Representing Vulnerabilities in Contemporary Literature Miriam Fernández-Santiago,Cristina M. Gámez-Fernández,2022-12-01 *Representing Vulnerabilities in Contemporary Literature* includes a collection of essays exploring the ways in which recent literary representations of vulnerability may problematize its visibilization from an ethical and aesthetic perspective Recent technological and scientific developments have accentuated human vulnerability in many and different ways at a cross national and even cross species level Disability technological and ecological vulnerabilities are new foci of interest that add up to gender precarity and trauma among others as forms of vulnerability in this volume The literary visualization of these vulnerabilities might help raise social awareness of one s own vulnerabilities as well as those of others so as to bring about global solidarity based on affinity and affect However the literary representation of forms of vulnerability might also deepen stigmatization phenomena and trivialize the spectacularization of vulnerability by blunting readers affective response towards those products that strive to hold their attention and interest in an information saturated global entertainment market

Rough Notes to Erasure Dolsy Smith,2020-04-23 We are living through the wrack of the White Male As the compact between social hierarchy inherited privilege and race reinforced by gender and other normative categories shows signs of buckling his rage and resentment threaten us all For he is a thing possessed possessed by his own

love of possession and born to a sense that the world belongs to him and him alone The spoils of oppression lie coiled inside him a glut he can't digest and murder beckons behind the respect that he conceives of as his due A hybrid of critical essay and memoir and Rough Notes to Erasure contributes to a growing body of work that wrestles with the tacit and embodied nature of privilege and prejudice and it contributes not only via argument but also through style Taking inspiration from feminist queer poetics and what Fred Moten calls the black avant garde these rough notes address the remainder that gets lost in explicit argument which is the flesh Where privilege roils through history and empire whets the appetites But also where the world catches on its own fractalization by thought feeling and desire and language recovers for a moment or two the power to entangle us with our mother tongue
