- Grade E or above in all HKALE A Level and AS Level subjects is recognized as equivalent to an A Level pass and an AS Level pass respectively in a British International GCE.
- Grade C or above in most HKCEE subjects is recognized as the equivalence of an O Level pass in a British International GCE.
- Given below is an equivalence table between HKCEE 2007 language subjects (i.e. English Language and Chinese Language) and British IGCSE:

HKCEE levels	5*	5	4	3
IGCSE grades	A*	A	B	C

- The Universities and Colleges Admissions Service (UCAS) in the UK has included the Hong Kong Diploma of Secondary Education (HKDSE) in the UCAS Tariff system and the qualification is recognized as comparable to the British GCE A Level. For details, please visit the following HKEAA website:
http://www.hkeaa.edu.hk/en/in/recognition_of_hkeaa_qualifications/overseas_studies/United_Kingdom/
- British GCSE, IGCSE and International GCE O Level are internationally recognized as being equivalent in standard in principle.
- In general, it is for individual users of qualifications to define their own threshold levels of performance for admission/recruitment purposes. As far as the HKEAA is concerned, for the purpose of meeting the HKALE entry requirements, a grade D or above in GCE O Level/IGCSE/IGCSE is considered as satisfying the corresponding subject result requirement at grade E/Level 2 in the HKCEE subjects.

3. EXAMINATION BODIES

The HKEAA administers GCE, IGCSE and GCSE on behalf of two UK awarding bodies:

Examination	Awarding Board	Website
London Examinations, GCE/GCSE/IGCSE	Edexcel International	www.edexcel.com

5. REGISTRATION

(A) GCSE CHINESE EXAMINATION

GCSE Chinese will only be offered to school candidates. Only GCE/GCSE/IGCSE participating schools of the HKEAA can enter their students for GCSE Chinese examination via the HKEAA. Such schools must be on the registered school lists of the Education Bureau. When a school applies to the HKEAA to become a participating school, a copy of the registration certificate and fees certificate issued by the Education Bureau should be attached to the application.

The participating schools should also register with Edexcel as a sub-centre. The application charge and the annual registration fee will be waived if the schools apply to become sub-centres attached to the HKEAA. It follows that the student entries and the submission of recordings and coursework will be made through the HKEAA to Edexcel.

make a powerful case for the rethinking of elite schools and elite class formation theory in light of contemporary processes of globalization and transnational change. Prestigious high status schools have long been seen as critical institutional vehicles directly contributing to the societal processes of elite selection and reproduction. This book asserts that much has changed and that these schools can no longer rest on their past laurels and accomplishments. Instead they must re-cast their heritages and tradition in order to navigate the new globally competitive educational field enabling them to succeed in a world in which the globalization of educational markets, the global ambitions and imaginations of school youth and the emergence of new powerful players peddling entrepreneurial models of curriculum and education have placed contemporary schooling under tremendous pressure. This insightful and though provoking volume provides a well researched perspective on the nature of contemporary schooling in the globalizing era. This book was originally published as a special issue of *Globalisation, Societies and Education*.
