1 In The Garden Oxford University Press:

In the Garden of the Gods Eva Anagnostou-Laoutides, 2016-07-07 Examining the evolution of kingship in the Ancient Near East from the time of the Sumerians to the rise of the Seleucids in Babylon this book argues that the Sumerian emphasis on the divine favour that the fertility goddess and the Sun god bestowed upon the king should be understood metaphorically from the start and that these metaphors survived in later historical periods through popular literature including the Epic of Gilgame and the Enuma Eli The author's research shows that from the earliest times Near Eastern kings and their scribes adapted these metaphors to promote royal legitimacy in accordance with legendary exempla that highlighted the role of the king as the establisher of order and civilization As another Gilgame and later as a pious servant of Marduk the king renewed divine favour for his subjects enabling them to share the Garden of the Gods Seleucus and Antiochus found these cultural ideas as they had evolved in the first millennium BCE extremely useful in their efforts to establish their dynasty at Babylon Far from playing down cultural differences the book considers the ideological agendas of ancient Near Eastern empires as having been shaped mainly by class rather than race minded elites

Place-making John Phibbs, 2017-05-22 Lancelot Capability Brown 1716 1783 is the iconic figure at the head of the English landscape style a tradition that has dominated landscape design in the western world He was widely acclaimed for his genius in his own day and his influence on the culture of England has arguably been as great as that of Turner Telford and Wordsworth Yet although Brown has had his biographers his work has generated very little analysis Brown was prolific he has had a direct influence on half a million acres of England and Wales The astonishing scale of his work means that he did not just transform the English countryside but also our idea of what it is to be English and what England is His work is everywhere but goes largely unnoticed His was such a naturalistic style that all his best work was mistaken for untouched nature This has made it very difficult to see and understand Visitors to Brown landscapes do not question the existence of the parkland he created and there has been little professional or academic analysis of his work This book for the first time looks at the motivation behind Brown's landscapes and questions their value and structure whilst at the same time placing him within the English landscape tradition It aims primarily to make landscape legible to show people where to stand what to look at and how to see

Educating Character Through the Arts Laura D'Olimpio, Panos Paris, Aidan P. Thompson, 2022-11-18 This volume investigates the role of the arts in character education Bringing together insights from esteemed philosophers and educationalists it looks to the arts for insight into human character and explores the arts relationship to human flourishing and the development of the virtues Focusing on the moral value of art and considering questions of whether there can be educational value in imaginative and non narrative art the nine chapters herein critically examine whether poetry music literature films television series videogames and even gardening may improve our understanding of human character sharpen our moral judgement inculcate or refine certain skills required for virtue or perhaps cultivate certain virtues or vices themselves Bringing together research on aesthetics ethics

moral and character education this book will appeal to students researchers and academics of philosophy arts and education as well as philosophers of education morality aesthetics and teachers of the arts **American Military History** Center of Military History,1989 New Testament History Richard L. Niswonger,1992 In this excellent history of God's authoritative message to humankind Niswonger presents the major events of the life and ministry of Jesus Paul and the apostolic church by unfolding it against the historical religious and political settings of the time and recounting the events with simplicity and directness More than 90 photographs and maps An Existentialist Theory of the Human Spirit (Volume 1) Shlomo Giora Shoham,2020-07-22 This first volume examines how sexual mores and behavior religious dogma and practice and artistic creativity and authenticity have influenced and been influenced by the existentialist thought of Kierkegaard Heidegger Sartre Nietzsche Husserl and Buber and the writings of Camus Dostoevsky Beckett Kafka and Shestov It compares the author's personality theory with those of Freud Jung Fairbairn Karl Abraham and Melanie Klein and Buddhist Gnostic Christian and Muslim mysticism with Jewish Kabbalah It explains society's harsh treatment of Carlo Gesualdo Vincent van Gogh and Antonin Artaud and analyzes the existentialist approach to existence absurdity human dialogue and suicide It will appeal to students and professionals in fields as diverse as philosophy psychology sociology anthropology religion law music art drama literature and biology **Cultivated Plants of Southern Africa** H. F. Glen,2002 A listing of almost 9000 kinds of plants known to be cultivated in Southern Africa or to have been tried here The information is derived from a database containing details mainly of specimens archived in the National Herbarium Pretoria In Kierkegaard's Garden with the Poppy Blooms Chris Boesel,2021-07-27 Chris Boesel invites readers into a Kierkegaardian style literary conceit creating two pseudonymous voices one philosophical and deconstructive one theological and confessional in order to stage an encounter between two commentaries on Kierkegaard's *Fear and Trembling* On one level the contest between the two commentaries demonstrates the extent to which an encounter between deconstruction and Kierkegaard has not taken place in the one place everyone thinks it has in Derrida's reading of *Fear and Trembling* in *The Gift of Death* On a deeper level Boesel argues that Derrida's misreading of *Fear and Trembling* is both source and symptom of a wider problem an apophatic blind spot in deconstructive engagements with Christian theology in philosophy of religion and postmodern theology This blind spot erases the theological and ethical possibilities of what Boesel calls a Kierkegaardian confessional faith possibilities rooted in a deconstructive deconstructibility that produces its own deconstructive like effects As a corrective to this blind spot the encounter between deconstruction and Kierkegaard staged here shows how these effects do the very things heralded by self-proclaimed apophatic remedies of confessional faith disrupt human mastery over God and neighbor while calling for concrete commitments to justice for the widow orphan and stranger **A Human Garden** Paul-André Rosental,2019-12-01 Well into the 1980s Strasbourg France was the site of a curious and little noted experiment Ungemach a garden city dating back to the high days of eugenic experimentation that offered luxury living to couples who were deemed biologically fit and committed to

contractual childbearing targets Supported by public authorities Ungemach aimed to accelerate human evolution by increasing procreation among eugenically selected parents In this fascinating history Paul Andr Rosental gives an account of Ungemach s origins and its perplexing longevity He casts a troubling light on the influence that eugenics continues to exert even decades after being discredited as a pseudoscience in realms as diverse as developmental psychology postwar policymaking and liberal democratic ideals of personal fulfilment

Garden Plants Taxonomy Bijan Dehgan,2023-01-01 Horticulture has remained far behind in understanding of botanical principles Recent phylogenetic DNA based reorganization of higher plants has revolutionized taxonomic treatments of all biological entities even when morphology does not completely agree with their organization This book is an example of applying principals of botanical phylogenetic taxonomy to assemble genera species and cultivars of 200 vascular plant families of ferns gymnosperms and angiosperms that are cultivated for enhancement of human living space homes gardens and parks The emphases are on cultivated species but examples of some plants are often shown in the wild and in landscapes In providing descriptions it is assumed that students and other interested individuals have no background in general botany plant characteristics or nomenclature Fundamental features of all plant groups discussed are fully illustrated by original watercolor drawings or photographs Discussion of the families is grounded on recent botanical phylogenetic treatments which is based on common ancestry monophyly Of course phylogenetic taxonomy is not a new concept and was originally based on morphological characteristics it is the DNA based phylogeny that has revolutionized modern biological classifications In practical terms this book represents the horticultural treatment that corresponds to phylogenetic based botanical taxonomy to which is added cultigens and cultivated genera and species Hence the harmony between horticultural and botanical taxonomy This book covers phylogenetic based taxonomy of Ferns Gymnosperms and Angiosperms Monocots A companion volume covers Angiosperms Eudicots

The Garden of Priapus Amy Richlin,1992 Statues of the god Priapus stood in Roman gardens to warn potential thieves that the god would rape them if they attempted to steal from him In this book Richlin argues that the attitude of sexual aggressiveness in defense of a bounded area serves as a model for Roman satire from Lucilius to Juvenal Using literary anthropological psychological and feminist methodologies she suggests that aggressive sexual humor reinforces aggressive behavior on both the individual and societal levels and that Roman satire provides an insight into Roman culture Including a substantial and provocative new introduction this revised edition is important not only as an in depth study of Roman sexual satire but also as a commentary on the effects of all humor on society and its victims

Garden Spot David J. Walbert,2002 Each year millions of tourists are drawn to Lancaster County Pennsylvania to experience first hand the quintessential pastoral both as an escape from urban life and as a rare opportunity to become immersed in history The area has attracted visitors eager to catch a glimpse of the distinctive religious community

of the Old Order Amish to appreciate the beauty of the farmland to enjoy the abundant and delicious food of the Pennsylvania Dutch and most recently to shop at the area's outlet malls For nearly three hundred years Lancaster county has been a model of agricultural prosperity rooted in the family farm The rural character of the place remains Lancaster's predominant tourist attraction but is at odds with its rapidly rising population and the commercial and residential growth that has brought It is the tension between rural tradition progress and urbanization that lies at the core of Garden Spot David Walbert examines how twentieth century American culture has come to define and appreciate rurality and how growth and economic expansion can co exist with preservation of the traditional ways of life in the region Will small farms fail in a culture that has increasingly come to value productivity over quality of life What impact will further development have on maintaining this region's character Can rurality and progress co exist in the 21st century A vivid portrayal of the land and people residents and outsiders alike Garden Spot narrates the history of this region and considers the challenges Lancaster County and its people face in order to preserve their unique place

Leaves from the Garden of Eden Howard Schwartz, 2009 In *Leaves from the Garden of Eden* Howard Schwartz a three time winner of the National Jewish Book Award has gathered together one hundred of the most astonishing and luminous stories from Jewish folk tradition Just as Schwartz's award winning book *Tree of Souls The Mythology of Judaism* collected the essential myths of Jewish tradition *Leaves from the Garden of Eden* collects one hundred essential Jewish tales As imaginative as the *Arabian Nights* these stories invoke enchanted worlds demonic realms and mystical experiences The four most popular types of Jewish tales are gathered here fairy tales folktales supernatural tales and mystical tales taking readers on heavenly journeys lifelong quests and descents to the underworld King David is still alive in the City of Luz which the Angel of Death cannot enter and somewhere deep in the forest a mysterious cottage contains the candle of your soul In these stories a bride who is not careful may end up marrying a demon while the charm sewn into a dress may drive a pious woman to lascivious behavior There is a dybbuk lurking in a well a book that comes to life and a world where Lilith the Queen of Demons seduces the unsuspecting Here too are Jewish versions of many of the best known tales including *Cinderella* *Snow White* and *Rapunzel* Schwartz's retelling of one of these stories *The Finger* inspired Tim Burton's film *Corpse Bride* With its broad selection from written and oral sources *Leaves from the Garden of Eden* is a landmark collection representing the full range of Jewish folklore from the Talmud to the present It is a must read for everyone who loves fiction and an ideal holiday gift

The Garden Retreat in Asia and Europe Yue Zhuang, Alasdair Forbes, Michael Charlesworth, 2025-01-23 *The Garden Retreat in Asia and Europe* explores the meaning of gardens and designed landscapes as places of retreat and refuge in times of need or emergency In the current times of war pandemic climate change and global anxiety the value of the garden as a sanctuary a space where we can find refuge in a natural environment has taken on new and poignant meanings and has attracted increasing academic interest Multidisciplinary and multicultural in scope this book explores the meaning of gardens and designed landscapes as places of retreat and refuge in times of need or emergency Examining perspectives from scholars including art historians architects philosophers landscape architects and garden practitioners it reassesses the restorative impact of the garden whether understood from an individual cultural or environmental point of view Ranging widely across Asia and Europe its chapters examine ideas narratives and practices from the 4th century Chinese poet Tao Yuanming to the 12th century Iranian polymath Omar Khayyam through to the late 20th century British artist and film maker Derek Jarman Drawing upon traditional Asian philosophies like Buddhism Daoism and Sufism and combining these with more recent western philosophies the aim is to question how the unique virtues of gardens and designed landscapes can help to poise educate and possibly

transform attitudes and behaviours in a time of personal environmental or cultural crisis At once poetic scholarly and rigorous this book provides insightful reading for students and researchers in landscape architecture garden history architectural history art history and cultural history

Vulnerability and the Legal Organization of Work Martha Albertson Fineman, Jonathan W. Fineman, 2017-07-06 This book uses the concepts of vulnerability and resilience to analyze the situation of individuals and institutions in the context of the employment relationship It is based on the premise that both employer and employee are vulnerable to various social economic and political forces although differently so It demonstrates how in responding to those complementary institutional relationships of employer and employee the state unequally and inequitably favors employers over employees Several chapters included in this collection also consider how the state shapes creates and maintains through law the social identities of employer and employee and how that legal regime operates as the allocation of power and privilege This unique and fundamental role of the state in defining the employment relationship profoundly affects the respective abilities and degree of resiliency of actual employers and employees Other chapters explore how attention to the respective vulnerability and resilience of those who do and those who direct work in assessing the employment relationship can raise fundamental questions of social justice and suggest new avenues for critical engagement with labor and employment law Collectively these pieces articulate a framework for imagining what would constitute an appropriately Responsive State in the employment context and how those interested in social justice might begin to use the concepts of vulnerability and resilience in their arguments
