Captain Newman M D:

Captain Newman, M.D. Leo Rosten,1963 Captain Newman, M.D ,2013 *Captain Newman, M.D. ... Preface ...*
Written by the Author Leo Rosten,1964 **Captain Newman, M.D.** Phoebe Ephron,1962 *A Century in Uniform* Stacy
Fowler,Deborah A. Deacon,2020-01-17 From silents of the early American motion picture era through 21st century films this
book offers a decade by decade examination of portrayals of women in the military The full range of genres is explored along
with films created by today s military women about their experiences Laws regarding women in the service are analyzed
along with discussion of the challenges they have faced in the push for full participation and of the changing societal
attitudes through the years **Psychiatry and the Cinema** Glen O. Gabbard,Krin Gabbard,1999 Psychiatry and the Cinema
explores this complementary relationship from two angles psychiatrists who have studied the movies and movies that have
depicted psychiatry This second edition has updated this definitive text with a discussion of new trends in psychoanalytically
oriented film theory and an expanded list of movies is analyzed Nora Ephron Liz Dance,2015-09-21 Nora Ephron
famously claimed that she wrote about every thought that ever crossed her mind from her divorce from Carl Bernstein
Heartburn to the size of her breasts A Few Words About Breasts She also wrote screenplays for three of the most successful
contemporary romantic comedies When Harry Met Sally 1989 Sleepless in Seattle 1993 and You ve Got Mail 1998 Often
considered mere light hearted romantic comedies her screenwriting has not been the subject of serious study This book
offers a sustained critical analysis of her work and life and demonstrates that Ephron is no lightweight The complexity of her
work is explored through the context of her childhood in a deeply dysfunctional family of writers **My Life in Theory** Leo
Rangell,2021-04-20 This is a rare autobiographical history written from the center of the inner circle of psychoanalysis Today
only a few psychoanalysts remain who have Dr Rangell s unique insider s view of the last half century of psychoanalytic
history His close associations with the major contributors to theory during this time permit him to chronicle the constant
marriage of people and ideas that has been the hallmark of the psychoanalytic community over the previous decades His
insights are enhanced by his leadership role across the spectrum of psychoanalytic organizations local national and
international that has allowed him to witness and participate in the great debates of our time Written as Dr Rangell
approached the age of 90 this chronicle possesses the same clarity and incisiveness that has always characterized Rangell s
writing He is still the tough minded thinker ready to challenge the fuzzy thinking that threatens to split psychoanalysis into
factions In this work Dr Rangell gives us his valuable perspective on the significant individuals in psychoanalysis and their
ideas from the early dissension of the 20s and 30s to the war years to the golden years of the 50s and early 60s where
complications in the field manifested in the splitting of Institutes He goes on to cover the turmoil surrounding the theoretical
debates of the 70s followed by his look at the attempt at pluralism in the 80s the eclecticism of the 90s and finishing with a
discussion of the discipline as it is now Then using his own prodigious contributions to the great debates of our time Dr

Rangell fuses divisive views into a unitary theory of psychoanalysis This composite theory offers an amalgamated view that provides coherence in place of the fragmentation personal warring and disarray that constitutes the present state of psychoanalysis

On Loving, Hating, and Living Well Ralph R. Greenson, 2018-05-08 The author was perhaps psychoanalysis's most gifted and eloquent spokesperson In this volume the author is presented in one of the roles he enjoyed most communicating to a lay audience his understanding of people and life and his insights into the science and art of psychoanalysis These important talks profoundly influenced countless professional workers and lay people The twenty four public lectures in this remarkable collection are each a gem of wisdom and humor With deep psychoanalytic wisdom the author addresses such timeless and universal human concerns as love and emotional development hate aggression and war masculinity femininity and sexuality jealousy envy and possessiveness and the vicissitudes of child rearing and family development Reading these entertaining public talks of the author now is like reading a chronicle of the great psychosocial issues of the past half century One is impressed with not only the wisdom they offer for our current concerns but also with how revolutionary original and prophetic was his thinking

Goodnight Hollywood John Stafford, 2022-04-25 Good Night Hollywood is a critical look at the events leading up to the death of Marilyn Monroe For years the notion that she killed herself has floated round the public's eye due to this idea being falsely portrayed by her last known personal psychiatrist This book details the absurdity of his claims and takes an in depth look at the details of circumstances that surrounded her last days by outlining statements made by witnesses and by some of the closest people in her life Many of these statements have been overlooked or outright ignored to the detriment of the truth I attempt to reveal a reality much closer to the truth by examining these disregarded statements by witnesses who claim to be in the know a review of her autopsy report and the dissecting of the institutions of power that surrounded Marilyn Monroe All of those reasons combined played a significant role in her life and untimely demise Unlike many other theories that attempt to solve the case by assigning blame to one individual or one group of people this book intertwines the characters in her life to show how they are all connected Just like a row of dominoes once the first domino falls it is inevitable that they will all fall What is left in the aftermath is an early end to a beloved movie star and a public that is duped into swallowing a false story that protects the guilty while reinforcing the perils of drug dependency and the Hollywood lifestyle
