Journal of Linguistics , 2009

The English Language S. S. Hussey, 1995 The correct use of English has been the subject of vigorous debate in recent years But what defines correctness in our use of language And how has this altered over time In this authoritative survey of the history of the English language the author examines how linguistic traditions have changed and developed over the centuries to produce the language that we are familiar with today Taking present day usage as its starting point the book uses a topic based approach to explore the historical development of vocabulary grammar syntax sounds and spellings thus providing both a firm sense of the structure of the language and an outline of its history

Throughout the book the author uses illustrative passages and examples to highlight the main themes and arguments. There are also exercises at the end of each chapter and a Linguistic Glossary of key terms with examples. From publisher's description: Language and Literary Structure: the Linguistic Analysis of Form in Verse and Narrative Nigel Fabb, 2002. How does a literary text get to have literary form and what is the relation between literary form and linguistic form? This theoretical study of linguistic structure in literature focuses on verse and narrative from a linguistic perspective. Nigel Fabb provides a simple and realistic linguistic explanation of poetic form in English from 1500-1900, drawing on the English and American verse and oral narrative tradition as well as contemporary criticism. In recent years literary theory has paid relatively little attention to form; this book argues that form is interesting. Fabb offers a new linguistic approach to how metre and rhythm work in poetry based on pragmatic theory and provides a pragmatic explanation of formal ambiguity and indeterminacy and their aesthetic effects. He also uses linguistics to examine the experience of poetry. Language and Literary Structure will be welcomed by students and researchers in linguistics, literary theory and stylistics. **American Book Publishing Record**, 1995. *The British National Bibliography* Arthur James Wells, 2006. **Linguistics**, 1994.

Symbolism Florian Klaefer, Klaus Stierstorfer, Marlena Tronicke, 2022-10-03. Special Focus Omission edited by Patrick Gill. Throughout literary history and in many cultures we encounter an astute use of conspicuous absences to conjure an imagined reality into a recipient's mind. The term omission as used in the present study then demarcates a common artistic phenomenon: a silence, blank or absence introduced against the recipient's generic or experiential expectations but which nonetheless frequently encapsulates the tenor of the work as a whole. Such omissions can be employed for their affective potential when emotions represented or evoked by the text are deemed to be beyond words. They can be employed to raise epistemological questions as when an omission marks the limits of what can be known. Ethical questions can also be approached by means of omissions as when a character's voice is omitted for instance. Finally, omission always carries within it the potential to reflect on the media and genres on which it is brought to bear as its efficacy depends on the recipient's generic expectations. Omission is frequently characterized by a high degree of meta-discursiveness. This volume investigates the various strategies with which the phenomenon of omission is employed across a range of textual forms and in different cultures to conclusively argue for its status as a highly effective and near-universal form of artistic signification. **THE WAYS OF THE WORD** GÓMEZ LARA, MANUEL J., PRIETO PABLOS, JUAN A., 2017-09-18. *The Ways of the Word* es un libro de apoyo a la enseñanza y aprendizaje del comentario de textos en inglés para estudiantes universitarios. En la primera parte se exponen los procedimientos de lectura y comprensión textual. La segunda y tercera se centran en técnicas de análisis lingüístico y de discurso respectivamente, organizadas de modo que cada nivel sirva de apoyo en la progresión hacia el siguiente. Se ofrece así un extenso sistema de recursos para el análisis de todo tipo de textos literarios en inglés. Word, 2002. *CCCC Bibliography of Composition and Rhetoric* 1994. Gail E. Hawisher, Cynthia L. Selfe, 1996-09. This volume lists and annotates

more than two thousand articles books dissertations and papers that with few exceptions appeared in 1994 It includes an index of authors and editors a subject index and entries cross referenced according to subject matter The 1994 Bibliography looks dramatically different from the Bibliography Erika Lindemann founded more than ten years ago Many more titles now relate to fields not represented in early editions Although composition and rhetoric has always borrowed methods of investigation from other disciplines areas such as critical theory science studies feminist theory technology studies and postmodern theory were much less a part of the discipline a decade ago These fields are well represented this year This volume like the 1993 Bibliography also differs from early editions in that it contains a section on electronic discussion groups or listservs including information on how readers may join the various groups Yet the mission and goals of the Bibliography remain the same to ensure that it is sufficiently comprehensive that it can continue to function as a major bibliographical resource available to scholars and teachers in rhetoric composition communication and literary education As usual the CCCC Bibliography of Composition and Rhetoric draws on a large group of experts in the field Annotations which accompany every entry in this volume describe a publication s contents and are intended to help users determine the entry s usefulness Annotations are brief and are meant to be descriptive not evaluative they explain what an entry is about but leave readers free to judge for themselves the work s merits The CCCC Bibliography of Composition and Rhetoric remains a critical bibliographical resource one that reflects and respects the variety of scholarship in composition studies and that exerts a constructive productive influence on the composition and rhetoric community
