Divine Encounters A To Visions Angels And Other Emissaries:

Divine Encounters Zecharia Sitchin, 2002-03-01 Explains the links between the Bible and ancient Sumerian texts probing the age old question of the relationship between humanity and its creators Challenges scientific maxims of the basis of human life Draws fascinating parallels between the leaders of the Anunnaki from the 12th planet and Yahweh A comprehensive new look at the history of man First time available in hardcover In Divine Encounters Zecharia Sitchin draws on basic Judeo Christian texts to analyze the creation myths paralleling Biblical stories to the myths of Sumer and Mesopotamia in order to show that humanity did not evolve without assistance Sitchin daringly hypothesizes instead that Enki one of the leaders of the Anunnaki from the 12th planet created humanity as a primitive worker Furthermore Sitchin suggests that the extraterrestrial encounters of today demonstrate the continued interest of the Anunnaki in the Earthlings they created

Inner Paths to Outer Space Rick Strassman,Slawek Wojtowicz,Luis Eduardo Luna,Ede Frecska,2008-03-27 An investigation into experiences of other realms of existence and contact with otherworldly beings Examines how contact with alien life forms can be obtained through the inner space dimensions of our minds Presents evidence that other worlds experienced through consciousness altering technologies are often as real as those perceived with our five senses Correlates science fiction s imaginal realms with psychedelic research For thousands of years voyagers of inner space spiritual seekers shamans and psychoactive drug users have returned from their inner imaginal travels reporting encounters with alien intelligences Inner Paths to Outer Space presents an innovative examination of how we can reach these other dimensions of existence and contact otherworldly beings Based on their more than 60 combined years of research into the function of the brain the authors reveal how psychoactive substances such as DMT allow the brain to bypass our five basic senses to unlock a multidimensional realm of existence where otherworldly communication occurs They contend that our centuries old search for alien life forms has been misdirected and that the alien worlds reflected in visionary science fiction actually mirror the inner space world of our minds The authors show that these alien worlds encountered through altered states of human awareness either through the use of psychedelics or other methods possess a sense of reality as great as or greater than those of the ordinary awareness perceived by our five senses

A Solution to a Pointless Life Albert Amao Soria Ph.D.,2023-04-20 This book empowers the reader to awaken his inner power by providing psychological and metaphysical tools for improving their life Humans should undertake the power dwelling in them and become active co creators of their personal and social environment The book is a necessary component in a materialistic post modern consumeristic society It focuses on removing the self loathing ideas imposed by religious organizations and mass media Moreover it offers a plausible and coherent theory that answers the old honored predicament of finding the true purpose of human existence Blending ideas from philosophers with the popular wisdom of native folklore Occidental and Oriental sacred scriptures sociology metaphysics philosophy existentialism and modern quantum physics this book reveals that humans should actively participate in the awakening of their consciousness Having no purpose in life can lead people to a deep psychological depression called existential anxiety Thus ignoring the role of man s importance in the drama of the universe the lack of a myth or meaning could be tragic and detrimental Since the dawn of civilization humans have taken for granted

or assumed that they had an inherent purpose in life by being born which turned out to be a big fallacy In addition humans have been brainwashed and domesticated by false ideas creating a herd mentality by the ruling elite Under these circumstances how do we humans find authentic meaning in what seems to be a senseless life Modern philosophy has become increasingly abstract and separate from human beings unable to offer positive guidance to ordinary people Finding a purpose in human existence is the primary motivational force for human existence The ultimate purpose of human existence is to become a conscious god

They Know Us Better Than We Know Ourselves Bridget Brown,2007-08-01 What s really behind Americans persistent belief in alien abductions Since its emergence in the 1960s belief in alien abduction has saturated popular culture with the ubiquitous image of the almond eyed alien appearing on everything from bumper stickers to bars of soap Drawing on interviews with alleged abductees from the New York area Bridget Brown suggests a new way for people to think about the alien phenomenon one that is concerned not with establishing whether aliens actually exist but with understanding what belief in aliens in America may tell us about our changing understanding of ourselves and our place in the world They Know Us Better Than We Know Ourselves looks at how the belief in abduction by extraterrestrials is constituted by and through popular discourse and the images provided by print film and television Brown contends that the abduction phenomenon is symptomatic of a period during which people have come to feel increasingly divested of the ability to know what is real or true about themselves and the world in which they

live The alien abduction phenomenon helps us think about how people who feel left out create their own stories and fashion truths that square with their own experience of the world *Thematic Readings on Circassian and Greek Mythologies*

SELÇUK BAĞLAR, In fact Hades was the homeland of the ancient Greeks For this reason they believed that the soul of every Greek who died went to their ancestral homeland The Greeks people are originated from the middle Caucasus and Greek mythology belongs to the eastern Caucasus because Caron the boatman who transferred the souls of the dead to Hades crossing the Terek river which emptied into the Caspian Sea and took the souls to their homeland the central Caucasus The Greeks who worshipped Zeus lost the wars they fought against the neighbouring tribes that worshipped the Titans and they were exiled from the Caucasus The ancient Greeks who settled in Crete and Hellas maintained the cult of Zeus until today The Circassians the autochthonous people of the Caucasus jealously preserved the myths of the Titans in their mythology This book compares the narratives of the gods of Mount Olympus with the gods of Mount Harama Ouasha the home of the Titans as called by the Circassian people In this book in which Circassian Mythology of Narts is compared with Greek Mythology you will witness the parallelization between the Mediterranean Greek with the Caucasian Circassian civilizations and the mythical origins of these two worlds This book will make you revisit many of the stories you thought you knew about Greek mythology This book is the first leg of the book series of the author written on Circassian Nart Mythology Sky People Ardy Sixkiller Clarke, 2014-12-22 Dr Ardy Sixkiller Clarke author of Encounters With Star People vowed as a teenager to follow in the footsteps of two 19th century explorers John L Stephens and Frederick Catherwood who brought the ancient Maya cities to the world s attention Dr Clarke set out on a seven year adventure from 2003 through 2010 through Belize Honduras Guatemala and Mexico collecting stories of encounters sky gods giants little people and aliens among the indigenous people She drove more than 12 000 miles visiting 89 archaeological sites Stephens and Catherwood visited only 44 and conducting nearly 100 individual interviews The result is an enthralling series of unique original true stories of encounters with space travelers giants little people and UFOs Sky People may very well change the way you perceive and experience the world **The Stairway to Heaven (Book II)** Zecharia Sitchin, 1992-11-01 Since earliest times humanity has pondered the incomprehensible mysteries of the universe life and the afterlife In The Stairway to Heaven the second book of Zecharia Sitchin s Earth Chronicles series the author answers these fundamental questions Was there somewhere on Earth where after death mortal man could join the immortal Gods Where was this place By whom was it established And does it still exist today After years of painstaking research combining recent archaeological discoveries with ancient texts and artifacts Sitchin has identified the legendary Land of the Gods and provided astounding new revelations about the Great Pyramids the Sphinx and other mysterious monuments whose true meanings and purposes have been lost for eons The Earth Chronicles deal with the history and prehistory of Earth and humankind Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East For the first time the entire Earth Chronicles series is now available
