repertoire. Assignments, evaluation criteria, and assessment forms for midterm and final presentations. A glossary of key terms. A bibliography with resources for research and learning. Information on basic
