Opera Acts Karen Henson, 2015-01-15 *Opera Acts* explores a wealth of new historical material about singers in the late nineteenth century and challenges the idea that this was a period of decline for the opera singer. In detailed case studies of four figures the late Verdi baritone Victor Maurel Bizet's first Carmen Célestine Galli Mari Massenet's muse of the 1880s and 1890s Sibyl Sanderson and the early Wagner star Jean de Reszke Karen Henson argues that singers in the late nineteenth century continued to be important but in ways that were not conventionally vocal. Instead they enjoyed a freedom and creativity based on their ability to express text act and communicate physically and exploit the era's media. By these and other means singers played a crucial role in the creation of opera up to the end of the nineteenth century.
