BOOK JACKET *Silko* Brewster E. Fitz, 2005-07-30 Leslie Marmon Silko a Laguna Pueblo Native American was raised in a culture with a strong oral tradition She also grew up in a household where books were cherished and reading at the dinner table was not deemed rude but instead was encouraged In his examination of Silko s literature the author explores the complex dynamic between the spoken story and the written word revealing how it carries over from Silko s upbringing and plays out in her writings Focusing on critical essays by and interviews with Silko the author argues that Silko s storytelling is informed not so much by oral Laguna culture as by the Marmon family tradition in which writing was internalized long before her birth In Silko s writings this conflicted desire between the oral and the written evolves into a yearning for a paradoxical written orality that would conceivably function as a perfect nonmediated language The critical focus on orality in Native literature has kept the equally important tradition of Native writing from being honored By offering close readings of stories from *Storyteller* and *Ceremony* as well as passages from *Almanac of the Dead* and *Gardens in the Dunes* the author shows how Silko weaves the oral and the written the spirit and the flesh into a new vision of Pueblo culture As he asserts Silko s written word rather than obscuring or destroying her culture s oral tradition serves instead to sharpen it

[Ancestral Voices, Healing Narratives](#) Kristina S. Gibby, 2023-12-06 *Ancestral Voices Healing Narratives Female Ghosts in Contemporary US and Caribbean Fiction* examines four novels by Erna Brodber Zo Vald s Sandra Cisneros and Maryse Condé In this unique comparative analysis Kristina S Gibby explores the significance of female ghosts specifically maternal figures who haunt female narrators inspiring them to transcribe the dead s obfuscated hi stories and recover their family memory The author argues that these female ghosts subvert historiographic power structures through a matrilineal succession of knowledge via oral traditions of storytelling inevitably broadening historical consciousness and asserting the value of fiction in the face of historical rupture Gibby contends that in form and content these novels disrupt patriarchal and Western expectations of time and epistemology They favor cyclical temporality highlighted by the spirits uncanny return which underscores relational understanding and challenges the exclusive and limiting constraints of linear time This book makes important contributions to inter American literary criticism with its narrow focus on female authors who confront the horrors of history through maternal spirits
