Hanna E. Kassis

Caprices:

Caprices and etudes for solo violin Nicolò Paganini, Henryk Wieniawski, 1993-01-01 Paganini and Wieniawski were among the 19th century's most famous violin virtuosos and composed some of the solo violin repertoire's most treasured works. Here in one large format playing edition are Paganini's innovative Caprices and Wieniawski's much admired collections *L'Ecole Moderne* and *Etudes*. Caprices: The three scores offer hours of rigorous practice and rehearsal. **Six concert-studies after Caprices by Paganini, op. 10** Robert Schumann, 1916 *12 Etude-Caprices in the Styles of the Great Composers* Amy Barlowe, 2009-09-23 Written by Juilliard-trained violinist/composer Amy Barlowe, *12 Etude Caprices in the Styles of the Great Composers* is a welcome addition to the intermediate solo violin repertoire. Progressive and chronologically ordered, these innovative etudes are invaluable both as study pieces and short unaccompanied concert works for competitions or recital programs. Detailed Practice Guides follow each etude, featuring methods for the development of technical and musical tools that will promote individual expression within the appropriate historical context. Such aspects as sounding points, varied vibrato, and techniques for improving intonation are derived from each etude to increase facility, musicianship, and stylistic awareness. Used as a supplement, this fully illustrated and thoroughly engaging collection of original etudes provides a fresh and unique approach to the age-old tradition of technical study. Preparation for the major works of the great composers has never been more fun. **The Caprices of Marianne** Alfred de Musset, 1959 **A Concordance of the Qur'an** Hanna E. Kassis, 2023-11-03 From the Foreword: This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an. The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur'an is not a book but a collection of passages revealed to Muhammad over a period of about twenty-three years, and second because the Qur'an is not really translatable. This does not mean that the Qur'an should not be translated. It does mean that translations lose much in tone and nuance, let alone the incommunicable beauty, grandeur, and grace of the original. The main distinction of Hanna Kassis's concordance, in my view, is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur'an on any given issue, point, or concept. A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur'an, the word *pride*, for example, is directed immediately to the roots of the Arabic Qur'anic terms for *pride*. At the entries for these Arabic roots, all the derivative forms are shown, and the verses of the Qur'an in which they appear are there listed in translation. I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself.
