The Secrets of Chinese Esoteric Arts Revealed! Vitor L. Dy, 2001 **The Bodhisattva Warriors** Terence Dukes, 2000

This unique study of the genesis and development of the earliest form of Buddhist self defense practiced by Chuan Fa monks and mystics shows both the philosophical and physical basis of the skills developed and passed on to subsequent generations. This book seeks to reunite these concepts. Its teaching draws equally on the practices of North Chinese Chuan Movement Meditation Traditions and on the South Chinese Esoteric Mi Chiao School both secret traditions rarely revealed to the general public. The material is presented so readers can understand that what we think of as a competitive sport is really a meditation mandala in action. Extensive appendices list the main Chinese dynasties, a chronology of Buddhist Sutras, a chronological record of scriptures, teachers, events during 1000 years of Indian and Chinese Buddhism, and translations of Bodhidharma's texts including *The Six Gates Entering the Buddha's Path* and the treatise upon the Bloodline Teaching of True Dharma.

Complete Book of Chinese Medicine Kiew Kit, Wong, The Complete Book of Chinese Medicine is the result of years of research and study by a world renowned Shaolin Grandmaster Sifu Wong Kiew Kit who has an excellent track record in curing many so called incurable diseases like cancer, cardiovascular diseases, diabetes, sexual inadequacy, kidney failure, rheumatism, and asthma using chi kung therapy. The aim of this exciting book is to introduce the wonderful and unique concept behind Chinese medicine. Sifu Wong's command of both the Chinese and English languages has made this book possible as meanings are often lost or misinterpreted during translation. Thus this book will be indispensable to everyone with an interest in Chinese medicine and to those who find that Western medicine does not have all the answers after all. The book includes the history, development, and the main features of Chinese medicine. Strategies and tactics when diagnosing and treating patients. How modern societies including Western medical doctors and research scientists can benefit from a deeper and holistic understanding of Chinese medicine. Case studies.

Secrecy in Japanese Arts: "Secret Transmission" as a Mode of Knowledge M. Morinaga, 2005-05-05 Exploring the Japanese tradition of hidden or the secret transmission of knowledge within a closed and often hereditary group, the author investigates how esoteric practices function, how people make meaning of their practices, and how this form of esotericism survived into the modern age. These questions are examined through the use of esoteric texts from the 15th to 18th centuries and theatrical treatises from the late 19th century onwards.

Secrets of Ancient Tibet, 6,000 B.C. M.G. Hawking, 2025-09-16 Explore Ancient Tibet and its Profound Secret Knowledge. The civilization of very ancient Tibet, the lost kingdom of Zhang Zhung and its legendary tradition of sorcery and true magic, is among the least known and most irritatingly mysterious obscurities of history. Very little of its past has been deciphered, and orthodox scholarship stands before Zhang Zhung in deeper darkness today than that which shrouded the Egypt of the Pharaohs before Champollion.

Archaeologists debate what the ancient civilization on the Qinghai Tibet Plateau actually was when it came and whence it came Doubtless many chapters of Tibet s ancient history will lie forever silent under her remote and desolate soil yet extant traditions exist and have been too readily set aside academic pundits love to brand as mythical the accounts which have endured the millennia and which mischievously persist The study of antiquity is properly accounted worthless except as it may be made living knowledge which illuminates and enriches our contemporary life Owing to a remarkable series of events in an isolated region of the Himalayas I encountered an extraordinary group of people and through those encounters was privileged to learn that much of the secret knowledge of the ancient Zhang Zhung culture has not only been preserved it is powerful richly illuminating and utilized to this day As the reader will discover these shrouded secrets formulate the explorations in this book As one of their most illuminating concepts those traditions relate that there is a group of esoteric teachings the Four Portals which set forth the true nature of physical reality and techniques of powerful elemental magic or sorcery The first traces of the teachings are thought to have appeared as part of the lore of the pre Tibetan Zhang Zhung culture that arose in Tibet several thousand years ago but may have originated far earlier Being a forbidden body of knowledge said to convey enormous powers the teachings disappear from the historical record for countless centuries not to reemerge until the 7th century A D in the arcane scriptures of the ancient pre Buddhist Bon religion According to those ancient traditions the teachings of the Four Portals were formulated by the earliest known Buddha like master Tonpa Shenrab Miwoche The Bon traditions relate this historic event as occurring as early as 18 000 to 16 000 B C Although still shrouded in mystery our most recent research indicates that the extant evidence places the earliest date of the Zhang Zhung culture at about 6 000 B C although the date of 18 000 to 16 000 B C may indicate the existence of a true Zhang Zhung or pre Zhang Zhung culture existing prior to the Younger Dryas Boundary cataclysmic event that effectively erased early civilizations from the historical record Much like our most recent historical Buddha Shenrab renounced his life as a prince of the royal family to become a monk Over a period of many years the traditions relate he gained access to secret knowledge that had been imparted recorded and hidden away some two thousand years earlier by an entity known as Gekhoe With this knowledge Shenrab achieved enlightenment and otherworldly powers then later composed a comprehensive body of teachings to instruct qualified seekers on the means and techniques of attaining the most elevated wisdom and power Transcribed from explorer Hawking s five years in Nepal and Tibet this book reveals the profound secret knowledge of this long forgotten realm and its extraordinary secrets of sorcery and magic An incomparable read for anyone interested in occult and paranormal studies For more information please see the read sample feature Thank you [The Secret World](#)
