This vivid inside story of WeWork and its CEO tells the remarkable saga of one of the most audacious and improbable rises and falls in American business history. Ken Auletta christened a potential savior of Silicon Valley's startup culture. Adam Neumann was set to take WeWork, his office share company disrupting the commercial real estate market, public cash out on the company's forty-seven billion dollar valuation and break the string of major startups unable to deliver to shareholders. But as employees knew and investors soon found out, WeWork's capital was built on promises that the company was more than a real estate purveyor; that in fact, it was a transformational technology company. Veteran journalist Reeves Wiedeman dives deep into WeWork and its CEO's astronomical rise from the marijuana and tequila-filled board rooms to cult-like company summer camps and consciousness-raising with Anthony Kiedis. *Billion Dollar Loser* is a character-driven business narrative that captures through the fascinating psyche of a billionaire founder and his wife and co-founder the slippery state of global capitalism.
