**1930'S HOUSE MANUAL** IAN. ROCK,2018      *The 1930s HOUSE MANUAL* Ian Rock,2023-01-27      **Ideal homes, 1918-39** Deborah Sugg Ryan,2018-03-06 This book explores the aspirations and tastes of new suburban communities in interwar England for domestic architecture and design that was both modern and nostalgic in a period where homeownership became the norm It investigates the ways in which new suburban class and gender identities were forged through the architecture design and decoration of the home in choices such as ebony elephants placed on mantelpieces and modern Easiwork dressers in kitchens Ultimately it argues that a specifically suburban modernism emerged which looked backwards to the past whilst looking forward to the future Thus the inter war ideal home was both a retreat from the outside world and a site of change and experimentation The book also examines how the interwar home is lived in today It will appeal to academics and students in design social and cultural history as well as a wider readership curious about interwar homes

Ideal homes Deborah Sugg Ryan,2020-04-01 *Ideal homes* investigates the tastes and aspirations of the suburban communities that emerged in Britain after the First World War It explores how new class and gender identities were forged through the architecture and decoration of the home This edition includes a chapter on researching the history of your own house      **American Home Life, 1880-1930** Jessica H. Foy,2024-07-31 In the pivotal decades around the turn of the century American domestic life underwent dramatic alteration From backstairs to front stairs spaces and the activities within them were radically affected by shifts in the larger social and material environments This volume while taking account of architecture and decoration moves us beyond the study of buildings to the study of behaviors particularly the behaviors of those who peopled the middle class single family detached American home between 1880 and 1930 The book s contributors study transformations in services such as home utilities of power heat light water and waste removal in servicing for example the impact of home appliances such as gas and electric ranges washing machines and refrigerators and in serving changes in domestic servants duties hours of work racial and ethnic backgrounds In blending intellectual and home history these essays both examine and exemplify the perennial American enthusiasm for as well as anxiety about the meaning of modernity

*Urban and Regional Planning* Peter Hall, Mark Tewdwr-Jones, 2019-10-08 This is the sixth edition of the classic text for students of geography and urban and regional planning. It gives an historical overview of the changes in cities and regions and in the development of the theory and practice of planning throughout the 20th and 21st centuries. The extensively revised edition now incorporates new material on European issues as well as updated country specific sections and the impact of recession. Specific references are made to the most important British developments in recent times including new towns, neo liberalism, the devolution to Scotland, Wales and Northern Ireland and to cities and combined authorities, the role of infrastructure and high speed rail, the impact of austerity, neighbourhood planning, Brexit and the continual story of the north south divide. A chapter on United States planning discusses the continuing trends of urban dispersal and social polarisation, the treatment of climate change, the rise of edge cities and the decline of rustbelt cities as well as initiatives in new urbanism, land use planning and transportation policies. Finally, the book looks to discuss the main issues that are likely to impact on future forms of planning in the 2020s including digitisation, automation, sustainability and social polarisation. *Urban and Regional Planning* will be invaluable to undergraduate as well as postgraduate Planning students. It will prove useful in a variety of built environment areas such as Architecture, Landscape Architecture, Urban Design, Real Estate where planning is taught.

*The British National Bibliography* Arthur James Wells, 2009

*Queen of the Pulps* Laurie Powers, 2019-09-26 Daisy Bacon, the opinionated, autocratic and complex editor of *Love Story Magazine* from 1928 to 1947, chose the stories that would be read by hundreds of thousands of readers each week. The first weekly periodical devoted to romance fiction and the biggest selling pulp fiction magazine in the early days of the Great Depression, *Love Story* sparked a wave of imitators that dominated newsstands for more than twenty years. Disparaged as a love pulp, the magazine actually championed the modern girl, bringing its heroines out of the shadows of Victorian poverty and into the 20th century. With *Love Story*'s success, Bacon became a national spokesperson, declaring that the modern woman could have it all in love, in marriage and in the business world. Yet Bacon herself struggled to achieve that ideal, especially in her own romantic life built around a long term affair with a married man. Drawing on exclusive access to her personal papers, this first ever biography tells the story behind the woman who influenced millions of others to pursue independence in their careers and in their relationships.

*Life in a Kam Village in Southwest China, 1930-1949* Chaoquan Ou, 2007-10-31 Although this unique insider's account of minority life in China is clearly a book in itself, it is also the sequel to the much acclaimed *The Kam People of China* by Geary Ou and others, 2003. It describes the hitherto scarcely researched culture of people from Xiangye village in an untravelled corner of Guizhou province, Southwest China, in the 20 years leading up to Liberation in 1949. Xiangye is a Kam Dong nationality village, so the book highlights Kam culture of the 1930s and 1940s. It is a fascinating and unparalleled study, also offering exceptionally clear details of many aspects of material culture and social customs, for example the work of rice farming, cotton production.

and cooking beautifully illustrated with line drawings and photographs that should appeal to anyone interested in the Kam people China or in ethnology generally The author grew up in Xiangye and later became Professor of Anthropology at a university in Qinghai province The manuscript was first written in Chinese with the intention of having it translated into English for an outside readership

**Restoration Manual No. 10** Old-House Journal Editors, Old-House Journal, 1986-03

**Modernist Semis and Terraces in England** Finn Jensen, 2012 Between the two World Wars there was an unprecedented need for new houses in Britain which resulted in a building boom While only a small percentage of this building took the form of Modernism there was still a significant number of semis and terraces built for the workers and middle class families in the 1920s and 1930s built in this style This book examines these modest Modernist houses within the broader context of the Modern Movement in Europe as well as the inter war building boom in suburban Britain Illustrated with line drawings and photographs of more than 30 examples from around the country and based on little known contemporary material such as catalogues advertisements radio broadcasts and letters it shows how these houses speak of a time of political social and artistic unrest and a world where the avant garde architects sought to capture the spirit of modern technology in their designs for the average home owner While the Modernist houses never became popular with the general public the fact that so many are still standing and now sought after by twenty first century families speak for their endurance and special appeal

*San Diego in the 1930s* Federal Writers Project of the Works Progress Administration, 2013-04-16 San Diego in the 1930s offers a lively account of the city s culture roadside attractions and history from the days of the Spanish missions to the pre Second World War boom The guide is revealing both in the opinions it embodies and in the juicy details it records tidbits such as the bloodiest and most incompetently fought battle of the Mexican American War Emma Goldman s abruptly terminated speech to local Wobblies in 1912 and even a delightfully anachronistic way to beat a San Diego speeding ticket Brimming with tours that can prove challenging to retrace this book reminds us of the changes wrought by seven decades of intervening war peace and biotechnology Unlatching a remarkable trapdoor into the past this compact and charming document of the Depression era invites repeated browsing and is generously illustrated with striking black and white photographs that bring the period to life

*Bookleggers and Smuthounds* Jay A. Gertzman, 2011-09-02 Between the two world wars at a time when both sexual repression and sexual curiosity were commonplace New York was the center of the erotic literature trade in America The market was large and contested encompassing not just what might today be considered pornographic material but also sexually explicit fiction of authors such as James Joyce Theodore Dreiser and D H Lawrence mail order manuals pulp romances and little dirty comics *Bookleggers and Smuthounds* vividly brings to life this significant chapter in American publishing history revealing the subtle symbiotic relationship between the publishers of erotica and the moralists who attached them and how the existence of both groups depended on the enduring appeal of prurience By keeping intact the association of sex with obscenity and shameful silence distributors of erotica simultaneously provided the antivice crusaders with a public enemy Jay Gertzman offers unforgettable portrayals of the pariah capitalists who shaped the industry and of the individuals organizations and government agencies that sought to control them Among the most compelling personalities we meet are the notorious

publisher Samuel Roth the Prometheus of the Unprintable and his nemesis John Sumner head of the New York Society for the Suppression of Vice a man aggressive in his pursuit of pornographers and in his quest for a morally united and ethnically homogeneous America
