Me llamo Rigoberta Menchú y así me nació la conciencia Elizabeth Burgos,1993 Testimonio John Beverley,2004 These four germinal essays by John Beverley sparked the widespread discussion and debate surrounding testimonio the socially and politically charged Latin American narrative of witnessing that culminated with David Stoll s highly publicized attack on Rigoberta Menchu s celebrated testimonial text Challenging Hardt and Negri s Empire Beverley s extensive new introduction examines the broader historical political and ethical issues that this literature raises tracing the development of testimonio from its emergence in the Cold War era to the rise of a globalized economy and of U S political hegemony Informed by postcolonial studies and the current debate over multiculturalism and identity politics Testimonio reaches across disciplinary boundaries to show how this particular literature at once represents and enacts new forms of agency on the part of previously repressed social subjects as well as its potential as a new form of alliance politics between those subjects and artists scientists teachers and intellectuals in a variety of local national and international contexts

from colonial times to the present they inscribed the mythical world of a vanishing Other by creating a poetic effect of orality in their ethnographies and narratives This book argues that supposed differences between oral and written culture are rhetorical devices in the elaboration of literature specifically modern fiction in Spanish America Fictionalization of the oral requires adherence to the theory of a great divide between orality and literacy Because the texts considered here are predicated on the ideality of speech a contradiction underlies their shared desire to salvage oral tradition This book explores how anthropologist writers have addressed this compelling dilemma in their anthropological and narrative writings at Tufts University

What Price Utopia? Daphne Patai, 2008-05-20 This volume brings together for the first time more than two dozen of Daphne Patai's incisive and at times satirical essays dealing with the academic and intellectual orthodoxies of our time Patai draws on her years of experience in an increasingly bizarre academic world where a stifling politicization threatens genuine teaching and learning Addressing the rise of feminist dogma the domination of politics over knowledge the shoddy thinking and moralizing that hide behind identity politics and the degradation of scholarship her essays offer a resounding defense of liberal values Patai takes aim at the unctuous and also dangerous posturing that has brought us restrictive speech codes harassment policies and a vigilante atmosphere while suppressing plain speaking about crucial issues But these trenchant essays are not limited to academic life for the ideas and practices popularized there have spread far beyond campus borders Included are two new pieces written especially for this volume one on the bullying tactics of a famous feminist and the other on Islamic fundamentalism

Subalternity and Representation John Beverley, 1999-12-22 A discussion of current debates in cultural and subaltern studies with a particular focus on Latin America that offers the possibility of constituting new political practices

Mariama Bâ, Rigoberta Menchú, and Postcolonial Feminism Laura Charlotte Kempen, 2001 This book investigates the convergence of feminist literary projects in the Latin American and West African contexts and demonstrates how the authors examined here employ similar writing strategies to re constitute feminine subjects Their writing strives to rid literature and thus international psyches of reductive stereotypes of subaltern women while projecting more complex active female images In portraying the horrific victimization that they and their people have experienced these writers claim a position of authorial power and wield their tragedies along with their words as a weapon against imperial patriarchal and neocolonial tyranny Despite their vast

socioeconomic and cultural differences these women share much common ground where they cultivate feminine words of deliverance **Testimonio** Blanca R. Meléndrez, 2001
