Education World ,2006 My Teaching Days Raghavendra Prabhu, N A **Financial Management** Dr. Meenakshi Rathi,Jyothi Acharya,Sumalatha P J,Prathibha S Bhat,2023-01-04 Management processes like financial management are focused with the allocation and monitoring of capital It was in the 20th century that the field of finance management emerged as its own academic discipline Its previous use was in the field of economics Its fundamental breadth as a field of study has evolved throughout the years When it first emerged financial management s primary focus was on securing capital for companies However from a contemporary perspective it is not only the gathering of money but also their effective use that constitute the fundamental tasks of the financial management In the modern day a company s financial issues are analyzed by the financial management

department The term financial management is used to describe the process of overseeing a company's finances Funding managing working capital budgeting for capital expenditures and planning the organizational capital structure are all part of the finance department's responsibilities As part of this process the company's monetary assets must be managed and controlled Further it provides the basis for future decisions on growth diversification partnership and consolidation plans Management of the finance department is what we mean when we talk about financial management Finance is the study and practise of directing organizing and managing a business's money operations
