What do I need to know by the end of Section 1?

- How did the Enlightenment-period thinkers influence America's leaders during the founding period and the founding documents they wrote?

John Locke is most influential. He brought natural rights to table (life, liberty, property). Denied right of kings, defined what it is to be a human, and specified proper structure of civil liberties

- What was the Articles of Confederation and why did it fail?

It was the US's first constitution. The Articles established a weak central government and placed most powers in the hands of the states. Under the Articles, the US economy faltered since the central government lacked the power to enforce tax laws or regulate commerce.

- What major compromises took place at the Constitutional Convention?

Slave compromises, gov compromises
