Security Analysis Book In Hindi:

Security Analysis and Portfolio Management: Ranganatham, 2011 The revised and enlarged second edition of Security Analysis and Portfolio Management provides a more comprehensive coverage of concepts. It has been expanded to strengthen the conceptual foundation and incorporates the latest research and up to date thinking in all the chapters. This edition contains completely new chapters on portfolio risk analysis, portfolio building process, mutual fund management, portfolio performance evaluations and hedging portfolio risk. These have been included. The volume also contains an Indian perspective that has been presented through cases and examples to help students from Indian business schools relate to the concepts discussed. Each chapter begins with a feature called The Situation in which managers in a fictitious company must make certain key decisions in the derivatives market.
