has been made to keep true to the original manuscripts but occasionally the tune is transposed from the original or the odd note has been altered to make the pieces playable I have kept the arrangements primarily in the keys of D G or A to take full advantage of the open strings in D tuning In short this book may not be for the classical guitar purist but does expand the repertoire that is lacking with open tunings There is a good selection of graded pieces from prominent classical guitar composers like Aguado Sor Giuliani Carcassi and Carulli plus other well known works by Bach Dowland Satie Beethoven de Vissee Diabelli Grieg Haydn O Carolan Pachelbel Paganini Petzold Sanz Schumann and Vivaldi I also adapted 24 of the Giuliani right hand exercises major and minor scales and arpeggios plus fretboard charts to further develop your knowledge and technique in Open D Each piece has notation tablature in Open D tuning right and left hand fingerings and performance markings An assortment of reference audio tracks are available online at the authors website Look for the audio tracks on my website in the guitar books section <https://brentrobittaille.com/product/classical-guitar-book-in-open-d-tuning/> or <https://brentrobittaille.com/product/category/guitar-books/> or <https://brentrobittaille.com>
