New topics covered include targeted therapy hypersensitivity reactions mucositis and family and caregiver issues. With 27 new chapters featuring insights from key authors the Seventh Edition is a must have resource for every oncology nurse. **Manual of Clinical Hematology**

Joseph Mazza, 1988 Completely revised for its Third Edition this Spiral R Manual is a practical quick reference guide for the diagnosis and treatment of diseases of the blood. Coverage includes leukemias disorders of lymph nodes bleeding disorders anemias and platelet disorders. The book is organized by disease type with several chapters broken down into discussions of specific disorders. Concise and easy to read descriptions of each disease provide clinical recommendations and essential pathophysiological information. This edition includes a new chapter on allogeneic and autologous bone marrow transplantation procedures for hematologic malignancies. All other chapters have been extensively revised and updated.

Manual of Clinical Oncology Dennis Albert Casciato, Mary C. Territo, 2009 Updated for its Sixth Edition this pocket manual is a practical accessible comprehensive guide to the management of patients with cancer. In an outline format designed for rapid reference the book provides the essential information needed for fast effective clinical decision making at the bedside. Coverage begins with principles of cancer management proceeds through the specific malignancies and then focuses on the organ specific complications of cancer whether due to the disease or its treatments. The unique appendices permit better readability within the chapters by placing frequently referenced large complex and detailed tables at the end of the book. The appendices present cytogenetic nomenclature toxicity of chemotherapy critical tumor identifiers and combination chemotherapy regimens for lymphomas.
