Bulmer-Thomas,2012-10-29 Examines the economic history of the Caribbean and is the first analysis to span the whole region **Maya Christians and Their Churches in Sixteenth-Century Belize** Elizabeth Graham,2020-03-17 It is widely held that Christianity came to Belize as an extension of the conquest of Yucatan and that adherence to Christian belief and practice was abandoned in the absence of enduring Spanish authority An alternative view comes from the excavations of Maya churches at Tipu and Lamanai which show that the dead were buried in Christian churchyards long after the churches themselves fell into disuse and pre Columbian ritual objects were cached in Christian sacred spaces both during and after Spanish occupation Excavations also reveal that the architectural style of these early churches is Franciscan in inspiration but nonetheless the product of continuing community efforts at construction and repair A conclusion difficult to ignore is that the Maya of Tipu and Lamanai considered themselves Christians with or without Spanish presence Viewing historical and archaeological data through the lens of her personal experience of Roman Catholicism and informed by feminist approaches Elizabeth Graham assesses the concept of religion the significance of doctrine the empowerment of the individual and the process of conversion by examining the meanings attributed to ideas

objects and images by the Maya by Iberian Christians and by archaeologists Graham's provocative study also makes the case that the impact of Christianity in Belize was a phenomenon that uniquely shaped the development of the modern nation.
