Sindh Police :

Police in Pakistan Saima Manzoor, Akif Manzoor, Engr.Asif Manzoor,2014-06-21 The second edition with the addition of permanent values to eradicate crime from the society has made it more thought provoking at the face of sectarianism extremism intolerance terrorism and corruption it is revolutionary opening new vistas and bold horizons of intellectual endeavors The book is thus a unique attempt at the rediscovery of maintaining Law Order for permanent values scholarly written and exquisitely presented A Gazetteer of the Province of Sindh ,1874 Insecure Guardians Zoha Waseem,2022-08-19 The police force is one of the most distrusted institutions in Pakistan notorious for its corruption and brutality In both colonial and postcolonial contexts directives to confront security threats have empowered law enforcement agents while the lack of adequate reform has upheld institutional weaknesses This exploration of policing in Karachi Pakistan s largest city and financial capital reveals many colonial continuities Both civilian and military regimes continue to ensure the suppression of the policed via this institution itself established to militarily subjugate and exploit in the interests of the ruling class However contemporary policing practice is not a simple product of its colonial heritage it has also evolved to confront new challenges and political realities Based on extensive fieldwork and around 200 interviews this ethnographic study reveals a distinctly postcolonial condition of policing Mutually reinforcing phenomena of militarisation and informality have been exacerbated by an insecure state that routinely conflates combatting crime maintaining public order and ensuring national security This is evident not only in spectacular displays of violence and malpractice but also in police officers routine work Caught in the middle of the country s armed conflicts their encounters with both state and society are a story of insecurity and uncertainty **The Real Stories behind Honour Killing** Shahnaz Shoro,2019-03-01 Honour killing as it is widely understood is the cold blooded murder of a woman or a man involved with her by the male members of her household in order to cleanse the reputation of the family clan community or tribe This violent tradition in the name of religion custom and culture continues to be carried out in a significantly large part of the world The majority of people still believe that honour killings happen for reasons such as marriage from choice or a love affair of a kinswoman rape a demand for divorce from a woman or the birth of a female child all of which are perceived as bringing shame on the family However current research on honour killing suggests that there are a number of intriguing and very cleverly knitted plots of jealousy greed violence and murder which show that in the name of honour various other purposes are being served and people are killed in ways which give the impression that they are honour killings By collecting data from people involved in such situations this book opens a Pandora s box showing that such killings are carried out not to assuage the hurt honour of a patriarchal society but to serve a variety of malign intentions goals and agendas It will serve to let the world comprehend the phenomenon of honour related violence where culture and crime unite under the umbrella of highly discriminating laws against women This book consists of twenty six testimonies from those involved in honour killings bringing together interviews with killers

victims and the falsely accused *Narrative of a Residence at the Court of Meer Ali Moorad* Edward Archer Langley, 1860

Pakistan at the Crossroads Christophe Jaffrelot, 2016-04-12 In Pakistan at the Crossroads top international scholars assess Pakistan's politics and economics and the challenges faced by its civil and military leaders domestically and diplomatically Contributors examine the state's handling of internal threats tensions between civilians and the military strategies of political parties police and law enforcement reform trends in judicial activism the rise of border conflicts economic challenges financial entanglements with foreign powers and diplomatic relations with India China Iran Saudi Arabia Afghanistan and the United States In addition to ethnic strife in Baluchistan and Karachi terrorist violence in Pakistan in response to the American led military intervention in Afghanistan and in the Federally Administered Tribal Areas by means of drones as well as to Pakistani army operations in the Pashtun area has reached an unprecedented level There is a growing consensus among state leaders that the nation's main security threats may come not

from India but from its spiraling internal conflicts though this realization may not sufficiently dissuade the Pakistani army from targeting the country's largest neighbor. This volume is therefore critical to grasping the sophisticated interplay of internal and external forces complicating the country's recent trajectory. Progressive Laws in Patriarchal Societies Sara Malkani, 2025-07-10 Over the last two decades Pakistan has seen major legislative changes in the area of gender based violence. This book explores the impact and ongoing influence of these changes. A frequent refrain in political and social commentary in Pakistan is that these laws while transformative on paper have not translated to actual change in the lives of women and girls because of poor implementation. Through analysis of court cases, data on criminal proceedings and interviews with activists and survivors, this book demonstrates how the impact of progressive laws is influenced by entrenched social norms and structural flaws in state institutions, especially the criminal justice system. Sara Malkani sheds light on limitations of the formal justice system while showing how law reform can create openings for activists to pursue gender justice.
