Seven Seconds Or Less:

Seven Seconds Or Less Jack McCallum, 2007-05 Sports Illustrated's chief NBA writer Jack McCallum only planned to spend the preseason with the Phoenix Suns as an assistant coach and then write a story about his experiences. Instead, he stayed on with the Suns throughout their exciting and controversial 2005-2006 season. Gaining access to everything from locker room chats with superstar point guard Steve Nash to coaches' meetings with maverick coach Mike D'Antoni, McCallum learned what makes this wildly popular, innovative and international assemblage of talented players and brilliant coaches tick, making *Seven Seconds or Less* an all-access look at one of the greatest shows in sports. **Seven Seconds or Less** Helen L. Stewart, 2013-09-12

Seven Seconds or Less is a book about applied intuition for mergers and partnerships, human resource management, new product development and other important aspects of business. Companies and leaders have relied on intuition or gut feeling since the beginning of time. The proper use of intuition is a liberal art, not an occult one. This book demystifies the process of learning to use intuition on demand in the world of business. Through the use of intuitive techniques and qualified professionals, companies can have the benefit of hindsight now. They can find out in advance how actual or potential decisions play out in the future and adjust those decisions to avoid undesirable outcomes while increasing desirable ones. The result is greater productivity, higher morale, lower costs and better service. The techniques are lighthearted and fun, and yet the implications are significant. Decision making in seven seconds or less may signal a new era in business development. **How to be a Presentation God** Scott Schwertly, 2011-01-19
