

MARK SCHEME for the November 2005 question paper

0625 PHYSICS

Section: Paper 2 (Theory)

Maximum mark: 80

This mark scheme is published as an aid to teachers and students, to illustrate the requirements of the examination. It shows the basis on which Examiners were initially instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any alteration changed to the mark scheme that arose from these discussions will be recorded in the published Report on the Examination.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the Report on the Examination.

The maximum marks for these components marked for various grades were previously published with these mark schemes, but are now instead included in the Report on the Examination for this session.

— CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the November 2005 question papers for most IGCSE and AICE Advanced Level and Advanced Subsidiary Level subjects and some Ordinary Level subjects.
