Examfocus Study Notes & Review Questions 2014 Examreview, 2013-11-05 The ISC2 Certified Authorization Professional CAP certification indicates a professional level of knowledge and skills on the subject of federal information system authorization. Authorization means operating a federally owned information system with formal acceptance of risk from an Authorization Officer who has the authority to make major risk related decisions within a federal organization. The CAP exam covers security practices and federal information security protection laws as well as NIST publications and OMB regulations. Officially there are seven knowledge domains including 1 Understanding the Security Authorization of Information Systems 2 Categorize Information Systems 3 Establish the Security Control Baseline 4 Apply Security Controls 5 Assess Security Controls 6 Authorize Information System 7 Monitor Security Controls. When we develop our material we do not classify topics the BOK way. In fact we follow our own flow of instructions which we think is more logical for the overall learning process. Don't worry it does not hurt to do so as long as you truly comprehend the material. To succeed in the exams you need to read as many reference books as possible. There is no single book that can cover everything. This ExamFOCUS book focuses on the more difficult topics that will likely make a difference in exam results. The book is NOT intended to guide you through every single official topic. You should therefore use this book together with other reference books for the best possible preparation outcome.

CAP Certified Administrative Professional Exam Study Guide 2018/19 Edition ExamREVIEW, 2018-02-25

According to the International Association of Administrative Professionals IAAP the CAP exam is offered as a single part exam. This book has topics compatible with the Fall 2018 exam: Organizational Communication, Business Writing and Document Production, Technology and Information Distribution, Office and Records Management, Event and Project Management, Operational Functions. As a CAP candidate you are expected to know almost EVERYTHING. You do not have to be an expert in everything but your peers will expect you to have knowledge on almost everything. Keep in mind the phrase administrative professional is a general title associated with administrative support staff; you need to provide support whenever requested. Support request can come from different sources and may involve different disciplines. Even though you may not always need to provide hands on help you do need to know how to properly redirect and allocate the help requests to the proper places. In fact administrative professionals are expected to greet and assist company visitors and customers as well as managers, executives and their staff. They serve BOTH as frontline personnel and as backend personnel. They need to be good communicators. They need to adapt to different personalities and work styles of bosses and peers. This product provides extensive and in depth coverage on a wide variety of business and office management topics to help you prepare for the exam. If you are new to office procedures and administration use this study guide TOGETHER WITH other sources of information to prepare for the exams. The exams are not difficult provided that you are experienced in office administration. **CAP**
