Carpenter, 2014-03-13 Most people can't get through the day without a hit of caffeine Chances are you're one of them But do you really know what that daily coffee or coke is doing to you *Coffeeland* Augustine Sedgewick, 2021-04-06 A New York Times Book Review Editors Choice Extremely wide ranging and well researched In a tradition of protest literature rooted more in William Blake than in Marx Adam Gopnik *The New Yorker* The epic story of how coffee connected and divided the modern world Coffee is an indispensable part of daily life for billions of people around the world But few coffee drinkers know this story It centers on the volcanic highlands of El Salvador where James Hill born in the slums of Manchester England founded one of the world's great coffee dynasties at the turn of the twentieth century Adapting the innovations of the Industrial Revolution to plantation agriculture Hill helped turn El Salvador into perhaps the most intensive monoculture in modern history a place of extraordinary productivity inequality and violence In the process both El Salvador and the United States earned the nickname *Coffeeland* but for starkly different reasons and with consequences that reach into the present Provoking a reconsideration of what it means to be connected to faraway people and places *Coffeeland* tells the hidden and surprising story of one of the most valuable commodities in the history of global capitalism *How Our Daily Habit Helps, Hurts, and Hooks Us* Murray Carpenter, 2014 The most popular drug in the world is a white powder No not that powder This is caffeine in its most essential state *Caffeinated* reveals the little known truth about this addictive largely unregulated drug found in coffee energy drinks teas colas chocolate and even pain relievers We'll learn why caffeine has such a powerful effect on everything from boosting our mood to improving our athletic performance as well as how and why brands such as Coca Cola have ducked regulatory efforts for decades We learn the difference *The Chemistry of Fear* Jonathan Rees, 2021-07-06 Harvey Wiley spent most of his professional life advocating for food free of adulterants and preservatives He was a proponent
