Gaston Bachelard,1988 **Shakespeare's Spiral** François-Xavier Gleyzon,2010-03-19 This book explores the figure of the snail in Shakespeare and in Renaissance painting From the emergence of the gastropod object subject in the text of King Lear and its iconic interface in Giovanni Bellini's painting Allegory of Falsehood this study follows the path traced

Humming Suk-Jun Kim,2018-12-13 Humming is a ubiquitous and mundane act many of us perform The fact that we often hum to ourselves to family members or to close friends suggests that humming is a personal intimate act It can also be a powerful way in which people open up to others and share collective memories In religious settings such as Tibetan chanting humming offers a mesmerising sonic experience Then there are hums that resound regardless of human activity such as the hums of impersonal objects and man made or natural phenomena The first sound studies book to explore the topic of humming Humming offers a unique examination of the polarising categories of hums from hums that are performed only to oneself that are exercised in religious practice that claim healing and that resonate with our bodies to hums that can drive people to madness that emanate from cities and towns and that resound in the universe By acknowledging the quirkiness of hums within the established discourse in sound studies Humming takes a truly interdisciplinary view on this familiar yet less trodden sonic concept in sound studies *Designing Spaces for Natural Ventilation* Ulrike Passe,Francine Battaglia,2015-03-12 Buildings can breathe naturally without the use of mechanical systems if you design the spaces properly This accessible and thorough guide shows you how in more than 260 color diagrams and photographs illustrating case studies and CFD simulations You can achieve truly natural ventilation by considering the building's structure envelope

energy use and form as well as giving the occupants thermal comfort and healthy indoor air By using scientific and architectural visualization tools included here you can develop ventilation strategies without an engineering background Handy sections that summarize the science explain rules of thumb and detail the latest research in thermal and fluid dynamics will keep your designs sustainable energy efficient and up to date

Tourism Imaginaries at the Disciplinary Crossroads Maria Gravari-Barbas,Nelson Graburn,2016-06-23 Providing a unique analysis of current multidisciplinary research on the complex relationships between tourism and the imaginaries of tourist destinations this book traces the links between tourism imaginaries and their religious heaven and political utopia antecedents The substantive chapters are organised into three main thematic sections the first explores the touristic production and consumption of place imaginaries the second analyses the way places are practiced through imaginaries and the role imaginaries play in the tourist experience and the final section explores the way images and the media participate in the creation of tourism imaginaries

Materiality and Space Nathalie Mitev,Francois-Xavier de Vaujany,2013-08-09 *Materiality and Space* focuses on how organizations and managing are bound with the material forms and spaces through which humans act and interact at work It concentrates on organizational practices and pulls together three separate domains that are rarely looked at together sociomateriality sociology of space and social studies of technology The contributions draw on and combine several of these domains and propose analyses of spaces and materiality in a range of organizational practices such as collaborative workspaces media work urban management e learning environments managerial control mobile lives institutional routines and professional identity Theoretical insights are also developed by Pickering on the material world Lyytinen on affordance Lorino on architecture and Introna on sociomaterial assemblages in order to delve further into conceptualizing materiality in organizations

The Flame of a Candle Gaston Bachelard,1988 *Forthcoming Books* Rose Arny,1989-05

Bibliographic Guide to Education ,1990 *Books in Print* ,1994 **Camille Pissarro** Joachim Pissarro,1993 Impressionist artist Pissarro s great grandson Joachim presents the diversity and charm of his ancestor s work in 205 color images and 149 black and white photographs A fresh engaging look at the genius of an artist ever receptive to new ideas 75 00 after January 1 1994

Subject Guide to Books in Print ,1993 **Gaston Bachelard, Subversive Humanist** Mary McAllester Jones,Gaston Bachelard,1991 In an elegant translation Mary McAllester Jones brings to English speaking readers the writings of a singular French philosopher of science whose rich intellectual legacy is too little known Gaston Bachelard who died in 1962 left us twelve works on the philosophy of science nine on the poetic imagination and two on time and consciousness written in an image laden style that rejected traditional academic discourse in favor of a subversive allusive highly metaphorical way of thinking and writing Gaston Bachelard *Subversive Humanist* gives us a generous introduction to Bachelard s brilliant and idiosyncratic writings about the relation of science poetry and human consciousness The extracts are framed in succinct critical essays that explicate the development of his ideas and clarify his relation to the contemporary

French intellectual revolution more commonly associated with Michel Foucault and Jacques Derrida The matrix of Bachelard's thought is twentieth century science the new scientific mind that he dates from 1905 and Einstein's special theory of relativity Like the discovery of America five hundred years before the discoveries of mathematics and physics today have undermined our familiar epistemologies Modern science has forced us to revise our conception of the rational subject and of the relation between reason and reality subject and object A psychic revolution has accompanied this revolution in reason If we try to grasp the dialectics of matter and energy in physics or the dualism of waves and particles we shall learn to maintain difference and handle complexity we are shaken out of the reductive identity ridden habits of ordinary life and thought As a writer of science Bachelard deliberately aimed to rid us of the preconceptions that blind us to the facts to science as it is now The same wariness with regard to theory is present in his approach to poetry For Bachelard mathematical equation and poetic image alike break with everyday experience Reading poetic images brings us the experience of openness of newness says Bachelard The reader is called upon to continue the writer's images he is aware of being in a state of open imagination There is little place for abstract critical theory in Bachelard's view of Poetry Gaston Bachelard *Subversive Humanism* will interest literary scholars philosophers and intellectual historians *American Book Publishing Record* ,1988 **The One Life** Antonella Riem,2005 For the first time a monographic study of Coleridge's work extensively uncovers the connections of his poetry with the Hindu view of life This study investigates Coleridge's philosophical and spiritual itinerary it originally contributes in showing the strong impact the first translations of some texts of Hinduism had on the author's psyche philosophical approach and poetical inspiration In addition Coleridge's unpublished manuscript notes found in one of the Abb J A Dubois seminal studies of India are here presented as proof of the poet's long standing interest in and frequentation of Hinduism Inclined to investigate the complexities of the human condition both poetically and philosophically Coleridge has tried to resolve the extremes of human existence through a synthesis of both Western and Oriental visions through which the universe ultimately emerges as an organic cosmos rhythmically unfolding through an intricate web of influxes echoes and correspondences Antonella Riem Natale's scholarly work invites readers to participate in the open ended adventure of Coleridge's quest toward the Divine One and its multi faceted layers of existence by originally combining textual analysis with all recent literary criticism and inter disciplinary investigations encompassing mythological anthropological philosophical scientific and historical fields of study Weaving personal facets of Coleridge's artistic sensibility with the Hindu world view the underlying metaphysical concerns that were integral to his vision of art and existence are thus unravelled in a coherent and poignant reinterpretation of an extraordinary poet and his times **Water and Dreams** Gaston Bachelard,1983 **The Quest** ,1995 Books in Print Supplement ,1988
