The Canterville Ghost was Oscar Wilde's first published story and it premiered in the magazine *The Court and Society Review* February 1887 Later it was published in a collection of short stories titled *Lord Arthur Savile's Crime and Other Stories* 1891 Set in late the 19th century it tells about an American family's encounter with the ghost of an English nobleman The setting is an old English country house Canterville Chase It has all the trappings of a traditional haunted house but the family that comes to live there belongs to a practical modern way of life This sets the stage for the novella A contrast is shown between traditional English society which has its roots in a nearly two thousand year old history and modern practical American society which belongs a nation discovered only in the 17th century The seller of Canterville Chase Lord Canterville and the buyer Mr Otis represent these two cultures respectively The ghost of Sir Simon a family ancestor tries his best to scare the Otis family with the most gruesome appearances However the realistic American family refuses to get scared and Sir Simon ends up only with comic failures The Canterville Ghost is the kind of story one would write if one wanted to make fun of hair raising ghost stories Yet there are moments of pure sentiment that do not seem misplaced in the narrative Wilde's mastery over sentiment and comedy alike makes this book a perennial favourite Not surprisingly the novella has been widely adapted for the screen theatre and graphic medium
