How Scaffolding Works Nancy Frey, Douglas Fisher, John Almarode, 2023-01-13 Provide the perfect structure and support to develop student independence Effective scaffolding leads to learner autonomy but too many educators have been airlifting students to right answers perpetuating a generation who don't know how to learn Yes we know the sweet spot for learning involves giving our students the right blend of productive failure and productive success but how to do it is cloaked in misconceptions *How Scaffolding Works* unveils the essential moves and methods Ten interactive modules help every K 12 educator structure support in new ways including knowing how to Gradually release responsibility to students through intentional and purposeful scaffolding Design lessons and experiences that attend to the affective metacognitive and cognitive aspects of learning Collect data before during and after learning so we can place move and take away scaffolds with greater intention Promote independence with front end scaffolds distributed scaffolds back end scaffolds peer scaffolds and fading scaffolds Use a blend of demonstration modeling coaching explaining questioning and choice Promote purposeful practice in which learners knows where they're going and how to get there Perhaps we rush in to rescue learners because the world seems fraught we want to help our students reach the safety of academic success Our intentions are good but it's time to step back gradually and purposefully and let them pilot their own learning

Visual Securitization Alice Massari, 2021-05-18 This open access book offers an innovative account of how relief organizations visual depiction of Syrian displacement contributes to reproduce and reinforce a securitized account of refugees Through visual analysis the book demonstrates how the securitization process takes place in three different ways First of all even if marginally it occurs through the reproduction of mainstream media and political accounts that have depicted refugees in terms of threats Secondly and more consistently through a representation of Syrian displaced people that despite the undeniable innovative aesthetic patterns focusing on dignity and empowerment continue to reinforce a visual narrative around refugees in terms of victimhood and passivity The reproduction of a securitized account takes also place through the dialectic between what is made visible in the pictures and what is not At the same time the book identifies visual glimmers and minor displacements in the humanitarian discourse that have the potentiality to produce alternative discourses on refugees and displacement beyond the mainstream securitized ones By showing how relief organizations visual representation contributes to the securitization of the refugee issue this book provides a great resource to students and academics in migration visuality humanitarianism and securitization as well as social scientists and policy makers

Through the Lens Lauren Walsh, 2022-03-10

2020 was a period of groundbreaking social and political upheaval in combination with a colossal epidemiological crisis and it urgently redefined the working conditions of photojournalists The historic 2020 Black Lives Matter protests and the devastating Covid 19 pandemic presented unique challenges for photojournalism forcing photographers into a terrain defined by new ethical technological and safety emotional and physical concerns as well as innovative attacks on press freedom Through a series of interviews with top photographers who covered 2020's biggest crises as well as key photo editors who grappled with these unprecedented obstacles inside the newsroom Through the Lens The Pandemic and Black Lives Matter unpacks the industry's most critical debates as it sheds light on the experiences and thought processes of the visual journalists themselves Importantly this book encourages readers to consider the efforts behind the camera lens the challenges and risks visual journalists face to bring us the news in pictures Richly illustrated with evocative photos Through the Lens is a timely and

vital look at the role photojournalism serves in a world of crisis It is a powerful follow up to Lauren Walsh s previous title *Conversations on Conflict Photography* which offers a crucial exploration of the visual documentation of war and humanitarian crisis

The Health of Refugees Pascale Allotey, Daniel Reidpath, 2019-01-03 At the moment over 65 million people are forcibly displaced from their homes The reasons for movement range from extreme weather conditions and environmental disasters to war civil and political crises to the need for basic economic survival Amongst these 65 million people are those that have been forced to leave a country that is no longer willing or able to offer protection and those who are displaced within their own country s borders In order to improve conditions for displaced people all over the globe we need to look at the reason behind their move as this defines their migration status under international law In its turn the migration status affects the requirements of other countries to grant asylum and the individual s right to protection and support The definition of migration status and its implications has created tension in the public debate on refugees for decades and is today more relevant than ever In *The Health of Refugees Public Health Perspectives from Crisis to Settlement* the challenges and vulnerabilities created from this debate are addressed by public health policy makers clinical practitioners and researchers An analysis of public health international law the history of migration and the media s role in refugee health it is a comprehensive and critical work with a strong message in favour of international and interdisciplinary cooperation With a focus on what international obligations entail when it comes to refugees and migrants the authors present a reinforced take on our collective responsibility to leave no one behind *The Health of Refugees Public Health Perspectives from Crisis to Settlement* traces the health repercussions on individuals and populations from the moment of forced mass movement due to conflict and other disasters through to the process of resettlement in other countries These issues are addressed within the context of other global public health priorities and are part of the book s critical analysis not only of the particular vulnerabilities created by mobility but also how these interact and intersect with existing considerations across gender and age in health systems and international law With a wider geographical area and case studies from all over the globe as a basis for the studies presented this is a fully updated edition with new material discussing the current political landscape A truly multidisciplinary book *The Health of Refugees* is ideal for public health practitioners researchers and postgraduate students It is also an important work for those involved in non governmental organisations international aid and international development Furthermore it provides a critical background for clinicians mental health workers and policymakers from health welfare and migration

Photographic Returns Shawn Michelle Smith, 2020-01-03 In *Photographic Returns* Shawn Michelle Smith traces how historical moments of racial crisis come to be known photographically and how the past continues to inhabit punctuate and transform the present through the photographic medium in contemporary art Smith engages photographs by Rashid Johnson Sally Mann Deborah Luster Lorna Simpson Jason Lazarus Carrie Mae Weems Taryn Simon and Dawoud Bey among others Each of these artists turns to the past whether

by using nineteenth century techniques to produce images or by re creating iconic historic photographs as a way to use history to negotiate the present and to call attention to the unfinished political project of racial justice in the United States By interrogating their use of photography to recall revise and amplify the relationship between racial politics of the past and present Smith locates a temporal recursivity that is intrinsic to photography in which images return to haunt the viewer and prompt reflection on the present and an imagination of a more just future *Future Law* Edwards Lilian

Edwards,2020-03-02 How will law regulation and ethics govern a future of fast changing technologies Bringing together cutting edge authors from academia legal practice and the technology industry *Future Law* explores and leverages the power of human imagination in understanding critiquing and improving the legal responses to technological change It focuses on the practical difficulties of applying law policy and ethical structures to emergent technologies both now and in the future It covers crucial current issues such as big data ethics ubiquitous surveillance and the Internet of Things and disruptive technologies such as autonomous vehicles DIY genetics and robot agents By using examples from popular culture such as books films TV and Instagram including Black Mirror Disney Princesses Star Wars Doctor Who and Rick and Morty it brings hypothetical examples to life And it asks where law might go next and to regulate new phase technology such as artificial intelligence smart homes and automated emotion recognition

One Giant Leap Charles Fishman,2020-09-22 The New York Times bestselling meticulously researched and absorbingly written The Washington Post story of the trailblazers and the ordinary Americans on the front lines of the epic Apollo 11 moon mission President John F Kennedy astonished the world on May 25 1961 when he announced to Congress that the United States should land a man on the Moon by 1970 No group was more surprised than the scientists and engineers at NASA who suddenly had less than a decade to invent space travel When Kennedy announced that goal no one knew how to navigate to the Moon No one knew how to build a rocket big enough to reach the Moon or how to build a computer small enough and powerful enough to fly a spaceship there No one knew what the surface of the Moon was like or what astronauts could eat as they flew there On the day of Kennedy s historic speech America had a total of fifteen minutes of spaceflight experience with just five of those minutes outside the atmosphere Russian dogs had more time in space than US astronauts Over the next decade more than 400 000 scientists engineers and factory workers would send twenty four astronauts to the Moon Each hour of space flight would require one million hours of work back on Earth to get America to the Moon on July 20 1969 A veteran space reporter with a vibrant touch nearly every sentence has a fact an insight a colorful quote or part of a piquant anecdote The Wall Street Journal and in *One Giant Leap* Fishman has written the sweeping definitive behind the scenes account of the furious race to complete one of mankind s greatest achievements It s a story filled with surprises from the item the astronauts almost forgot to take with them the American flag to the extraordinary impact Apollo would have back on Earth and on the way we live today From the research labs of MIT where the eccentric and legendary pioneer Charles Draper created the tools to fly the Apollo spaceships to the

factories where dozens of women sewed spacesuits parachutes and even computer hardware by hand Fishman captures the exceptional feats of these ordinary Americans It s been 50 years since Neil Armstrong took that one small step Fishman explains in dazzling form just how unbelievable it actually was Newsweek
