Capital Without Borders:

Capital without Borders Brooke Harrington, 2016-09-12 How do the one percent keep getting richer despite financial crises and the myriad of taxes on income capital gains and inheritance Brooke Harrington interviewed professionals who specialize in protecting the fortunes of the world's richest people wealth managers To gain access to their tactics and mentality she trained to become one of them *Summary of Brooke Harrington's Capital without Borders* Everest Media, 2022-05-13T22:59:00Z Please note This is a companion version rather they coexist in uneasy tension with one another

2 The work of wealth managers is governed by an aristocratic code based on service loyalty and honor They defend large concentrations of wealth from attack by outsiders 3 The practice of trusteeship which is the transfer of title to an adult male friend or relative while the original landowner is still alive was developed to solve the problems of land seizures and taxes It was a method of applying two forms of ownership to a single property 4 The system of trusts which was in place in England America and other common law countries allowed elites to preserve their wealth by transferring it into trust This was done by evading the laws that threatened to dissipate dynastic wealth

Big Crime and Big Policing Tonita Murray, Elizabeth Kirley, Stephen Schneider, 2024-07-05 Following money over national borders banking systems casinos and free trade zones as well as the world of the corrupt elites Big Crime and Big Policing brings new scholarly and practical insights into our understanding of the interplay of money crime and policing on the grand scale In this wide ranging volume a mixed group of scholars and practitioners aim to show how money dictates the scope and nature of financial and corporate crimes and the impact of these crimes on national economies social institutions and communal well being alike The book examines how the combined efforts of governments and international organizations fail to stop financial crime at its source and despite apparently generous human and financial resources police and law enforcement efforts ultimately fall short of defeating big crime and of meeting public safety needs International in scope Big Crime and Big Policing provides fresh reflection on a significant problem of our age one that demands greater attention from governments and the public

100 Words William Murtha, 2010-05-01 William Murtha is a man with a mission Following a near death experience he set out to discover how he and each of us might make a positive impact on the world And he sent out the call that resulted in this amazing inspiring book In 100 words please share empowering stories and thoughts that best encapsulate your insight wisdom and feelings on how we can move towards a more just fulfilling and peaceful world 100 Words includes a brief biography of each contributor plus a list of five books that have influenced their paths This one of a kind book is an inspirational devotional and a guide for further reading and study for anyone who wants to be part of the solution

Asia-Pacific Trusts Law, Volume 2 Ying Khai Liew, Ying-Chieh Wu, 2022-12-15 This book brings together leading legal scholars and practitioners from across the Asia Pacific region to probe the ways in which trusts law has been adapted by various jurisdictions and to analyse their causes and effects The contributions discuss how the trust structure with its inherent malleability has been adapted to meet a diverse set

of local needs including social religious economic commercial or even historical needs But in most instances those needs and the ways in which trusts law has been adapted to meet them are not unique to a single jurisdiction they often coincidentally or otherwise find much in common with others By making its readers aware of the commonality of needs in Asia Pacific this book also aims to encourage coordination and cooperation in utilising trusts law to address shared concerns across the region

Strong Democracy in Crisis Trevor Norris, 2016-05-12 This is a robust and relevant collection from a truly distinguished group of political theorists actively rethinking the promise and perils of democracy The book is coherent in its focus on a common theme and aim to advance and refine the political project of promoting democratic theory and practice While the contributors are admirers of the promotion of various models of democracy they also express distinct approaches and concerns Each builds on and expands the central theme of democracy and ultimately contends with potential limits of current configurations of democratic life While to some extent they share common concerns they express considerable dissent and fruitful opposition that deepens and advances the debate Contributors explore democracy from different perspectives law and constitutionalism globalization and development public life and the arts pluralism democracy and education and democratic listening and democratic participation The contributions point towards new ways of living and thinking politically new directions for contending with some of the more significant and seemingly intractable political problems challenging conventional presuppositions about democracy by expanding the boundaries of what kinds of democracy may be possible The book critiques liberal notions of democracy that forefront rational autonomy and a citizenship characterized by narrow self interest and critique naive claims that any infringement on the rights of the autonomous individual must invariably lead to authoritarianism and totalitarianism Instead contributors suggest that the abandonment of the res publica in pursuit of private interests may well lead to arid politics or authoritarianism Citizens are called upon to be more than just voters but rather define themselves by participation in a community beyond their self interest in fact arguing like Aristotle Rousseau Jefferson and Arendt that we are only human when we participate in something beyond ourselves that we forge and preserve our political community by our commitment to and participation in robust debate and meaningful political action Contributors are not only revolutionary scholars that challenge problematic streams of democratic theory and traditions but are deeply involved in shaping the character and constitution of the American body politic and promoting debates about community and citizenship and justice around the world

Migrant Labor in China Pun Ngai, 2016-04-22 Long known as the world's factory China is the largest manufacturing economy ever seen accounting for more than 10% of global exports China is also of course home to the largest workforce on the planet the crucial element behind its staggering economic success But who are China's workers who keep the machine running and how is the labor process changing under economic reform Pun Ngai a leading expert in factory labor in China charts the rise of China as a world workshop and the emergence of a new labor force in the context of the post socialist transformations of the

last three decades The book analyzes the role of the state and transnational interests in creating a new migrant workforce deprived of many rights and social protection As China increases its output of high value high tech products particularly for its own growing domestic market of middle class consumers workers are increasingly voicing their discontent through strikes and protest creating new challenges for the Party State and the global division of labor Blending theory politics and real world examples this book will be an invaluable guide for upper level students and non specialists interested in Chinas economy and Chinese politics and society Bourdieu in the City Loïc Wacquant,2022-12-16 Building on three decades of comparative research on marginality ethnicity and penalty in the postindustrial metropolis Loïc Wacquant offers a novel interpretation of Pierre Bourdieu as urban theorist He invites us to explore the city through what he calls the trialectic of symbolic space the mental categories through which we perceive and organize the world social space the distribution of capital in its different forms and physical space the built environment On this reading Bourdieu's topological sociology gives us the tools both to energize and also to challenge the canon of urban studies and to redraw their theoretical landscape Compact and incisive Bourdieu in the City will be of interest to students and scholars in sociology anthropology geography urban studies urban planning architecture and social theory *Foreign Direct Investment and International Law* Adaeze Agatha Aniodoh,2025-07-16 This book examines the regulatory framework for foreign direct investments most notably the bilateral investment treaties which provide several guarantees that minimise the exposure of risks to foreign investors in a host State Most States have recognised that one of the ways they can improve their economic growth is by providing effective mechanisms for the attraction of foreign investments In this regard foreign direct investments have become a key element in the strategic vision for advancing any national economy The book examines guarantees which have the capacity to impinge on the economic sovereignty of a State raising questions such as are host States obliged to comply with the rights of foreign investors to free capital repatriation in the face of economic difficulties What power does a host State have to regulate and impose capital controls that are deleterious to the rights of a foreign investor This book argues that policies aimed at increasing foreign direct investment need to extend beyond investment liberalisation to strike a balance between the regulatory rights of a State and the legitimate expectations of foreign investors Advancing the discussion on the necessity of balancing the needs of foreign investors with those of the host community and exploring the power asymmetry present in treaty negotiations this book will be of interest to students academics and practitioners with an interest in international investment law **Capitalism, Alone** Branko Milanovic,2021-09-07 For the first time in history the globe is dominated by one economic system Capitalism prevails because it delivers prosperity and meets desires for autonomy But it also is unstable and morally defective Surveying the varieties and futures of capitalism Branko Milanovic offers creative solutions to improve a system that isn't going anywhere *Is Inequality in America Irreversible?* Chuck Collins,2018-04-27 We are living in a time of extreme inequality America's three richest people now own as much wealth as the bottom half of the population

Although most accept that this is grotesque many politicians accept it as irreversible In this book leading US researcher and activist Chuck Collins succinctly diagnoses the drivers of rampant inequality arguing that such disparities have their roots in 40 years of the powerful rigging the system in their favor He proposes a far reaching policy agenda analyzes the barriers to progress and shows how transformative local campaigns can become a national movement for change This book is a powerful analysis of how the plutocracy sold us a toxic lie and what we can do to reverse inequality *Rooted Globalism* Kevin Funk,2022-10-18 Does the concept of nationality apply to the economic elite or have they shed national identities to form a global capitalist class In *Rooted Globalism* Kevin Funk unpacks dozens of ethnographic interviews he conducted with Latin America s urban based Arab descendant elite class some of whom also occupy positions of political power in countries such as Argentina Brazil and Chile Based on extensive fieldwork Funk illuminates how these elites navigate their Arab ancestry Latin American host cultures and roles as protagonists of globalization With the term rooted globalism Funk captures the emergence of classed intersectional identities that are simultaneously local national transnational and global Focusing on an oft ignored axis of South South relations between Latin America and the Arab world *Rooted Globalism* provides detailed analysis of the identities worldviews and motivations of this group and ultimately reveals that rather than obliterating national identities global capitalism relies on them **Global Economic Interconnectedness: International Trade and Finance** Martínez-Falcó, Javier,Sánchez-García, Eduardo,Marco-Lajara, Bartolomé,Fuentes-Fernández, Rosana,2024-09-06 International trade and finance are becoming increasingly complicated which poses many challenges for policymakers business professionals and academics Understanding the intricacies of this global economic landscape is vital to navigating modern business and policy making complexities However the overwhelming amount of information makes comprehending the underlying theories and practices that drive these fields challenging *Global Economic Interconnectedness International Trade and Finance* provides a comprehensive analysis of the mechanisms of international trade and finance By unraveling the complexities of these relationships the book helps readers understand how economic policies are formulated how global markets are influenced and how individuals and nations are affected The book provides a solid foundation for engaging with these critical issues focusing on these fields historical evolution and current state *Building Sustainable Communities* Md. Nurul Momen,Rajendra Baikady,Cheng Sheng Li,M. Basavaraj,2020-11-12 The book aims to explore South Asian third sector the nonprofit organizations as provider of social services The book defines social welfare and describe its relationship to social service programmes and individual well being understands the social policy development from the problem identification to policy implementation describes the range of organization of social service agencies that are responsible for providing social welfare programmes explores the various roles that professional and non professional helpers provide in the delivery of social welfare and their influence in promoting change in policy development and understands the umbrella concept of Child welfare welfare of people with disability and elderly welfare in welfare policy **Narrow Fairways** Patrick

Inglis,2019-07-01 India remains a country mired in poverty with two thirds of its 1.3 billion people living on little more than a few dollars a day Just as telling the country's informal working population numbers nearly 500 million or approximately eighty percent of the entire labor force Despite these figures and the related structural disadvantages that imperil the lives of so many the Indian elite maintain that the poor need only work harder and they too can become rich The results of this ambitious ten year ethnography at exclusive golf clubs in Bangalore shatter such self serving illusions In *Narrow Fairways* Patrick Inglis combines participant observation interviews and archival research to show how social mobility among the poor lower caste golf caddies who carry the golf sets of wealthy upper caste members at these clubs is ultimately constrained and narrowed The book highlights how elites secure and extend class and caste privileges while also delivering a necessary rebuke to India's present development strategy which pays far too little attention to promoting quality healthcare education and other basic social services that would deliver real opportunities to the poor *An Anatomy of Tax Havens* Paul R.

Beckett,2023-10-24 Tax havens in offshore lands like Switzerland the Cayman Islands and the Bahamas were once considered a rarity the preserve of the super rich Today they are big business available to the masses Their goal To avoid any form of accountability Own nothing Possess everything Be answerable to no one Where are these tax havens What forms can they take What future lies in store for them and why should we care *An Anatomy of Tax Havens* Europe the Caribbean and the United States of America answers these questions and more in the first comparative study in one volume of European Caribbean and United States tax havens It examines their simple origin to the extreme forms some take today delving into the murky subculture that has deliberately made them impenetrably obscure Uniquely it combines detailed technical expertise regulatory regimes financial crime legal and equitable structuring with an analysis of their impact on domestic and global political economic environmental and social concerns *An Anatomy of Tax Havens* is a fascinating informative read for a broad readership from legal accountancy and tax practitioners to compliance regulators law enforcement agencies and students and researchers interested in business studies taxation and crime **Very Important People** Ashley

Mears,2021-08-31 A sociologist and former fashion model takes readers inside the elite global party circuit of models and bottles to reveal how beautiful young women are used to boost the status of men Million dollar birthday parties megayachts on the French Riviera and 40 000 bottles of champagne In today's New Gilded Age the world's moneyed classes have taken conspicuous consumption to new extremes In *Very Important People* sociologist author and former fashion model Ashley Mears takes readers inside the exclusive global nightclub and party circuit from New York City and the Hamptons to Miami and Saint Tropez to reveal the intricate economy of beauty status and money that lies behind these spectacular displays of wealth and leisure Mears spent eighteen months in this world of models and bottles to write this captivating sometimes funny sometimes heartbreaking narrative She describes how clubs and restaurants pay promoters to recruit beautiful young women to their venues in order to attract men and get them to spend huge sums in the ritual of bottle service These girls

enhance the status of the men and enrich club owners exchanging their bodily capital for as little as free drinks and a chance to party with men who are rich or aspire to be Though they are priceless assets in the party circuit these women are regarded as worthless as long term relationship prospects and their bodies are constantly assessed against men s money A story of extreme gender inequality in a seductive world Very Important People unveils troubling realities behind moneyed leisure in an age of record economic disparity

Combating Fiscal Fraud and Empowering Regulators Brigitte Unger, Lucia Rossel, Joras Ferwerda, 2021 Combating Fiscal Fraud and Empowering Regulators analyzes the impact of new international tax regulations on the scope and scale of tax evasion tax avoidance and money laundering

Harnessing Social Media as a Knowledge Management Tool Chugh, Ritesh, 2016-07-13 Knowledge is a valuable resource that must be managed well for any organization to thrive Proper knowledge management practices can improve business processes by creating value however the available tools meant to aid in the creation collection and storage of information have drastically changed since the emergence of social media By using this collaborative online application for engaging with information organizations are able to precisely disseminate knowledge to the correct audience Harnessing Social Media as a Knowledge Management Tool explores the usage of social media in managing knowledge from multiple dimensions highlighting the benefits opportunities and challenges that are encountered in using and implementing social media This publication endeavors to provide a thorough insight into the role of social media in knowledge management from both an organizational and individualistic perspective This book elucidates emerging strategies perfect for policy makers managers advertisers academics students and organizations who wish to effectively manage knowledge through social media

De Gruyter Handbook of Business Families Michael Carney, Marleen Dieleman, 2023-01-30 The management field increasingly recognizes that most firms in the world are family firms and that these entities operate differently from the non family firms on which most of our current management theories are based The De Gruyter Handbook of Business Families brings together work from leading academics who explore emerging research themes relevant to business families particularly drawing in new insights from adjacent disciplines that can advance the family business field The handbook challenges the traditional notion of the single firm single family that has characterized most early research on family business Recognizing that families may simultaneously own or control multiple businesses as well as substantial wealth beyond these firms in the form of financial and non financial assets this handbook focuses on business families rather than the narrower construct of family business The contributions in this handbook explore the relatively neglected dynamics between individuals with family ties that shape the interaction between family and business business families with multiple businesses how business families adopt formal rules and processes around their joint activities and the institutionalization of wealth and business families in society The De Gruyter Handbook of Business Families fills a gap in the family business research literature and is an essential reference work for researchers and graduate level students in the area of business families
