The Annual American Catalog, 1900-1909 ,1902 **The Oxford Handbook of British Romanticism** David

Duff,2018-09-26 The Oxford Handbook of British Romanticism offers a comprehensive guide to the literature and thought of the Romantic period and an overview of the latest research on this topic Written by a team of international experts the Handbook analyses all aspects of the Romantic movement pinpointing its different historical phases and analysing the intellectual and political currents which shaped them It gives particular attention to devolutionary trends exploring the English Scottish Welsh and Irish strands in British Romanticism and assessing the impact of the constitutional changes that brought into being the United Kingdom at a time of revolutionary turbulence and international conflict It also gives extensive coverage to the publishing and reception history of Romantic writing highlighting the role of readers reviewers publishers and institutions in shaping Romantic literary culture and transmitting its ideas and values Divided into ten sections each containing four or five chapters the Handbook covers key themes and concepts in Romantic studies as well as less chartered topics such as freedom of speech literature and drugs Romantic oratory and literary uses of dialect All the major male and female Romantic authors are included along with numerous lesser known writers the emphasis throughout being on the diversity of Romantic writing and the complexities and internal divisions of the culture that sustained it The volume strikes a balance between familiarity and novelty to provide an accessible guide to current thinking and a conceptual reorganization of this fast moving field **The Literary News** ,1883 **Overwhelmed** Maurice S. Lee,2019-09-10 An engaging look at how debates over the fate of literature in our digital age are powerfully conditioned by the nineteenth century s information revolution What happens to literature during an information revolution How do readers and writers adapt to proliferating data and texts These questions appear uniquely urgent today in a world of information overload big data and the digital humanities But as Maurice Lee shows in *Overwhelmed* these concerns are not new they also mattered in the nineteenth century as the rapid expansion of print created new relationships between literature and information Exploring four key areas reading searching counting and testing in which nineteenth century British and American literary practices engaged developing information technologies *Overwhelmed* delves into a diverse range of writings from canonical works by Coleridge Emerson Charlotte Bront Hawthorne and Dickens to lesser known texts such as popular adventure novels standardized literature tests antiquarian journals and early statistical literary criticism In doing so Lee presents a new argument rather than being at odds as generations of critics have viewed them literature and information in the nineteenth century were entangled in surprisingly collaborative ways An unexpected historically grounded look at how a previous information age offers new ways to think about the anxieties and opportunities of our own *Overwhelmed* illuminates today s debates about
