2 Billion Under 20 Stacey Ferreira, Jared Kleinart, Blake Masters, 2025-10-16 An exciting look at 75 contributors under age 20 who have done remarkable things from entrepreneurship to athletics to music and more Welcome to the future *2 Billion Under 20* is a book online community and movement inspired by the 2 billion people in the world currently at or under the age of twenty We stand for Millennials Gen Z ers and those who want to better understand them and their unique potential This book shows how we can all act on our passions and make a difference at any age Young entrepreneurs Stacey Ferreira and Jared Kleinert have brought together 75 stories from ambitious young people like Paige McKenzie who started her own YouTube channel at sixteen that now has more than 55 million views Sam Mikulak who s represented Team USA in the Olympics and is a seven time NCAA champion in Men s Gymnastics Jack Andraka who developed an early detection test for pancreatic cancer at fifteen Tallia Storm a Scottish singer who was discovered by and opened a concert for Elton John on her way to signing a record deal with Virgin Records Dau Jok who escaped civil war in South Sudan to become captain of the University of Pennsylvania s Division 1 basketball team and founder of a nonprofit to help youth in his native country and many other accomplished and inspiring Millennials from all walks of life Join the movement and change the world

Millennials and Media Ecology Anthony Cristiano, Ahmet Atay, 2019-07-03 Millennials and Media Ecology explores issues pertaining to millennials and digital media ecology and studies the cultural pedagogical and political environments such heterogeneous generation populates The book questions whether millennials are properly understood as a heterogeneous group particularly by the institutions and agencies that target them and whether they are demonstrating the ability to set out a path for themselves and take charge of their own life and future A diverse team of expert authors review past and current studies with critical assessment of arguments and propositions and document actual experiences of members of the millennial generation through detailed studies Engaging with topical subject matter and current research on millennials the chapters Question the misunderstanding that digital tools and Internet technologies are making the younger generation dumber and disengaging them from the real world Underscore the legal and economic insights into the commodification of the younger generation as consumers rather than learners Examine the historical trajectory of media technology and whether new practices are having an empowering effect or one of enslavement to an increasingly irreversible technological and socio political regime Shed light on issues of critical pedagogy emerging from digital environments in relation to one s mental abilities and degrees of wisdom Discuss the cultural and political implications of millennials new media trends the changing relationship between millennials and legacy media which rely on the younger generation for survival Offer new insights into the significance of current media trends in relation to issue of credibility and identity This is an essential book for scholars in the fields of Media and Communications and Popular Culture and will be vital reading for postgraduate students and specialists in related fields

The Millennial Myth Crystal Kadakia, 2017-04-17 Ready for the

Future or Stuck in the Past Millennials have been condemned as lazy entitled disloyal and disrespectful and needing constant hand holding But Crystal Kadakia a Millennial herself as well as an organizational development consultant and two time TEDx speaker shows that not only are these negative stereotypes dead wrong but each one conceals a positive workplace practice that forward looking companies must adopt if they are to endure She illuminates how the advent of digital technology is the crucial root cause of many Millennial behaviors and offers a guide for what our traditional workplace needs to do to attract engage and retain modern talent

Research with Children Pia Christensen, Allison James, 2017-01-12 The entirely revised third edition of Research with Children forms a unique resource book on the methodology of childhood research with a core emphasis on theory driven practices As in the previous two editions this edition presents particular standpoints in the field whilst also reflecting the latest developments in the now well established interdisciplinary field of childhood studies A rich collection of contributions from leading researchers across a range of disciplinary backgrounds research practices and theoretical perspectives discuss central questions of epistemology and methodology demonstrating the links between theory and practice This edition includes exciting new chapters on Internet based research and contemporary technology Family based research Children as researchers Participatory research in the global context New directions for childhood research Both theoretical and practical questions are set out in a well argued fashion that enables easier navigation through the various complexities of the epistemological and methodological questions arising in contemporary research practices with children As such this text will appeal to both the newcomer to childhood studies and to experienced researchers in the field With fully updated chapters new material and a revised clearer structure this new edition will be a valuable resource for researchers working with children

The Long Game Dorie Clark, 2021-09-21 A Wall Street Journal Bestseller Your personal goals need a long term strategy It s no secret that we re pushed to the limit Today s professionals feel rushed overwhelmed and perennially behind So we keep our heads down focused on the next thing and the next without a moment to breathe How can we break out of this endless cycle and create the kind of interesting meaningful lives we all seek Just as CEOs who optimize for quarterly profits often fail to make the strategic investments necessary for long term growth the same is true in our own personal and professional lives We need to reorient ourselves to see the big picture so we can tap into the power of small changes that made today will have an enormous and disproportionate impact on our future success We need to start playing The Long Game As top business thinker and Duke University professor Dorie Clark explains we all know intellectually that lasting success takes persistence and effort And yet so much of the relentless pressure in our culture pushes us toward doing what s easy what s guaranteed or what looks glamorous in the moment In The Long Game she argues for a different path It s about doing small things over time to achieve our goals and being willing to keep at them even when they seem pointless boring or hard In The Long Game Clark shares unique principles and frameworks you can apply to your specific situation as well as vivid stories from her own career and other professionals

experiences Everyone is allotted the same twenty four hours but with the right strategies you can leverage those hours in more efficient and powerful ways than you ever imagined It s never an overnight process but the long term payoff is immense to finally break out of the frenetic day to day routine and transform your life and your career Piensa a largo plazo en un mundo a corto plazo Dorie Clark,2022-05-05 No es ning n secreto que nuestras agendas est n repletas m s all del l mite y que hoy por hoy muchos profesionales se sienten apurados abrumados y permanentemente atrasados en el cumplimiento de sus metas As que se mantienen con la cabeza baja concentrados en lo siguiente y lo siguiente por hacer sin un momento para respirar De esta forma c mo podemos romper este ciclo interminable y crear el tipo de vida interesante y significativa que todos buscamos Como explica Dorie Clark todos entendemos desde el punto de vista intelectual que el xito duradero requiere de perseverancia y esfuerzo Sin embargo gran parte de la implacable presi n que ejerce nuestra cultura sobre nosotros nos empuja a hacer lo m s f cil lo que est garantizado o lo que parezca m s glamoroso en el momento En Piensa a largo plazo en un mundo a corto plazo su autora nos ubica en un camino diferente Se trata de hacer peque as cosas a lo largo del tiempo para lograr nuestras metas y estar dispuesto a cumplirlas incluso cuando estas cosas parezcan in tiles aburridas o dif ciles
