Quality Management In each chapter case studies are provided to guide readers in areas outside their expertise **The Agile Virtual Enterprise** Ted Goranson,1999-09-30 New ways to manage change and to compete in a rapidly changing business world are emerging under the concept of the agile enterprise Agile organizations can be almost any size or type but what distinguishes them from their lumbering traditional business counterparts is the ability to read and to react quickly They can also be virtual meaning they can reconfigure themselves quickly and temporarily in response to a challenge which gives them agility but then dissolve or transmute themselves into something else Goranson explains how they do this and how your own organization can do it too With fascinating case studies and a unique metric Goranson provides answers The result is essential reading for management at almost any level within every type of organization Now that serious management tools are beginning to appear the agile virtual enterprise is no longer just a theoretical possibility it s real In fact although they were never actually described that way virtual organizations can be found throughout history from the whaling companies of the 19th century through the film studios of the 20th Goranson describes many of these businesses and gives us an understanding of how they evolved and why they worked Of special interest is his metric It requires no technical background to be understood and applied yet it digs deeply into the philosophy of strategic management as well as its practicalities Goranson also reports for the first time on the large scale research sponsored by the U S military to advance the state of the art in management science and to create the tools that eventually made the agile virtual enterprise what it is today The Agile Virtual Enterprise Ted Goranson,1999-09-30 New ways to manage change and to compete in a rapidly changing business world are emerging under the concept of the agile enterprise Agile organizations can be almost any size or type but what distinguishes them from their lumbering traditional business counterparts is the ability to read and to react quickly They can also be virtual meaning they can reconfigure themselves quickly and temporarily in response to a challenge which gives them agility but then dissolve or transmute themselves into something else Goranson explains how they do this and how your own organization can do it too With fascinating case studies and a unique metric Goranson provides answers The result is essential reading for management at almost any level within every type of organization Now that serious management tools are beginning to appear the agile virtual enterprise is no longer just a theoretical possibility it s real In fact although they were never actually described that way virtual organizations can be found throughout history from the whaling companies of the 19th century through the film studios of the 20th Goranson describes many of these businesses and gives us an understanding of how they evolved and why they worked Of special interest is his metric It requires no technical background to be understood and applied yet it digs deeply into the philosophy of strategic management as well as its practicalities Goranson also reports for the first time on the large scale research sponsored by the U S military to advance the state of the art in management science and to create the tools that eventually made the agile virtual enterprise what it is today **Agile Transformation** Neil Perkin,2019-10-03 LONGLISTED CMI Management Book of the Year 2020 Technology

and Patterns at Work Transformed Category Traditional organizational structures and cultures are no longer fit for purpose in a digitally empowered world The number of new and disruptive technologies is increasing the speed of change shows no sign of slowing down and business leaders and organization development practitioners need to act urgently to enable their companies to succeed in the digital age Agile Transformation is the much needed guide to achieving this success Packed full of practical advice this book covers everything why new operating models are needed how to apply agile principles at scale leveraging digital native processes and why change managers need to think big but start small Agile Transformation also looks at how to build and engage high performing teams for change how to tackle the employee mindset that can hinder agile adoption and why developing an agile business is not a reason to fail to plan There is also guidance on how to develop fast and focused high velocity decision making build momentum for change and ensure that leadership behaviours and organizational culture catalyze true organizational agility Featuring case studies from organizations including Amazon Netflix and Vodafone this book is crucial reading for businesses wanting to effectively compete in the new world of work

  The Agility Factor Christopher G. Worley,Thomas D. Williams,Edward E. Lawler, III,2014-07-22 A research based approach to achieving long term profitability in business What does it take to guarantee success and profitability over time Authors Christopher G Worley a senior research scientist Thomas D Williams an executive advisor and Edward E Lawler III one of the country s leading management experts set out to find the answer In The Agility Factor Building Adaptable Organizations for Superior Performance the authors reveal the factors that drive long term profitability based on the practices of successful companies that have consistently outperformed their peers Of the 234 large companies across 18 industries that were studied there were few companies that delivered sustained performance across the board The authors found that across industries the most successful companies were not the usual suspects found in the media but companies who possessed a quiet agility that allowed them to quickly perceive and respond to changes so that they could continue to grow Agility gives organizations the ability to adapt to fluctuations in the environment test possible responses and implement changes quickly This book offers specific research based case studies to help organizational leaders use agility to achieve sustained profitability and performance while also becoming more adaptable to a changing marketplace For executives leaders consultants board members and all those responsible for the long term health of organizations this insightful guide outlines The components of agility for business organizations How to successfully build agility within an organization How agility has its foundation in good management practices How to use agility to gain a competitive advantage in the marketplace **The Agile Organization** Linda Holbeche,2015-06-03 Given today s context of tough change organizations need to be able to innovate as well as develop and implement strategy quickly and efficiently The key to this is agility a set of capabilities that can help organizations to rapidly adapt to changing circumstances At the same time resilience is also essential if benefits are going to endure over the longer term and if employees are to be kept on board The Agile

Organization focuses on how to build both agility and resilience at individual team and organizational levels It draws on a wealth of research including the lived experience and learning of managers and HR and organization development OD professionals to show how it is possible to square the circle becoming more sustainably agile while also enhancing employee engagement and resilience The Agile Organization showcases the latest thinking new organizational models ground breaking themes and case studies that illustrate how organizations are addressing the challenge of developing organizational agility Packed with helpful checklists and practice pointers this book is a go to guide for senior leaders and managers HR and OD specialists who want to help bring about organizational transformation and create the new resiliently agile business as usual

   Agility.X Christiane Prange,Loizos Heracleous,2018-03-15 In recent years the concept of agility has captured the executive imagination and leaders in a variety of industries and companies of all sizes are now searching for ideas on how to effectively utilize agile thinking This book provides insights on agility from world class experts on leadership strategy and organization alongside seasoned practitioners who have successfully implemented agility programs for companies such as Daimler Ford Motor Company J W Thompson Siemens and NASA By combining theoretical expertise with a variety of managerial experiences it provides a wide ranging yet succinct guide for companies seeking to engage in the transformative journey towards becoming more agile As such it will be of great use and interest to executives in all industries executive education participants and consultants M B A students and researchers interested in agile Agility X prepares leaders for managing under uncertainty and organizations for thriving in turbulent environments   *Agile Strategies for the 21st Century* Herbert Nold,2021-11-22 Designing agile organizations fit for a dynamic volatile uncertain complex and ambiguous VUCA world has become a necessary skill for successful 21st century leaders This book provides a summary of many classical strategic management techniques before introducing the reader to emergent concepts that are more in tune with the VUCA environment It explains how the culture defines an environment that either enables or inhibits the creation of new knowledge which translates into innovation and fast effective decision making The name of the game here is speed As such this book provides a practical framework for leaders or managers to build agile organizations designed to accelerate innovation and adaptability Successful executives must rapidly identify many unseen and rarely discussed interferences that creep into the culture of an organization that disrupt the flow of critical knowledge Executives worldwide must quickly identify those unseen viruses within their organizations so they can take targeted action to fix the root problem rather than just try a flavor of the month approach They need a way to diagnose underlying root causes of cultural infections and the diagnostic mentoring methodology described here provides a practical way for executives to do just that   **Agile Virtual Enterprises** Maria Manuela Cunha,Goran Putnik,2006-01-01 The authors address Agile Virtual Enterprises as a new organizational paradigm highly dynamic reconfigurable agile networks of independent enterprises sharing all resources including knowledge market customers etc and using specific organizational architectures that introduce the enterprises true virtual

environments Provided by publisher <u>Virtual Operations and Agile Organizations</u> Bernhard Robert Katzy,1997 *Agile Innovation* Langdon Morris,Moses Ma,Po Chi Wu,2014-09-22 Find your company s unique innovation style and nurture it into a powerful competitive advantage Praised by business leaders worldwide Agile Innovation is the authoritative guide to survival and success in today s innovate or die business world This revolutionary approach combines the best of Agile with the world s leading methods of Innovation to present a crisp articulate and proven system for developing the breakthrough capabilities every organization must master to thrive today and tomorrow You already know that effective innovation doesn t happen by accident it is achieved by careful design Agile Innovation addresses the three critical drivers of innovation success accelerating the innovation process reducing the risks inherent in innovation and engaging your entire organization and your broader ecosystem in the innovation effort The key frameworks described here build on the proven success of Agile to provide a comprehensive and customizable Innovation Master Plan approach to sustained innovation improvement in the five critical performance areas strategy portfolio process culture and infrastructure Major topics include the power of Agile in the innovation process how to overcome innovation risk the best tools to evoke engagement and collaboration branding as an integral element of innovation and the best leadership skills and practices that create the special environment that enables transformative growth Readers will learn specifically how to create better ideas develop them more efficiently and work together more profitably and effectively to achieve breakthroughs The insights offered in this book are highlighted in 11 detailed case studies illustrating the world s best innovation practices at Wells Fargo Nike Volvo Netflix Southwest Airlines NASA The New York Times and others in dozens of specific business examples in two dozen powerful and unique techniques and methods and a full set of implementation guidelines to put these insights into practice Key Insights Understand how to implement the many ways that innovation efforts can be accelerated to achieve even greater competitive advantage Learn to create a culture of innovation greater engagement and rich collaboration throughout your organization Discover how to reduce risk and accelerate learning Implement your own unique plan to enhance collaborative innovation from leadership through operations Integrate key agility principles into your strategic planning decisions for sustained improvement Explore dramatic new approaches to open innovation that optimize large scale innovation Apply the latest and best technology tools to enhance innovation reduce risk and promote broad participation This is a must read book a practical guide for fostering a culture of innovation nurturing creativity and efficiently developing the ideas that drive strategic growth And since innovation is not imitation you know that copying the ideas and strategies of other successful organizations will not produce the desired outcomes Hence all leaders must develop their own way of innovating and nurture the right style of collaborating for their own organization This book will guide you to find your own unique pathways to success Blaze your own trail to the high levels of innovativeness and organizational agility by learning from the expert guidance and practical actionable advice offered throughout this important book **Leading Agile Teams** Doug Rose,2015-07-01
