Why This Chapter Matters to You

In your *professional* life

ACCOUNTING You need to understand capital budgeting techniques to help determine the relevant cash flows associated with proposed capital expenditures.

INFORMATION SYSTEMS You need to understand capital budgeting techniques to design decision modules that help reduce the amount of work required to analyze proposed capital expenditures.

MANAGEMENT You need to understand capital budgeting techniques to correctly analyze the relevant cash flows of proposed projects and decide whether to accept or reject them.

MARKETING You need to understand capital budgeting techniques to grasp how proposals for new marketing programs, for new products, and for the expansion of existing product lines will be evaluated by the firm's decision makers.

OPERATIONS You need to understand capital budgeting techniques to know how proposals for the acquisition of new equipment and plants will be evaluated by the firm's decision makers.

In your *personal* life You can use the capital budgeting techniques used by financial managers to measure either the value of a given asset purchase or its compound rate of return. The IRR technique is widely applied in personal finance to measure both actual and forecast rate of returns on investment securities, real estate, credit card debt, consumer loans, and leases.
