

MODEL TFM-550

Airborne UHF and VHF High/Low band FM Transceiver

Technisonic Multi-Band VHF Lo/VHF Hi and UHF Airborne Transceiver

The Technisonic TFM-550 Multi-Band airborne VHF/UHF FM transceiver utilizes state of the art frequency synthesis techniques to provide FM communications on every currently available channel within the General Radio Service VHF/FM Low Band, VHF/FM High Band and UHF/FM Band. This transceiver covers VHF Low Band from 30 to 50 MHz in 2.5 KHz steps, VHF High Band from 138 to 174 MHz in 2.5 KHz increments, and UHF from 403 to 512 MHz also in 2.5 KHz steps. Operating frequencies and other related data are presented on a 96 character, four line LED matrix display, which is available in either red or green.

The TFM-550 can be installed to operate in "Single Mode" to function as a multi-band transceiver operating in VHF Lo, VHF Hi or UHF bands with combined audio run through a single audio controller FM input. In this mode, the band select switch is positioned by the operator to select one of the three bands which are accessed one at a time. Combined audio and transmit control are available at J101 (15 pin connector) at the rear of the transceiver. Alternately, the TFM-550 can function in "Dual Mode" and be installed to two FM positions (typically FM1 and FM2) on the audio controller, allowing for simultaneous operation on UHF and either VHF Low or VHF High Band. In this mode, VHF Hi and VHF Lo audio are combined and output to a single audio controller FM input. The front panel band select switch provides for VHF-Hi or VHF Lo transmitter selection. VHF Hi and VHF Lo audio and transmit control functions are available at J102 (9 pin connector) at the rear of the transceiver. UHF receive and transmit functions are totally independent and controlled via the second audio controller position allowing for simultaneous VHF (Hi or Lo) and UHF operation. Additionally, the TFM-550 can operate as a VHF/UHF cross band repeater. The cross band function is front panel controlled and requires only 2 key strokes to enable or disable. All data entry and control commands are entered via an enhanced 12 button keypad situated on the face panel.

The TFM-550 can be operated in the Direct Entry or Simplex mode by simply keying in the desired operating frequency. It can also function without restriction on any split frequency pair within any of it's three bands. This unit features 600 preset memory positions (200 VHF Lo, 200 VHF Hi and 200 UHF) each capable of storing a receive frequency, a transmit frequency, a separate CTCSS tone for each receive and transmit frequency, an alpha numeric identifier for each channel and a DPL or DCS coded squelch identifier for each channel. The TFM-550 provides for either 25 kHz wide band or 12.5 kHz narrow band operation on any or all of it's 600 preset channels. An upload/download function allows the operator to download channel information from a PC, or upload stored data from the transceiver to a PC. Supporting software is supplied with each unit. Information stored in the transceiver's memory is available for instant recall by keypad entry or, by pressing the MUP or M.DOWN button which allows the operator to scroll through all preset channels. The TFM-550 transceiver also features a DTMF encoder for signaling during transmit, and a scan function which will scan any or all of the frequencies stored in up to five scan lists. Additionally, a remote control head is offered (RC-550) which provides for slaved operation of the main transceiver from a remote location, allowing for a second position in the aircraft to exercise frequency control. VHF Low band, VHF High Band and UHF operating frequencies as well as the Direct/Repeat function can be controlled from the "remote" position. Active frequency for all three bands is displayed on both remote and local displays.

The TFM-550 transceiver is panel mounted (Dzus) and completely self contained in a 8.0 x 3.75 x 5.75 inch chassis weighing just 5.0 pounds. Front panel controls are UHF for UHF audio level, VHF for VHF High Band audio level and VHFLO for VHF Low Band audio level. The VHF/UHF/VLO band switch enables selection of the desired band as well as providing for manual programming, a VHF/PRI select switch provides for a VHF priority channel, and a HILO switch controls transmitter power output. Twenty eight (28) volt DC backlighting is standard, (5 Volt AC is optional) and controlled by the aircraft dimmer bus. Display brightness is controlled from the front panel keypad. RC-550 "remote control" access is via a 9 pin connector (J102) located on the rear panel of the TFM-550 transceiver. External access for mic level adjust (sidetone is software controlled and operator adjustable) provides for easy installation and setup for optimum performance. The small size and light weight (5.0 lbs., 2.3 Kg) of the TFM-550 Multi-Band transceiver makes this radio ideally suited to helicopter installations. Technisonic FM radios are compliant with RTCA DO-160C categories relating to Vibration, Overpressure, Humidity, Temperature and Altitude, Magnetic Effect, Power Input, Voltage Spike, Decompression, and RF Emission (including DO-160C, Section 21, Category 2).

Airborne Uhf Vhf Am Fm Transceiver Til Introduction

In the digital age, access to information has become easier than ever before. The ability to download Airborne Uhf Vhf Am Fm Transceiver Til has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Airborne Uhf Vhf Am Fm Transceiver Til has opened up a world of possibilities. Downloading Airborne Uhf Vhf Am Fm Transceiver Til provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Airborne Uhf Vhf Am Fm Transceiver Til has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Airborne Uhf Vhf Am Fm Transceiver Til. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Airborne Uhf Vhf Am Fm Transceiver Til. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Airborne Uhf Vhf Am Fm Transceiver Til, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from.

In conclusion, the ability to download Airborne Uhf Vhf Am Fm Transceiver Til has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Airborne Uhf Vhf Am Fm Transceiver Til Books

What is a Airborne Uhf Vhf Am Fm Transceiver Til PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Airborne Uhf Vhf Am Fm Transceiver Til PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Airborne Uhf Vhf Am Fm Transceiver Til PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Airborne Uhf Vhf Am Fm Transceiver Til PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Airborne Uhf Vhf Am Fm Transceiver Til PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print

restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
