continents of the world to claim what is arguably motorsport's toughest prize the World Rally Championship. Now a multi-million dollar global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver plus highlights of all the significant cars.

Audenhove, 2019-08-13. The Palgrave Handbook of Methods for Media Policy Research covers the craft that is and the methods used in media and communication policy research. It discusses the steps involved in conducting research from deciding on a topic to writing a report and everything in between and furthermore deals with a wide variety of qualitative and quantitative methods of data collection and analysis. The handbook invites researchers to rediscover trusted methods such as document analysis, elite interviews and comparisons as well as to familiarize themselves with newer methods like experiments, big data and network analysis. For each method the handbook provides a practical step-by-step guide and case studies that help readers in using that method in their own research. The methods discussed are useful for all areas of media and communication policy research for research concerning the governance of both mass media and online platforms and for policy issues around the globe. As such the handbook is an invaluable guide to every researcher in this field.
